ASTHMA
SWISS
 My little boy, 8 years old, was sick with a disease for which I know no name. The nubs came off his fingers, and the fingers came off to the middle joint. For 3 years he suffered dreadfully; he was getting well, and I am satisfied Swift's Specific is the chief cause of his improvement.
 J. W. Davis, Pers., Ind., Jan. 12, 1887.
 POISONED BY A CALF—My little boy broke out with sores and sores, the result of the salve of a calf coming in contact with a calf. The sores were deep and painful and showed no inclination to heal. I gave him Swift's Specific, and he is now well.

To Men of Moderate Means.
THE WEST SALEM LAND CO.
 Offers in its Stock Of "Class B" an investment Capitalized at Only \$25,000, but which represents
400 Town Lots, Averaging 50x150 Feet
Shares Ten dollars Each,
Payable in Five One-Dollar Installments,
 As follows: One Dollar at time of Subscription; One Dollar March 1st; One Dollar April 1st; One Dollar May 1st, and One Dollar June 1st; Whereupon, a total of Five Dollars having thus been paid, the stock will be declared full paid and non-assessable, and certificates of Ten Dollars par value will forthwith be issued.

This "Series B" stock is based upon one of the most desirable residential sections in the vicinity of Salem, lying on the slope of the "twelve O'clock Knob" directly across Roanoke river, and to be spanned by an iron bridge, which will bring these lots within ten minutes drive of the center of the city of Salem.
ORGANIZATION PLAN OF THE COMPANY.
 The West Salem Land Company, of Salem, Virginia, was organized under a perpetual charter incorporation January 6th, 1893, with George Allen, President and Manager; John A. Francis, Vice-president; Chas. C. Tompkins, Secretary, and Jacob S. Baer, Treasurer, and Attorney. The company was organized for the purpose of buying developing and selling land in Salem and in the adjoining counties. The plan of operation will be to purchase property, to issue stock, based on that particular purchase, divide the property into lots or small pieces and to sell it as rapidly as practicable, distribute the proceeds among the stockholders of that series and cancel the stock. The stock in this company will be issued on the series plan and the management and proceeds of each class or series will be kept separate.
 Class A embraces sixty acres of land lying on and close to the McAdam road and adjoining West Salem. This property has been socked at \$10,000 (which has all been) and the company is having a portion of the property laid off into building lots and prepared for sale. The books on series A have been closed.
 Class B. The company has purchased one hundred acres of Land, known as the Baxter W. Logan land, lying on the south side of Roanoke river, opposite West Salem and they have stocked it under the provisions of their charter as series or Class B, at \$25,000. This "Class B" stock is now off red in shares of \$10 each, payable \$1 per share when the subscription is made, and \$1 per share on the 1st of March, April, May and June, making a total payment of \$5 per share, at which time the stock will be declared paid up and non-assessable and certificates of stock will then be issued.
 The property in this company is stocked at a very moderate amount, and the stock will form a safe and profitable investment.
