's must break that temper while he is a

child. 'You cannot. It will only gain strength

by couffiet, replied the sister. 'Is the case, then, so hopeless? I will to buy me some building blocks, and then not believe it, Mary."

'Oh, no-not hopeless by any means -How does the oak gain strength and vigorous life? Look at its rugged trunk; its gnarled and twisted branches, and the history of its strife with tempest and tornade through half a century. So it is by actions, resistance, and conflict, that our passions are matured. Do you imagine that the excitement through which your child has passed will weaken the bad temper of which you complain? Has it not, on the contray, given it increased strength!"

The sister paused. * There was not a sign of evil in his happy little face when we entered the library."

'Had you told him he must not build ouses with books !"

i-ter 'There is danger of error in this per, she was most to blame. direction, when the child's mind is unusa.
