ust prejudies of the chief authority posed under the auspices of Henry Clay; Road. Mr. Jefferson McKibbin, a subordinate at approved by all, they were acquiresced in, the Concord station, was lately sick for some and regarded as final by the great majority

to Mr. Mendenhall and paid their memory and the very extraordinary measure recom-into the Treasury, of which he is the keep er-and that he could pay out nathing without the warrant of the President, which he retains as a reacher. This system erro-stes some check upon these officers-the in mind that the extension of their territo-in mind that the extension of their territoone upon the other. But suppose our re-proscibility-taking President adds to his va the propie of the United States entered into the Federal Union. It is true that in the progress of our history magnificent domains have been inquired, adding greatly to the national commerce and power, has always of territories lying contiguous to our own, wearier fever, which has been on the mainland of the continent, by treating in this resulting with a tion made with the sevent of the fair sovereign for a remanuable equivalent, or by conquest in war. These, however, have been but incidents in our course, and "to

form a more perfect union, establish justice, increase domestic transpolity, provide for non a model of legislative efficiency, but of the common defence, promote the general it descreves all the abuse which the We weifare, and secure the bleavings of Fisher gives none. What is to binder him from pocketing the contents of the Tran-sary and wining Europe, Inving the com-pany without any researce ' Bosides, I would inder an erize and our postering,' still remain the great purpose for which the Govern-ment was established. I do not know that, under all circumstances. I should any with under all circumstances, I should say, with man Mr. Calhoun, that "so us Coba is forhidden fruit." The time may come when it may indictment against Congress in the circum

of time and necessity, and effected without the interests of the party, we are at a injustice or loss of extions character. The scharcert for an explanation of its me administration of Mr. Fillmore promptly re-fused the overture of England and France an issue between a Democratic Fra he has failed to be at the efficient the morn-ing and passengers have had to pay their money to the conductor, to be by him as

of dollars-although there was an overflow Letter from the flow. William A. Grannin. From the N. Y. Express. The following letter was read to the Whig ly becought there was no overflow. that this amount of expenditure was us travagant, calling for the interrention of Democratic reform, when under its suf-

dritted, and ca Monday morning still remained in ting a resolution of the Wing tenering 100 million of the Monday morning, still remained in the sty of New York, and remained with a more regression appendix of the sty of New York, and remained with a more regression appendix of the sty of New York, and remained with a more regression appendix of the sty of the sty of the sty of New York, and remained with a more regression appendix of the sty of the by which they are kept up, porpetuated for-ever. Ayo worse, we may expect to see them sold out to greedy capitalises for no-thing, and the whole investment sunk. I propose that each stockholder and train payer along the line keep a sharp look out, and whenever he barks or sees anything wrong, let him publich the fasts and demand an explanation. I am about to state some of Congress Baself in the department of public printing, for example. They dem, in fine, a more conservative, ustimul, and heating influence in the public equipe, and need but a union of effort on the puof all cutertaining these sentiments to effet the object of their wishes
