## CREATED A SENSATION.

WHY CARE IF HE VIOLATES THE CIVIL SERVICE LAW.

DALLAS, TEX., May 14.—At the meeting of the Dallas Democratic Club last night Gen. W. L. Cabell, United States marshal for the Northern district of Texas, created a sensation by throwing down the gauntlet to President Cleveland and making a clear repudiation of the civil service doctrine. Speaking to the committee, he said: "I am satisfied that we are going to have a great deal of opposition this fall, and that it will come from a source we little expect. I have made up my mind that I will go into this organization, whether I violate the civil service or not. I am a free man, and thank God I have not been made to eat the salt. The fact of my holding an official position does not deprive me of the right to assist the Democratic party in carrying the banner whenever I please. To deprive me of such a liberty is not the intention of the civil service order." A number of gentlemen think it is about time Mr. Cleveland put his guillotine to work.

**Journalistic Jottings.**  
The Davidson Dispatch, of Lexington, is six years old. Brother Edridge has labored hard and faithfully and has given the citizens of Lexington a good paper. We wish our brother continued prosperity.

The Lumberton Robesonian comes to us printed in an admirable manner. Our clever brother W. W. McDiarmid, has set aside the old hand press and substituted a cylinder press. We rejoice with him in this progressive step. May his list of subscribers increase with the passing months.

A daily paper boom is about to set in. It is probable that by the first of June we will have three new dailies in the State—The Daily Planet, which is contemplated in Durham; The Daily Patriot in Greensboro; and the Daily Sentinel in Winoon. It shows that journalism in North Carolina is seeking new channels—new endeavors and more progressive ideas. Our brethren have our best wishes. However, there is one thing we can tell them. They will be subjected to exceedingly hard work, with less compensation than is attached to the labor bestowed upon other lines of business.

## Winston News.

WINSTON, May 12.—The Rev. Mr. Davis was formally installed as pastor of the Presbyterian church here yesterday morning. Dr. Henry Smith of Greensboro, preached a grand sermon at 11 o'clock, propounded the usual questions to pastor and congregation and delivered the charge to the pastor. R. V. H. T. Darnall, of Durham, delivered the charge to the people, and preached a powerful sermon at night. The installation services were very interesting and impressive, and were witnessed by a large number of people of all denominations. Dr. Smith and Mr. Darnall are among the brightest lights of the Presbyterian Church, and they are known throughout the State for their earnest piety, as well as their superior ability. This visit to Winston was a source of great pleasure to their hundreds of friends here.

## No Choice.

NASHVILLE, Tenn., May 14.—The State Democratic Convention has been in session here for five days and is apparently as far from an agreement upon a candidate for governor as ever. There are three candidates in the field now, each of whom are determined to stick. The convention adjourned until 8 p. m. after taking the 35th ballot which resulted—Taylor 746, Traudale 443, McConnell 140.

Wilmington Star: Workmen began laying the track for the street railway yesterday on North Front street, beginning at the intersection of Red Cross, and made good progress. On Sunday morning last, as the church bells were summoning worshippers to the house of God, the spirit of W. J. Yopp returned to the God who gave it, and his severe sufferings of several weeks' duration came to an end. Mr. Yopp was about sixty-four years of age, and leaves to mourn his death four sons and a daughter to whom he was devotedly attached.

## The Wake Cattle Show.

The fourth annual show of the Wake County Cattle Club, was held to-day at McMeekin's new stables, and it is the opinion of all who saw it that it is by far the best yet held. There were not so many cattle but every one was worth seeing. The show began at 10 o'clock, and from that hour until 1 there was a stream of visitors, fully a third ladies. All manifested the greatest interest in the show. This time the cattle were all in the stables, but not in separate stalls. All could not be so conveniently identified as there was but little opportunity to display the pedigree. The cattle were in perfect shape, beautifully groomed and never looked so well. All the favorite breeds were on exhibition.

## Six Children in a Birth.

LONDON, May 12.—The wife of the Syndic mayor of Castagnola Ticino has given birth to six children. The fact is testified to as absolutely correct by an authoritative Bern correspondent. The woman, whose name is, Rezonico, is twenty eight years of age, and has already given birth to three and four children at one birth. Her husband is married for the second time, and has seven children by his first wife. The six children—four boys and two girls—were born living, but died soon afterward. The news of this extraordinary event, perhaps hitherto unheard of in the annals of anthropology, has created a great sensation, especially in Italy, and doctors are hastening to the scene from Milan, Como and other towns to satisfy themselves of its truth.

## Recovers \$10,000.

Mr. T. W. Picklesimer, of Transylvania county, who was injured some three years ago by falling from a railroad bridge near Danville, Va., brought suit against the R. & D. railroad company, in the Danville municipal court, for the recovery of \$20,000 damages. He obtained a verdict giving him \$10,000. The defendants appealed to the Virginia supreme court, and the appeal had been in court for about three years before it was reached.
