A REMEDY PROPOSED.

To Wipe Out Part of the Poverty

of the People. APEX, N. C., Feb. 11.-[Special to the State Chronicle.]-While the subject of our poverty and the many causes that have led to it are yet fresh in the minds of your readers and with good wishes to the result of these investigations, I wish to present some figures for Wake county which may apply

to many others proportionately:
I believe the tobacco bill of
Wake county in all the various
forms in which it is used amounts to no less than four hundred thousand dollars per annum. Our population in round numbers is fifty thou-sand Ten thousand of this number are children under twelve years of age-are supposed not to use tobacco in any THE SUN keeps warning he readers against these "green goods" men of New York, who goods" men of New York, who goods among the sum of the remaining forty thousand use the weed in some form, many of them both smoke and offer to give so many thousands many of them both smoke and of dollars—counterfeit—for so chew. It would be a mederate estimate to say that the twenty

came way with a valise in ex-chage for his \$200. It containin all its various forms is no ed six packages, each with a less. It is hoped that at least bright new genuine \$1 bill on forty thousand of our people, in-

results vary by less than one for his good money. All goes per cent, indicating a crop at to show that a fool and his drinkers will average twenty bout half a million bales short money soon part company. Be-of that of 1890. The October reports of the two years makes All sorts of swindles of this every day drinkers will average twenty dollars per annum, or one hundred thousand. Four thousand every day drinkers will average dred thousand. Four thousand every day drinkers will average kind are practiced. You don't fifty dollars per annum or two These results are submitted get good, honest money in this hundred thousand total. One thousand drunkards will average one hundred dellars per Here is a poser for you. It year or a total of one hundred is from the Pittsboro Record. thousand dollars Thus our population in Wake county consume annually of the two items not less than eight hundred ago a man in this county mar- thousaed dollars, and this teo at ried his step mether, his fathers a time when cotton our leading crop is selling at two cents per pound below the cost of production. Who will begin a reduction of expenses here?

The above is an average of six. teen dollars per head for each man, woman and child in our county. I knew a man whodrank up a tract of land in one Vear V l at two hundred and seventy dollars and he would have resented it if you had called him a drunkard.
