couragement it gives to all men. But the night of suffrage with the mass of Americans exists not, except on paper. It is not to 2 a denied—we do not mean to deny it—that man can vote for man as he pleases; but is he not qualished for so duing? Is he not preseribed? Is he not deprived thereby of privileges or prerogatives that belong to him as men or as one of the class of men? Party has unsped the Government, it cannot be denied, and punishes or proseribes all men whose manly independence or sense of justice tehels against the tyran-my of the machinery of that party. Free-dom of opinion, free speech, free thought, or free merion are an positively familitation here as to Turkey or Burela. Indeed, is not party under our management of it, despotion of the worst kind!—the worst despotism of the warst stud - he were because it is the despotion of irresponsible demagagues, instead of the known responsible despot! Can we rote even as we please, submitting to the punishment or proseription! Are not caucases called, or conventions held, for which all the purpose have idd, for which all the purpose have leaded in grog slope or hat recent the least reference it cut wishes or and at times unknown to us; and times times unknown to us; and times times unknown to us; and times times times to us. The times times times to us. The times hem selected in group shops or har rooms, without the least reference is our wishes or wants, seld at times such nown to use and unless we unto for the edict of these can tiod our some as nimely thrown away as if w threw the ballots upon the chiuner fire?-As for freedom of choice then, we (the preple) have not the least, except between the two generally bad or with men of the two or three perfect that have got control of the political machine, and then "grind out the candidates. We must vote for these

placed in close order, specu-fashion, on their sides, and no permitted to turn or move during the night. At day light they are dushed with buckets of water to wash

them off.

They sing songs, slapping their hands and rocking their bodies in true, and these songs have a great resemblance to some of our negro spirituals. Several of the negra fellows exercise authority very much after the manner of our deliver, with sire of suborite and rules does extension and authority and ridiculous gestionistions and

primages. Others were cooking in the "hig pot" like good relious, and with old breech-es on too, obtained from the sailors. The captain of the hold understands their lingo, and suys they are very averse to go-ing back to Africa, as the United States' law requires. Our coast resembles that

they come from, and the group of pines op-posite the city on the south, looks to them like coccanut trees of their native Africa. Yesterday, under the direction of the United States civil officers, the negroes, 306 in number, were taken by the steamer Gen-Clinch and conveyed to Castle Pinckney, in our harhor, where they will be guarded by a detachment from the garrison at Fort Monitrie. As they passed the plank to gain the stemmer's duck, they presented a strange and affecting sight, many of them being reduced to mere akeletons by the suffering and deprivations of the voyage. Several were in a dying condition—a few dropsical, and a goodly number apparently in bealth. They were visited on Saturday by Mayor Macbeth and several Aldermen

the announcement of the fact will carry convolution and encouragement to every true

THE PUBLIC EXPENDITURES We make the following extract, reto the public expenditures, from a of Mr. Senator Tramball, of Illian

pivered at Chicago on the 7th ultim-The exponses of the Government,

have probably often heard, have in enormously within a few years. The of money at the disposal of Governo this year is more than one hundred a of dollars. This I know has son been disputed; but I have here the statement made by the Clerk of the of Representatives, showing that me eighty-one millions were specifical printed at the last session of Congruence are indefinite appropriations claims, the precise amount of which elaims, the precise amount, at the lowelaims, the precess yet known, which amount, at the low-yet known, which amount, at the low-timate to three millions and a half, mo over eighty-four millions, and there unexpended halance of appropriations last year amounting to more than millions. These sums altogether make the dead of millions of dollars a disposal of the Administration for the cut fiscal year. I know it is said the unfair to charge all this to this year: a surplus will remain at the end of the is much more likely that the Administratell come in with a defiziency bill and for some ten millions more, as they

The expenses of the Government of the administration of Gen. Pierce were 820,632 This is more than all the exp of the Government from 1790, when is organized, for thirty years together, in ing the war with Great Britain in 181 Gen. Pierce expended more me four years of peace than our Govern-expended for the first thirty years affect

the last Congress, than that any surp

organization. In 1823 the expanditures of the Go ment for all purposes, exclusive of the debt, were \$9,784,154.59. In 18 expenses of the Government, exclusive the public debt, were \$65,032,550.70. pro rate, according to the popular 1823, was minety four cents on such is nal. The province in 1857 was \$2.

181 man-minery four cents to 3828, accordable to population.
Now these facts singlet to attract the tention of the country, but perhaps to the serve to state in detail score of the server to server to server to server to serve the server to server to serve the server to serve the server to server to serve the server to serve the server to serve the server to server to serve the server to server t ex of this Government, some of the 261 by which there expenses have been in 616 cd, it would strike some minds more for 184 I will call your attention to the a 1136 Chicago. You have a custom-house is Chicago. You have a custom-house here. In 1852, or for the fiscal yearing in June, 1853, the last year of 1064 at Chicogo \$111,808.50. Six me 587 suployed to sollect it, and they see 182 \$2,88212. That was a little over to cat. For the year ending June 2 th.; there was collected at Chicago 8,145
40. Sixteen men were employed in infection, and they were paid \$14,340.
Now, I way you, living right here as you in there any reason for this introduce penditure! Can you tell me any many it could be per count, the fast firest collect the recover at this most and to collect the recover at this most and 210 to collect the resence of this port, and sell a little over two per cent. Sur years 120.4 Is there my remember the texcer the 120.6 Government wanted to shower the manual collections.

1905 to he The Democratic party in 190 sustained. Laughter and applicate think that is the best reason. They 700 sustain the office bolders." Laughter 200 sustain the office bolders." applanes. They

But Chicago is only a single ca-have the official report here, and I will a few other cases traken you how the ernment expects money. There are 364 ornment expects money. There are 665 other points where the expenditures to 681 lecting the revenues are much worse to 357 this point. At Wilmington, Belaware 435 was collected in 1857 \$2,004.05. How 455 was contend to 1250 by met to 1500 gg and to 1600 gg and 1500 407 amount, and he took eight men, and het, got for it! It took eight men, and case of collecting was \$15,849.041 [La
