IMPORTANT FROM UTAH!—Mr. Power, a passenger by the *Northern Light*, from California, says he had a conversation in Utah with one of the Mormon soldiers, an Englishman. He referred in bitter terms to the treatment the Mormons had received in Illinois and Missouri, redected on the injustice and tyranny of the people of the United States, and said that the time was come to govern. He said they were on there way to meet Gen. Harney, to see what he was coming for. "If he was coming peaceably we will let him come, but if not, we will drive him back," were the words used.—Another Mormon, named Killion, an old man who lives about seven miles from Salt Lake City, spoke bitterly against the United States, denounced Judge Drummond and all the federal officers, and rejoiced that the time had come when the Saints would be repaid on their enemies—that men were found who could face the enemy, and that Gen. Harney, with his 2,500 men, never would reach Salt Lake City. He also stated that Governor Brigham Young had ordered the people to prepare for war; that they should not sell emigrants anything; that they must keep up provisions; that the men and women must not dress up in store clothes any more; that all must be saved to forward the cause of the church against the common enemy—that the men must be content with buckskin instead of broadcloth, and plenty of guns and ammunition.

On the 17th of August, passed through the city of Salt Lake. Remained only three or four hours. Had a conversation with a gentleman—a Gentile—who stated on the previous Sunday Brigham Young had declared, in the temple, that henceforth Utah was a seperate and independent Territory, owned no obedience of allegiance to any of the laws but those of their own enactment, and called upon the people to stand together and support him in maintaining the cause of God and the Church. Was told that the case of Gilbert and Garrison had orders from Brigham to pack up and leave before the first of November.

ALABAMA.—Governor Winston, of Alabama, in his message to the Legislature, says the greater portion of an enormous debt has been liquidated; advocates a reduction at least a modification of the usury laws; opposes the legalization of lotteries; urges the suppression of lynch law; endorses the proposition to exempt slaves from forced sale under execution, to a limited extent; acknowledges the unsoundness of a general system of banking; conceives it to be the duty of the legislature to require a resumption of specie payment by the banks at an early period—not later than May 1858; urges the necessity of prohibiting the circulation by banks of the State bills of a less denomination than five dollars.

IMPROVED CARRIAGE SPRING.—In a late number of the Washington Star, we notice among the list of patents recently issued, one to Reid B. Hood of Clinton, N. C., for improvement in Carriage Springs. Our attention had been previously called to his improvement, and we were most favorably impressed with it. It is a stay to the ordinary springs of a carriage, fashioned like the extended scroll, or rather like a scroll partially unfolded. It will add to the strength of the springs as well as to the ease of the vehicle, and also prevent that liability to the springs snapping asunder by the carriage being thrown violently against an obstruction. Mr. Hood is now adding these improvements to buggies as well as fixing them to all new work. We learn that a New York company has already made application to him for the privilege of manufacturing these springs for general use.—*Clinton Inquirer.*

A MODEST REQUEST.—In the Tennessee Senate, Mr. Goodpasture presented a memorial from the citizens of Scott county, praying to be released from taxation on account of the hard times, and that an appropriation of from $4,000 to 5,000 be made for their benefit.

LOW PRICES.—The Lexington (Ky.) Observer says that at Terre Haute, Indiana, one week, corn was selling at 20 cents, and many buyers were not offering more than 12½ cents per bushel. In Posey county, Ia., a few miles below Evansville, corn in the field was selling last week at 12½ cents per bushel.

A small locofoco editor says that, if occasion arise, we shall find him good at biting and scratching. He is more accommodating than most vermin. They generally bite and let you scratch for yourself.—*Louisville Journal.*

LATER FROM EUROPE.

ARRIVAL OF STEAMER AMERICA.

HALIFAX, December 2.

The steamer America arrived at this port yesterday, bringing advices from Liverpool to the 21st ultimo.

The sales of cotton for the week amounted to 20,000 bales. All qualities have declined, but are nominal. Manchester advices are unfavorable. Breadstuffs are declining. Consols 90. Money unchanged and active.

Other heavy failures are reported in England. An American house in London has been in serious difficulty, but finally recovered.

Another attempt was made to launch the Leviathan, (Great Eastern,) which proved a failure.

The news is unimportant.

SECOND DESPATCH.

The America reports a decline of ¼ to 3 farthings in cotton, but no quotations have been received.

FURTHER BY THE AMERICA.

HALIFAX, December 3.

The following intelligence, in addition to what was transmitted yesterday, was received by the America at this port—Liverpool dates being to the 21st ultimo.

The financial reports are inconsistent with each other. One says that the latest London advices show a decided improvement, and another that the pressure is undiminished. The house of Peabody was relcived by the Bank to the extent of a million on private securities. Garrison, Huffell & Co., in the trade, have failed, with liabilities of upwards of £500,000.

The condition of the Bank of France is improving.

A Republican conspiracy has been detected and suppressed at Barcelona.

The sales of cotton to speculators were 3,500 bales, and to exporters 2,000 bales, leaving 14,500 bales of all descriptions to the trade. Orleans fair was quoted at 7¼d. Orleans middling at 6¾d; Mobile fair at 6¾ a 7¼d; middling Mobile at 6¾; uplands fair 6¾ a 7d, and middling uplands at 6¾d per pound. The sales on Friday were 2,000 bales, with a declining tendency. The stock in port was 326,000 bales, of which 157,000 was American cotton.

Flour was dull and had declined 1s. per barrel subsequent to Tuesday. Wheat was dull at a decline of from 3d to 7d. per 70 pounds. Corn was very dull at a decline of 1s per 481 pounds. Rosin was dull, at from 4s. a 4s. 3d., Turpentine was dull, at 34s. 6d. a 35s.

Cotton at Havre was quiet, with sales for the week of 3,000 bales. Breadstuffs were buoyant, and had advanced throughout France.

Valuable Plantation
FOR SALE.

THE subscriber offers for sale his Plantation, lying 3 miles South from Charlotte, containing **70** acres, and joining the Lands of Dr. Gibbon, Dr. Taylor and others. It has a good log dwelling house upon it, 2 good stables, 1 of which has a loft sufficient to hold roughness enough for 3 or 4 horses, a good crib, &c. Upon this place is a first rate meadow. There is about 25 acres fenced up, about 15 of which is in a good state of cultivation. I think this place would suit any man in Charlotte, who is desirous of saving his beef, his pork, his chickens and eggs, and though last not least, all his corn and firewood. There is a great deal of pine wood ready corded or cut, a fine chance to cut yet, for which purpose I can get 2 hands per year, residing at the Charlotte mine or in Charlotte. This plantation is about 2 miles from the Charlotte mine, to which I can make 3 trips per day, every day that I make a full day's hauling, for which I get six dollars. Any person wishing to purchase this place can come and see me, living upon Big Sugar Creek, just above McDowell's bridge, near the Mason's ferry road.
