Webb, seph Bernard, Secretary. arsday night in their hall.

will be expected of those who are of sufficient age.

A class in French will be formed if a sufficient number desire it; and French conversation and the true pronunciation will be taught as learned by the Principal in the practical use of the language during several months residence in Europe, chiefly in Paris. Frequent lectures will be given on the current news of the day, and on other topics that will stimulate the thought and add to the intelligence of the students. A course of familiar lectures will also be delivered, by resident physicians so far as practicable, on the preservation of the health; and a watchful care will be exercised over the health of the students.

The object constantly aimed at will be to make men of sterling character, sound scholarship, broad intelligence and active energy. A daily record will be kept of recitations, deportment, etc., and reports will be read to the school, and seut home, at least three times a term. Parents are requested to visit the school of ten, and to converse or corres-ACTICE in State and Fede pond freely with reference to their s The public will be term

This grass will grow in any climate. Will endure the long and intense heat of a Southern summer, and the rigors of a Northern winter. Grows on any kind of land. Hay rich, Juicy and tender. After first year will bear three cuttings. Prices, subject to fluctuating, \$3.50 per bushel; 20c. per pound.

JOSEPH HARDIS, School Alabama.

Oet, 15.

DEAR MADAM: - It is with plenure that I write to tell you that your valuable Remedy has entirely cured me of a most tearful looking and painful sore on my ankle. It came more than twelve months ago, very much like a ring worm. I pain-ted it with Tinet. Iodine, until it became a painful and bad looking place. Then I commenced to try everything I could think or hear of, until it became so very pain-ful I could scarcely walk, when I went to the best doctor in the country for advice. He told me he could cure me if I would take my bed and there remain for four or five weeks, and if I did not do so pretty soon, it could not be cured at all, as the bone would become diseased, and my foot would have to be taken off. Just imagine bow I felt, to be told there was no cure for the sore but to loose my foot, or give up all business—either of these Remedies would have ruined me. Mind you Miss Julia R. Williams, this was the advice of one of the best duc-tors in the State of North Carolina, and this conversation took place last February. continued to burn with caustic, as h advised until September, but derived no benefit from his treatment I was advised no benefit from his treatment. I was advised then by a friend to try your Remedy, (Bitters an I Wash) took the first dose the 17th of September, and I am now a well man, the sue is perfectly cured, and I can now walk as far, dan e as much and jump as high as any man you know. Put me back to the lat of September, let me know as much as I now do of the virtue of your remeay. not get it for less. I think more of it than any medicine in the world. It is

not only the best Remedy to purify the blood and cure all skin diseases, but I be-lieve it will cure all kinds of blood diseases, and I know it will cure a love for strong drink, I hope you will have this published, as there are many sufferers who could be cured, if they could knew of and get your Remedy I am truly and respectfully.
