

Utica Cigar Dealers Boycott a New Yorker.

The other day a man from New York put a large stock of cigars on sale at auction in a store on Genesee street. He drew quite a crowd of people about the place evenings and made some sales. The cigarmakers of Utica object to this style of doing business. There are now about sixty men out of work, and they say that such proceedings will make the situation worse than it is. Last evening a number of them stood at the door and distributed circulars reading as follows: "See that the union blue label is on all boxes of cigars that you purchase! All others are cigars made in filthy tenement houses, pregnant with the germs of small pox, scarlet fever, diphtheria and other contagious diseases. All such goods are condemned by the State Board of Health." This had the effect of driving customers away, and the dealer did no business last night. An officer was on hand to prevent a disturbance in the crowd that had assembled. The dealer will probably leave town to-day.—*Utica Press.*

S.S.S.
 In 1881 contracted Blood Poison of bad type, and was treated with mercury, potash and arsenic. I suffered all the time. I took 7 small bottles S.S.S., which cured me entirely, and no sign of the dreadful disease has returned.

 My little niece had white swelling to such an extent that she was confined to the bed for a long time. More than 20 pieces of bone came out of her leg, and the doctors said amputation was the only remedy to save her life. I refused the operation and put her on S.S.S., and she is now up and active and in as good health as any child. Miss ANNIE GEORGINA,

If you have ever tried it, you are one of its staunch friends, because the wonderful thing about it is, that when once given a trial, Dr. King's New Discovery ever after holds a place in the house. If you have never used it and should be afflicted with a cough, cold or any Throat, Lung or Chest trouble, secure a bottle at once and give it a fair trial. It is guaranteed every time, or money refunded. Trial Bottles Free at R. Blacknall & Son's drug store. d&w

A Warning.

The modes of death's approach are various, and statistics show conclusively that more persons die from diseases of the Throat and Lungs than from any other. It is probable that every one, without exception, receives vast numbers of Tubercle Germs into the system and where these germs fall upon suitable soil they start into life and develop, at first slowly and is shown by a slight tickling sensation in the throat and if allowed to continue their ravages they extend to their lungs, producing Consumption and to the head, causing Catarrh. Now all this is dangerous and if allowed to proceed will in time cause death. At the onset you must act with promptness; allowing a cold to go without attention is dangerous and may lose your life. As soon as you feel that something is wrong with your Throat, Lungs or Nostrils, obtain a bottle of Beecher's German Syrup. It will give you immediate relief.
