Democratic Economy.

We find the following clear and able suggestions on the subject of public expenditures, in the Raleigh Register:

"The Democrats of North Carolina have reduced expenditures and taxes more than one-half. And yet by a wise administration of the sums collected, they have had money to spare to build white and colored asylums at Morganton, Goldsboro and Raleigh; to help the Western Railroad as long as it needed help to contribute to the until that too no longer needs State sid to secure its completion; to pay the interest on the public debt; in short, to restore a ruined State to a condition of prosperity unexampled in its history. It is a good thing to reduce the people's

taxes and to diminish the public expenditures when it can be done without damage matter for the people to consider, and which sensible people do consider, is not how much has been spent, but how it has been spent, and whether more has been spent than was necessary to the protection and advancement of the public interests. He who employs a man and pays him one thousand dollars a year to run his plantation, and at the end of the term of service finds that there are no crop returns, that his lands have been allowed to go to gulley, that his fences are down, his stock unfit for service, and his barns and outhouses gone to rack and ruin, is not likely to re-employ that man after finding that a successor makes good crops, keep the lands in trim, the stocks in good working order and the buildings in good repair, even if outlay to secure these profitable results were as great or even greater than that brought his farm to the verge of irreparable ruin

St. John's Fair, Cabarrus County.

The third Exhibition of the St. John's Agricultural and Mechanical Fair Association, was held on Wednesday and Thursday of last week. At an early hour the visitors began to arrive, and by ten o'clock the enclosure was filled with citizers of the surrounding country. At 12 o'clock the pheaton containing the orator of the day, Fab. H. Busbee, Esq., of Raleigh, accompainted by Mrs. and Miss Dusenberry and Col. Means, drove into the enclosure, under the escort of the Marshals of the Exhibition and the Mt. Pleasant brass band. At the close of the speaking, the ladies spread the tables with the most tempting provisions, and every one was invited to eat, which invitation was eagerly accepted and heartily enjoyed.

After dinner the stock on exhibition was displayed on the track. It was very fine and elicited high praise from all who saw it. The stock was not marked with the owners name, so we could not tell who owned it, but we will publish the premium list next week, when we can tell who the exhibitors were and who took premiums.
