$50 REWARD!

RANAWAY from the Subscriber some time in July last, two lively negro boys, Tarleton and Jerry; the former about 25 years of age, five feet six inches high, stout built, having a scar on his left cheek from a burn, and one of his thumbs off. Jerry is about 25 years of age, five feet ten inches high, having a scar obliquely across the right wrist.

The above reward will be given to any person who will apprehend said boys, and safely secure them so that they may be delivered to me in Charlotte; or TWENTY FIVE DOLLARS for the securing of either one of them as above described. They ran away from the Rail Road near Fort Mills in South Carolina, and are supposed to have made their way back to Fallow Hill county, N. C., where they have wives and from whence they were brought. Prof. Morgan's Female Seminary.

The eighth year will open on the 1st of September—an undivided term of Ten months—the whole expense in any of the Collegiate classes is $120 for the year—$60 for half the term of Five months, and the ornamental branches at equally moderate prices.

The examination developed to a very high degree the advantages of the plan which Professor Morgan has long practiced. It was manifest to every observer that the young Ladies of the graduating class were of a high order of mind well instructed—their polish of manners, and excellent thoroughness in the several studies, including the Scriptures—their command of language and freedom in composition, and the evident skill and taste in the ornamental branches, could not but be the result of a well devised system, rigidly pursued and successfully applied.

DEAFNESS AND EAR DISEASES RADICALLY CURED.

DR. LE BRUN, after an almost unbroken practice of thirteen years in the city of Philadelphia, the incidents of which have been extensively published in nearly a thousand medical journals and treatises, has received the endorsement of the most eminent Ear and Aural Surgeons of Europe, as the only one who has ever cured the Deaf and Dumb. Dr. Le Brun's treatment is entirely new, and is based upon principles which have been established by the most profound researches into the anatomy and physiology of the ear, and which have been confirmed by the experience of the most eminent Aurists of the age
