Standard learns that the old Board of Directors and the old officers were unanimously re-appointed. A committee, consisting of Hon. Thos. Settle, Gov. Swain, and Geo. W. Mordecai, Esq., was appointed to assign respectfully to the ensuing Legislature the reasons why the Stockholders decline to accept the charter tendered them at the last session of that body.

SOUTHERN METHODIST CHURCH IN ENGLAND.—Rev. John E. Edwards, of Richmond, Va., now in London, writes: It may not be out of place just here, to say that the Methodist Episcopal Church, South, in the United States, is scarcely recognized by the Wesleyan Methodists of this country. Personally, I have received the most polite and courteous attentions from the ministers to whom I had letters of introduction; but I have not been invited to preach in any of their chapels? Our church is regarded, to say the least, as a pro-slavery church, and the methodists of this country will not tolerate any such body as a part of the Wesleyan family. They are quite as decided in their opposition to us as are our good New England Methodist brothers at home.

Obituary.

Died, at her residence in this county, on the 9th inst., Mrs. MARGARET READ, relict of the late Joseph Read, in the 65th year of her age.

The deceased was universally acknowledged by the members of her family and all her neighbors to be an exemplary, industrious and hospitable lady; and it is to be hoped that, though her closing of the spectacle of death was exceedingly sad, she was prepared to depart in peace and rest the sole hope of God. It was truly an affecting scene to witness the bereaved daughters and little ones taking a last and solemn view of the remains of their beloved and affectionate mother. The only source of consolation in such instances from trance is to be found in the rapid and benevolence of the divine government—and in such reflection that our loss is her everlasting gain.—Communicated.

Died, at her residence, in this county, on the 16th inst., Mrs. ELIZA McKEE, the relict of the late Matthew McKee, Esq., in the 68th year of her age.

Deceased was for many years a consistent and highly esteemed member of the Presbyterian Church at Poplar Tent. She was distinguished for her piety of an elevated order and was in many points for the advancement of evangelical principles and the highest interests of mankind. During an illness of six weeks' continuance she was uniformly calm and resigned to the divine will; and retaining her reason and intelligence to the last she expressed her acquiescence in the change which awaited her. Were we to form a judgment merely from her own observations in reference to her state, we should probably not have prospects of future blessedness more bright and cheering; but as the best of these encouraging views were abundantly confirmed by the unbroken tenor of a long, quiet, consistent and useful life as a mother, friend, citizen, and mother. Her kind and assiduous attentions to the unfortunate and distressed, especially to her afflicted brother, who was an inmate of her family, will not soon be forgotten by sympathizers and connexions. She is now a shining among the redeemed and glorified above, and is reaping the rewards of virtue as an earnest, active and devoted Christian. Such reflections are adapted to reconcile relatives and friends to their bereavement, allay their grief and to excite them to imitate her example in faith and good works; so that we, too, may form a part of that happy throng and shall behold Jesus "as He is," and forever approximating his image and character.—S. MESSRS. FLEMING BROS.,

Dear Sirs: I have used DR. M'LANE'S CELEBRATED VERMIFUGE, prepared by you, in my family, and I do think it the best preparation now in use for expelling worms from the human system. My neighbors have also used it with the same success. You are at liberty to use this as you see fit.

Yours, &c.,

MR. U. F. HEWITT, a Graduate of the Government Training Institution, (England) begs to announce to the citizens of Charlotte, and its vicinity, that he intends to establish himself amongst them to give instruction to youth in the various branches of learning generally taught in the High Schools of this country.

His first great object will be to impart to those placed under his care and tuition a thorough knowledge of an English education; and then to carry them forward to the Classics and Mathematics.

Mr. U. F. H. trusts by a careful culture of the minds of his pupils, together with a strict attention to their morals and habits, that he will secure for himself both a liberal support and the respect and esteem of his patrons.

The Rev. H. H. Hewitt will also devote as much of his time and attention to the superintendence and general conduct of the School as the duties of his ministerial office will allow.

It is expressly to be understood, however, that no course of religious instruction will be adopted peculiar either to one branch of the Church or another.

The subjects taught will embrace the following branches or the following terms:

The Secondary Department, including the more advanced English Studies, $15 per session.

Important to Mill Owners.

Willis's Patent Turbine Waer Wheel.

THIS is one of the best Water Wheels ever offered to the Milling public. It can take the place of any other wheel, and perform the same amount of work, with much less water, and equalize a perfect Overshot wheel, with the same amount of water, under the same fall while the expense of gearing, required to get up a rapid motion, will not be greater, than half that required for the Gearing of Breast Wheels. It is simple in construction and not easily got out of repair and will work to greater advantage under back water than any wheel in use.

The subscriber having procured the exclusive right to make and vend those wheels or to sell single rights or counties in the counties of Mecklenburg, Union, Cabarrus, Iredell, Catawba, Rowan, Davie, Davidson, Guilford, Forsyth, Stokes, Alamance, Orange, Iredell, Yadkin, Wake, Chatham and Randolph, in this State, and being a practical Millwright and Engineer, will be pleased to furnish information or drawings to all who may favor me with their orders; and the work will be got out under my own supervision and direction.

I am also prepared to furnish Steam Engine and Mill Gear
