VALUE OF A MINUTE. - A small vessel was nearing the shores of the Bristol Channel in a storm, and was in imminent danger of being dashed upon the rocks. Every one seemed to have lost all hope and expected every moment that the ship would strike and founder. The captain stood on deck, his watch in his hand, and his eye fixed on it. Suddenly he cried out. as he glanced across the water, "Thank God, we are saved—the tide has turned; in one minute more we should have been on the rocks!" Both captain and crew

# A Mother's Love.

Some day, When others braid your thick brown hair, And drape your form in silk and lace, When others call you "dear" and "fair," And hold your hands and kiss your face, You'll not forget that far above All other is a mother's love.

Some day, 'Mong strangers in far distant lands, In your new home beyond the sea, When at your lips are baby hands, And children playing at your knee-O then, as at your side they grow, How I have loved you, you will know!

Some day, When you must feel love's heavy loss, You will remember other years. When I, too, bent beneath the cross, And mix my memory with thy tears, In such dark hours be not afraid: Within their shadow I have prayed.

Some day, Your daughter's voice, or smile, or eyes My face will suddenly recall; Then you will smile in sweet surprise, And your soul unto mine will call In that dear unforgotten prayer, Which we at evening used to share.

Some day, A flower, a song, a word may be A link between us strong and sweet; Ah, then, dear child, remember me! And let your heart to "mother" beat. My love is with you everywhere-You cannot get beyond my prayer.

Some day, At longest it cannot be long, I shall with glad impatience wait, Amid the glory and the song, For you before the Golden Gate After earth's parting and earth's pain, Never to part! Never again!

An Important Point of Law in Regard to

Real Estate Sales.

It will be seen from the extract that we quote below from the Washington Star of August 24th that Judge Mackey raises a point of law in regard to real estate sales that is well worth looking into in this State also. The practice here has been as in Washington to advertise ten days before the sale, but not for ten days consecutively. It seems to be clear that the provisions of the law in regard to the advertisement of sales is to give the same continuous publicity for at least ten days, so that the general public may be fully ad-

vertised of the fact: A bill in equity was filed to-day by T J. Mackey, Esq., as solicitor for Mrs. M. Brown, to set aside the sale of her house and lot, No. 1310 N street Northwest. which was sold on the 30th of June of the present year, under a deed of trust given to the Freedman's Savings and Trust Company. It is alleged in the bill that such sale was made without compliance with an express condition of the trust deed, which provides that the premises shall be sold 'after the last ten days notice of the time, place and terms of sale by advertisement in one or more newspapers printed and published in the city of Washington,' whereas the sale was made after advertiseing for only four days. It is contracted in the bill that the true meaning and intent of the clause of the trust deed onted are that the property should be advertised for ten days. The point is a new one in the Courts of this District, and as the press dispatches the following table of people killed is made up: appearing on two or three different days, as a compliance with such a requirement in a deed of trust, if this sale should be set aside on the ground stated, it will doubtless lead to a multiplicity of suits to set aside other sales. Judge Hegner has granted an injunction to restrain the purchaser, Mr W. B. Moses, from disposses-
