STATE CONVENTION.

Democratic Clubs Called to Meet at Raleigh, September 24th.

The following address has been issued to Democratic clubs in the State of North Carolina:

By a unanimous vote of the executive committee of the State Association of Democratic Clubs, after full consultation with the chairman of the State Democratic executive committee, it is deemed advisable to call a convention of the Democratic clubs of the State; and as our great party has now named her standard-bearers, and another struggle for Democratic supremacy—another urgent need for the defeat of Republican ignorance, corruption and misrule, is upon us, and as there is work to be done, work in behalf of a cause dear to every patriotic North Carolinian, and as it is for us, young Democrats, to see that our share is well and faithfully performed.

I, therefore, as president of the State Association of Democratic Clubs, call you to meet again in convention, to be held in our capital city of Raleigh, on Wednesday, the 24th day of September inst.

Our constitution provides that each club shall be entitled to three (3) delegates and one additional delegate for every twenty-five (25) members in good standing.

The certificates of the presidents and secretaries of clubs will constitute the credentials of delegates. Such certificates should set forth the actual number of members borne on the club roster at the time of naming delegates.

Delegates and other club members attending the convention will be entitled to reduced rates of board at the Yarboro House, and to special railroad rates. Full particulars will be published.

The objects of this convention are: The thorough organization of forces; to foster the organization of Democratic clubs in every township in North Carolina; to increase our facilities for promulgating Democratic principles, and to co-operate more fully with the regular Democratic organization in promoting the success of Democratic measures.

To these ends we invoke the co-operation of all good men and the active support of the press throughout the State, and invite the participation of our Democratic nominees; and we request that our party organization, in every county, lend us their aid in making this occasion one of mighty demonstration. Several men of national reputation are expected to lend us their presence. Ex-President Cleveland has been invited and no stone will be left unturned to have him speak to the young Democracy of North Carolina. Senators Vance and Ransom will certainly attend, and every Democratic congressman and nominee for congress from North Carolina is expected.

We urge the formation of clubs in every county, city, village and township in the State, and that their membership should embrace every voter of their respective sections who expects to support our Democratic nominees, in time to send delegates to this convention.

I have the honor to be, gentlemen, Respectfully yours, J. S. CARR, Pres. Association of Dem. Clubs, B. C. BECKWITH, Sec'y.

Raleigh Intelligencer: Raleigh is taking steps preparatory to having a large trade exhibit at the next fair. The commercial interests of the city are enthusiastic over the prospects and there will be every effort made to make not only a success, but worthy of any city of its size in the South.

Chatham Record: Mr. Henry C. Burns, who resided about five miles south-west of this place, died on last Saturday in the eighty-sixth year of his age. Several weeks ago, as then mentioned in the Record, he accidentally fell down and dislocated his right hip, and it was this injury that caused his death. Until that accident he was remarkably well preserved both in body and mind and his friends had hoped that he would live many more years. He was highly esteemed by all who knew him, and was one of Chatham's best citizens.

CHATHAM AHEAD.

Mr. Chas. F. Ferrell, of Chatham has invented a knife to cut tobacco. It combines knife and ax, the stalk at the ground being cut by the ax. All who have tried it, pronounce it far superior to any other knife in use. Mr. Ferrell has applied for a patent. He is a natural born genius.

DEATH OF CAPTAIN T. C. EVANS.

It is with profound regret that we chronicle the death of Captain Thomas Clancy Evans which occurred at his home in Reidsville on the morning of the 2nd inst.

Captain Evans was well known in North Carolina where his bright intellect and genial manner had won for him a host of friends.

At the breaking out of the late war he went into the Confederate service as a member of the Milton Blues from Caswell county which was company C in the 3d regiment of volunteers, afterwards the 13th regiment of regular state troops. He remained in the service from the beginning to the end of the war was distinguished as a soldier of undaunted courage and intrepidity.

He was promoted for gallantry to the captaincy of his company which position he occupied at the surrender. After the war Captain Evans following in the footsteps of his father, C. N. B. Evans, a noted journalist of this state, entered into the newspaper business and published successively the Milton Chronicle and the Reidsville News.

For several years, however, previous to his death, he had been employed in doing editorial work and correspondence for different newspapers in the state, among them Webster's Weekly and the Greensboro North Star. At the time of his death he held a position in the Government printing office at Washington to which he was appointed last spring.

Our readers will recall his highly interesting and instructive Washington letters, which have appeared from time to time in the North Star.

About three weeks ago he became sick in Washington and returned home to his family for rest and treatment, but he gradually grew worse and on Tuesday morning last he died. Few men have had nobler impulses or more generous natures than T. C. Evans. He was big hearted and was the very soul of honor and frankness. Many a quiet tear will be dropped for Tom Evans and many will be the friend who will feel the pang of sore grief at the death of this gallant gentleman.

GENERAL NEWS.

Provo, Utah, has a red-hot anarchist. His wife supports him by taking in washing.

There are over 7,000,000 pores in the human body, and yet we are surprised because some men are sponges.

Barium's tattooed woman came down from her perch and pounded a Flint's man's face bluer than her own because he said things uncalled for.

GATHERED FROM OUR EXCHANGES.

Henderson Gold Leaf: Dr. Geo. E. Mathews, of Ringwood, sends us a beautiful sample of bright tobacco from the crop of Mr. C. A. Williams, near that place. He has cured five bars, four of which are said to be better than the sample before us. It is a beautiful golden yellow, the color being all that could be wished, but the texture is not altogether as fine as it might be. There is not enough wax in it to give it that fine silky body and toughness to be found in a perfect piece of tobacco of this kind. But that no doubt is peculiar to this leaf alone owing to its dry condition having been transmitted through the mails by letter.

Wilmington Star: Here is a chance for some impecunious Lord, Count, or something of that sort. A half blood Sioux Chief has two daughters he wants married, and as an inducement offers \$10,000 worth of horses and 400 acres of land as a dowry for each.

The Newton Enterprise favors the killing of every dog on sight. Such a radical measure would result in an intestine war. Every man who is poor enough to own one or more dogs would take up arms in defense of his beloved canines.

Asheville Citizen: Col. Polk's attacks on Senator Vance will do the latter some harm, though they cannot prevent his election; but, unless all political signs fail, Col. Polk will himself be the greater sufferer from his attempt to compel the members of the alliance, one and all, to vote against those candidates for the legislature who declare for Vance. The contract is too large a one for Col. Polk to carry out as successfully as he wishes; he cannot deliver the goods. The people of North Carolina want Vance to be senator and he will be.

Special Notices.

After diphtheria, scarlet fever, pneumonia, or any other severe illness, there is no better tonic than Hood's Sarsaparilla.

Ayer's Hair Vigor restores color and vitality to weak and gray hair. Through its healing and cleansing qualities, it prevents the accumulation of dandruff and cures all scalp diseases. The best hair-dressing ever made, and by far the most economical.

The Best Advertising.

The most efficient advertising is in behalf of Hood's Sarsaparilla is that which comes from the medicine itself. That is, those who are cured by it, speak to friends suffering similarly, who in turn derive benefit and urge others to try this successful medicine. Thus the circle of its popularity is rapidly widening from this cause alone, and more and more are becoming enthusiastic in behalf of Hood's Sarsaparilla as it actually demonstrates its absolute merit. All that is asked for Hood's Sarsaparilla is that it be given a fair trial. If you need a good blood purifier, or building up medicine, try Hood's Sarsaparilla.

The Great Benefit

Which people in run down state of health derive from Hood's Sarsaparilla, conclusively proves that this medicine "makes the weak strong." It does not act like a stimulant, imparting fictitious strength, but Hood's Sarsaparilla builds up in a perfectly natural way all the weakened parts, purifies the blood, and assists to healthy action those important organs, the kidneys and liver.

Ayer's Sarsaparilla, by purifying and enriching the blood, improves the appetite, aids the assimilative process, strengthens the nerves, and invigorates the system. It is, therefore, the best and most thoroughly reliable alternative that can be found for old and young.

The reason RADAM'S MICROBE KILLER is the most wonderful medicine, is because it has never failed in any instance, no matter what the disease, from LEPROSY to the simplest disease known to the human system.

The scientific men of to-day claim and prove that every disease is CAUSED BY MICROBES, —AND

RADAM'S MICROBES KILLER

Exterminates the Microbes and drives them out of the system, and when that is done you cannot have an ache or pain. No matter what the disease, whether a simple case of Malaria Fever or a combination of diseases, we cure them all at the same time, as we treat all diseases constitutionally.

Asthma, Consumption, Catarrh, Bronchitis, Rheumatism, Kidney and Liver Disease, Chills, and Fever, Female Troubles, in all its forms, and, in fact, every disease known to the Human System.

Catarrh

It is a blood disease. Until the poison is expelled from the system, there can be no cure for this loathsome and dangerous malady. Therefore, the only effective treatment is a thorough course of Ayer's Sarsaparilla—the best of all blood purifiers. The sooner you begin the better; delay is dangerous.

"I was troubled with catarrh for over two years. I tried various remedies, and was treated by a number of physicians, but received no benefit until I began to take Ayer's Sarsaparilla. A few bottles of this medicine cured me of this troublesome complaint and completely restored my health."—Jesse M. Boggs, Holman's Mills, N. C.

"When Ayer's Sarsaparilla was recommended to me for catarrh, I was inclined to doubt its efficacy. Having tried so many remedies, with little benefit, I had no faith that anything would cure me. I became impatient from loss of appetite and impaired digestion. I had nearly lost the sense of smell, and my system was badly deranged. I was about discouraged, when a friend urged me to try Ayer's Sarsaparilla, and referred me to persons whom it had cured of catarrh. After taking half a dozen bottles of this medicine, I am convinced that the only sure way of treating this obstinate disease is through the blood."—Charles H. Maloney, 113 River st., Lowell, Mass.

Ayer's Sarsaparilla,

PREPARED BY Dr. J. C. Ayer & Co., Lowell, Mass. Price 50c; six bottles, \$3. Worth \$6 a bottle.

Blood Poison

Is very liable to follow contact of the hands or face with what is known as poison ivy, especially in hot weather or if the body is perspiring freely. The trouble may subside for a time, only to appear in aggravated form when opportunity offers. The great purifying powers of Hood's Sarsaparilla thoroughly eradicate every trace of poison from the blood, as the cures it has accomplished conclusively show. It also cures scrofula, salt rheum and all other affections arising from impure or poisoned blood. s-13-1m

Ayer's Cathartic Pills are recommended by the best physicians, because they are free from calomel and other injurious drugs, being composed of purely vegetable ingredients. While thorough in their action, they stimulate and strengthen the bowels and secretory organs.

To make fine slick horses you have to use Dixie Horse Powders. A full supply at Yearby's
