Hill-Side Ditches and Level Rows. From the Carolina Farmer.

MECKLENBURG, N. C., Aug. 27, 1869. Messrs. Editors :- You invite and urge farmers to write for the Farmer. Old as I am (nearly 63), I have written very little for the public could not hope to be heard or effect anything on about forty years - not a careless, unthinking one, son Robinson place, and lately occupied by S. I have made slow progress-an up-hill businessmyself; yet I believe I have learned one imporlant thing, which I have not seen discussed or even mentioned in either the Farmer or the Cul- City. ivator, for eight months, by any of the many able writers in them, except one article, and that

very slightly, as if the matter was not very

I think I have learned in these forty years, by studying, reasoning, experimenting, by close observation and by actual trial, that the first thing for a farmer to do, and a thing in which he can succeed to all the perfection attainable in the fallen condition of man and the cursed state of the earth, is to prevent his land from washing away; and this he can do by hill-side ditches, painted throughout, and always commands a large level rows, or plowing on a level, deep plowing patronage and grass crops. I have tried it for twenty or twenty-five years, and have succeeded to my entire satisfaction. Wherever I perfected the plan and kept it up, the land is improving without manure. Nothing used but rotation of crops deep plowing, peas and turning under grasses, &c.

Soon after I began farming I saw this was the COTTON TAX CLAIMS .- The Macon (Ga.,) one-thing needful-the first thing to be done. Telegraph has seen a circular from Washington That it was almost useless to manure, or improve which states that it is now certain that the entire land in any way, and let it wash away; that the Supreme Bench, with one exception, are of the right way to do anything was to begin at the and will have to be refunded. A case is to be that is, that the first thing to be done was to made in court next December, and no doubt is sustain the land, or keep it from washing away, felt about the ultimate result. It is further said and then apply manure and use all means to imthat a company is being organized in New York prove the land; for if kept from washing away The Atlantic cable announces that this cele- with a capital of five or ten millions to buy up nature would restore herself and keep productive worn out, washed into gullies and thrown out, and dangerous for stock to range on. And look a little closer and see the efforts of old abused mother carth-abused and maltreated by her THE NEXT SESSION OF CONGRESS .- The careless, indolent, cruel and ungrateful children, which they abundantly supported themselves, Which was bought for Cash, and before the Advance, are torn and wasted by a carcless and criminal winter. I say, see her efforts to restore herself

Messrs. Editors, if this article should, perchance, awaken the sympathy of any child of our kind old mother, or a concern for any farmer for himself and children, or any concern for the interest of his State or posterity, and wish to know the modus operandi, or any particulars of the different Legislatures with might and main this plan of keeping lands from washing, and say so, and state the points of information desired in the Farmer, I will try to answer them and give my knowledge on the subject.

In conclusion I would beg that none of your readers will do me as some of my neighbors did years ago, in the beginning of my ditching and Dispatch thinks Virginia might "go farther and level plowing; that is, curse me for an old fool fare worse," but does not think Greeley would and sinner, because I was trying, as they said, to prevent the water from running where the Almighty decreed it to run. Should there be any such I would suggest that they pray for the sinner rather than curse him. And if any would rather see the system practiced than the city. preached they can see it eight miles South of Charlotte, N. C.

WRIGHT, LEE & CO.,

General Shipping & Commission Merchants, No. 14 Rvanoke Square, Norfolk, Va., Give special attention to the sale or purchase of Cotton, Tobacco, Staves, Grain, Flour, Bacon, Peanuts, Peas, Provisions, and Country Produce gen-JOHN H. WRIGHT, JAMES W. LEE,

late of Nansemond co. late of Petersburg, Va. State of North Carolina, Union county. John N. Davis vs. Benjamin J. Cureton, Charlotte R

Cureton and T. K. Cureton. It appearing to me, upon the affidavit of J. J Hastey, Sheriff of Union county, that service of the summons cannot be made upon the defendants, B. J. Cureton and Charlotte R. Cureton, above named, and it further appearing, upon the affidavit of the plaintiff, that the said defendants, B J and C. R. Cureton, are non-residents of the State of North Carolina, and that a cause of action exists against them, it is ordered that publication be made for six weeks in the Western Democrat; a newspaper published in C. DOWD, Trustee. the City of Charlotte, requiring the said defendants to appear before me, at my office in the Town of Monroe in the county of Union, on the 18th day of November, 1869, and answer the complaint filed. It is further ordered that the defendants, Benjamin J. Cureton, T. K. Cureton and Charlotte R. Cureton, Executors and Executrix, show cause at said time and on said day, why they should not give a new bond or further security, as Executors and Executrix of the last will and testament of William J. Cureton, deceased, as required by law

G W. FLOW. Probate Judge for Union county.

Ayer's Cathartic Pills, For all the purposes of a Laxative Medicine.

Perhaps no one medicine is so universally required by everybody as a cathartic, nor was eyer any before so universally adopted into use, in every country and among all classes, as this mild but officient purgative Pill. The

effectual remedy than any other. Those who have tried it, know that cured them; those who have not, know that it cures their neighbors and friends, and all know that what it does once it does alwaysthat it never fails through any fault or neglect of its composition. We have thousands upon thousands of certificates of their remarkable cures of the following complaints, but such cures are known in ever neighborhood, and we need not publish them. Adapted to all ages and conditions in all climates; containing neither calomel or any deleterious drug, they may be taken with safety by anybody. Their sugar coating preserves them ever fresh and makes them pleasant to take, while being purely vegetable no harm can arise from their use in any quantity.

They operate by their powerful influence on the

internal viscera to purify the blood and stimulate it into healthy action-remove the obstruction of the stomach, bowels, liver, and other organs of the body, restoring their irregular action to health, and by correcting, wherever they exist, such derangements as are the first origin of disease. Minute directions are given in the wrapper on the

box, for the following complaints, which these l'ills rapidly cure:

For Dyspepsia or Indigestion, Listlessnesss, Langnor and Loss of Appetite, they should be taken moderately to stimulate the stomach and restore its healthy tone and action.

For Liver Complaint and its various symptoms, Bilious Headache, Sick Headache, Jaundice or Green Siekness, Bilious Colic and Bilious Fevers, they should be judiciously taken for each case, to correct the diseased action or remove the obstructions which

For Dysentery or Diarrhoea, but one mild dose is generally reqired.

For Rheumatism, Gout, Gravel, Palpitation of the Heart, Pain in the Side, Back and Loins, they should be continuously taken, as required, to change the

diseased action of the system. With such change those complaints disappear.

For Dropsy and Dropsical Swellings they should be taken in large and frequent doses to produce the

effect of a drastic purge.

For Suppression a large dose should be taken as it produces the desired effect by sympathy.

As a Dinner Pill, take one or two Pills to promote

digestion and releive the stomach. Sold by F. SCARR and J. H. McADEN, Charlotte, and by all Druggists and dealers in medicines every Sept. 27, 1869.
