The New Trinity College Buildings.

From the Raleigh Christian Advocate.
On last Wednesday the editor of this paper went up to Durham and went over the new buildings erected for Trinity College, and he was perfectly delighted with what he saw. We have there one of the best "plants" for a college that this writer has ever seen anywhere. It is almost perfect.

The main building is about completed. It is a fine piece of work. In the basement are the furnaces, closets, &c. On the first floor, as you enter, the parlor and room for the faculty on the left, and the President's offices on the right. On this floor are five large, well arranged recitation rooms and the library. On the second and third floors are fifty-six double dormitories nicely arranged and they will furnish elegant rooms for 112 young men. It is a splendid building, well arranged every way, and cost sixty or seventy thousand dollars. It is to be heated by the most modern arrangements and to be lighted with electricity.

In the rear of this and a little to one side is the College Inn. This is nearing completion and is a gem of beauty and a place of comfort. On the first floor are a parlor, a reception room, an office, a large, airy dining room, a fine reading room, and quite a number of dormitories. The second and third floors are devoted to dormitories. There are 80 dormitories in this building, making room for 160 guests or boarders. The Inn is finished in elegant style. It will be a great comfort to the boys, and the board is to be kept as low as it has been heretofore.

Not far from the Inn is the Technological Building, built in memory of the late Mrs. Dr. Crowell. It is to be complete in its line and is a fitting memorial of Mrs. Crowell. These buildings are in the park. Near them in a row are four dwellings for the faculty, and over on another side of the park are two other dwellings, the whole forming a fine college community. We felt real proud of what we saw. We are greatly indebted to Mr. Duke for his large liberality.

Now, the Methodists of the State are called upon to show their appreciation of the generosity of Mr. Carr in giving the site, and of Mr. Duke in erecting the buildings, and we ought to do it promptly. See the call of the committee elsewhere in this issue.

To furnish the dining room will cost about \$400. To furnish one of the parlors will cost about \$100. To furnish the Reading Room will cost about \$100. To furnish the Library will cost about \$135. To furnish the President's office and private office will cost about \$75.00. To furnish a recitation room will cost about \$50. There are twelve of these. To furnish a double dormitory will cost about \$25 or \$30, not exceeding \$30. There are 136 of these double dormitories. We want every Methodist in North Carolina, who possibly can, to furnish one of these rooms. The room selected will be named as the donor may desire, and may be furnished in memory of some one. A card will be placed in each room stating by whom furnished and for what purpose. If

you have a son to educate, furnish a room there for him to occupy while he remains. Let everybody help in this matter. When Mr. Duke gets back from Europe let him find that the Methodists of the State have furnished the building. Every congregation ought to furnish at least one dormitory. Let the ladies go to work. If some good woman in every community would take the matter in hand, quite a number could raise, in a short time, money enough to furnish a dormitory. We are starting off well. Raleigh is responding well. Quite a number here say they will furnish a room. Let's all go to work. Write to the editor of this paper, as soon as you can, what you will do, and let everybody do something.

Tammany out for Cleveland.
NEW YORK, July 5.—At a regular meeting of the Matamoros Club, the Tammany Hall organization of the Twenty-fourth Assembly District, held at its headquarters, No. 1390, Boston Avenue, the following resolutions were unanimously adopted:
Whereas, This organization, which is composed of many of the prominent residents of this district, in meeting assembled for the purpose of expressing our views on the nominations recently made at the National Democratic Convention held at Chicago, and

whereas, That in the selection of Grover Cleveland as a candidate for President, and also that sterling Democrat and able statesman, Adlai E. Stevenson, of Illinois, as candidate for Vice-President, we feel that the National Democratic convention deserves great credit in placing before the people at large for their suffrages such true and noble standard bears of Democracy, and we are in thorough accord with the spirit, principles and action of such convention; be it therefore,

Resolved, That this organization heartily and unanimously indorse and ratifies the above nominations and pledges itself for its members, individually and collectively, to work during the coming campaign for the success of the Democratic presidential ticket, and to put forth all its energies to obtain that result; and it is further

Resolved, That we indorse the Democratic platform adopted at the convention, and pledge ourselves to work earnestly for the support of its principles. Be it also
Resolved, That this organization recommend the nomination of Henry H. A. Bonner for member of Assembly, he being a steadfast, loyal and worthy supporter of Tammany Hall, who by his faithful and energetic labors during the past campaign has gained for himself such friendship and popularity as is second to none throughout this district.

A Vital Issue.
It is a remarkable fact that the forces that contribute to a man's defeat at one period may at another time become powerful factors in elevating him upon the pinnacle of success. This no close observer can fail to overlook in the course of the most humble life. It daily manifests itself in a thousand and one ways that must make a lasting impression upon every thoughtful mind.

There is a time for everything. Solomon, the most gifted of earthly sages, recognized this fact and boldly promulgated it to the world. In carefully studying and weighing the causes that lead to Mr. Cleveland's defeat, we are forced to the conclusion that it was due no little to making tariff reform the issue before the people were intelligently educated to vote upon that question. No matter how meritorious the issues upon which a national campaign are fought, we need not be surprised if defeat overtakes us, when we make the light at an inopportune time.

All the political, social and religious reforms that we read of on the pages of history, were not brought about until the people, by proper education, were induced to see their importance and necessity. While the people of the United States were not fully ready for tariff reform four years ago, the discussions of this question that have been constantly going on since then and the result of the last Congressional election, convince us that they are now prepared to vote in favor of this wise and patriotic measure, designed to relieve them from many of the oppressive burdens that have been heaped upon them by the mistaken and injurious policy of the Republican party.

We do not stand alone in this opinion. Tariff reform has

been gradually gaining ground for many years, and as the people became educated, they forced the accomplishment of something in this direction. Today from Maine to California and from the Great Lakes to the Gulf of Mexico the cry is going up from the people for tariff reform. The little relief that they have occasionally received, has opened their eyes to the beneficial workings of tariff reform, their understanding has been enlightened and they are ready to do away with all tariff, over and above that which is necessary to meet the expenses of the government, economically administered.

Tariff reform is the living, vital issue of the day, and Grover Cleveland represents this issue more fully than any other man in this country.
Change of Management.
The Alliance store in this place has undergone a change. Paul A. Brown, who has been in charge for fourteen months has resigned, and his resignation took effect last Saturday. Mr. R. W. Bailey has been appointed by the Alliance to conduct the business. The new management is now taking an inventory. We are not informed as to the reasons for the resignation of Mr. Brown, but suppose it is because he intends to give more of his time to outside work for the People's Party.

To Be Passed.
The Durham Board of County Commissioners are getting a move on themselves—a move for improvement, and we are glad to see it. A liberal spirit, judiciously managed, in a progressive community like this, is a telling card and always pays a big dividend in the end. The court house walks are to be paved, and Chairman Stokes has been designated as the one to see that the work is done all right. This is business and is in keeping with Durham's onward march. It is much better than coal cinders and dirt walks, which show a lack of the proper spirit of the times.

An exchange says: This will be a political season. The campaign lie will be unchained and will roam about seeking whom it may devour. Hurras and torch light processions will be fashionable, and your summer coats will be smeared with kerosene.

Rev. M. H. Wells, of Birmingham, Ala., writes that "daughter and I were cured of rheumatism and neuralgia, after all known medical and climatic remedies had been used by the use of Germetor.

I was troubled with indigestion and blood poison in the form of pimples on my face. I took two bottles of King's Royal Germetor and it cured me entirely."

THOMAS G. HILL, Nashville, Tenn., Oct. 31, 1891.
J. J. Serjants, Sidon, Miss., says: "Our little girl, nine months old was in a low state from summer complaint, and Royal Germetor made her fat as a pig. We believe it is a great remedy."

Mr. P. Bayne, Sr., with Halpin, Green & Co., Philadelphia, was cured of five years' case of catarrh, neuralgia and rheumatism.

Rev. A. B. Vaughan, Canton, Ga., was cured of facial neuralgia, also of a liver and kidney trouble of many years standing, by Germetor.

We are endorsed by thousands of our best known people, and are authorized in saying that Germetor will permanently cure Rheumatism, Neuralgia, Indigestion, Bowel and Liver Troubles, venereal Diseases, Catarrh, Asthma, Bladder and Kidney diseases, Skin diseases, such as Scrofula, Eczema, etc., Paralysis, Epilepsy, Erysipelas, Immense, and General Debility. For sale by all druggists. Price 1.00 per bottle.

Dr. S. B. Weeks, of the Trinity College faculty, spent Sunday and Monday in Durham.

"Excuse me, George, but when I saw you a year ago, your face was covered with pimples; it seems to be all right now." "Yes, sir; that's because I stuck to Ayer's Sarsaparilla, the greatest blood medicine in the world. I was never so well in my life as I am now."

In old times it seemed to be thought that a medicine must be nauseating to be effective. Now, all this is changed. Ayer's Sarsaparilla, one of the most powerful alteratives, is agreeable to most palates, the flavor being by no means medicinal.

WEAVER AND FIELD.

The Ticket Nominations at Omaha by the People's Party.
OMAHA, July 4.—The People's Party Convention held three sessions today, morning, afternoon and evening. The morning session was taken up with speeches and hearing resolutions.

In the afternoon the roll of States was called for members of the national executive committee; the North Carolina members were announced as follows: W. R. Lindsay, Thomas B. Long, S. Otho Wilson.

The platform was adopted and then a scene of boisterous enthusiasm ensued.

When the demonstration had been going on for fifteen minutes, the chairman of the various State delegations took possession of the State banners and headed by a fife and drum band, proceeded to march around the hall, making the complete circuit a half dozen times over. The second round an American flag was attached to every banner and the hoists and cheers took a fresh start, the women this time bearing their share. Numerous mottoes were resurrected from the ante room and anwinded in between the banners. One read "what is home without a mortgage," the other "the people will be damned no longer." White haired, feeble old men tottered around with the procession. Fathers lifted the little ones holding flags in their hands. A mother wrapped her babe of four months in a silk flag, and fell into line. Somebody found a tin pail and it was hoisted upon the Texas banner. A reminder of the Gresham tin pail campaign in Chicago in 1888. One of the Mississippi delegates hoisted a brawny darkey on his shoulders and carried him to the speaker's stand, while the colored man and brother waved the stars and stripes in one hand and a picture of Gresham in the other. The band marshalling the forces in front of the platform, started the familiar strain of "Yankee Doodle," alternating to "Dixie," and the throng giving its throat a rent, kept time with its thousands of hands and feet.

The night session was called to order at 8:30. Hugh Cavanaugh of the Knights of Labor, reported this resolution to the committee: Resolved, That this convention sympathizes with the Knights of Labor in their righteous contest with tyrannical combines of clothing manufacturers of Rochester and declares it to be the duty of all who hate tyranny and oppression to refuse to purchase the goods by the said manufacturers, or to patronize any merchant who sells such goods. Adopted. The platform being adopted candidates for the presidency were placed in nomination. The candidates were Gen. J. No. B. Weaver, of Iowa; Senator J. H. Kyle, of South Dakota; Gen. Fields, of Virginia, and Senator C. H. Vanwick, of Nebraska. Speeches were concluded at 12:30 o'clock when the first ballot was taken. It resulted as follows: Weaver, 295; Kyle, 275; scattering, 2. Made unanimous.

Gen. Jas. G. Field, of Virginia, was nominated for Vice-President on the first ballot; the vote standing Field 733, Terrell 524.

The Delings of the Commissioners.
The Board of County Commissioners were in session yesterday. We take a few lines from their proceedings. Superintendent Leigh was ordered to repair the bridge over Little River, on the Stagville road. A. H. Stokes and Dr. J. F. Crowell were appointed a committee to look into the improvement of the acoustics of the court house and empowered to act in the matter. F. D. Markham and A. E. Lloyd were appointed to superintend the putting up of fighting rods on the court house, with J. W. Friar, the contractor. \$100 was voted to the support of the Durham Light Infantry. Liquor license was granted to the ten saloon men who obtained them from the town, and whose names appeared in this paper last week. A. H. Stokes was appointed to superintend the paving around the court house, a much needed improvement, we are glad to see is to be made.

Resolutions of Respect by Trinity Sunday School.
WHEREAS, God in His own wise purpose on the 23d. of June, 1892, visited the home of Mr. and Mrs. W. H. Rowland, and transplanted their sweet and lovely daughter, Ula, from her earthly home to the eternal one beyond the skies.
RESOLVED 1st, That in her death Trinity Sunday School has lost one of its most faithful and devoted members.
RESOLVED 2nd, That we, as a Sabbath School, tender to the bereaved family our heart-felt sympathy in this hour of sore trial and affliction, and point them to the comforting promises of Him who alone can bind up the bruised heart, and comfort the sorrowing. May they remember that though Ula cannot return to them, they can go to her.
RESOLVED 3rd, That a copy of these resolutions be spread upon the minutes of this school, a copy sent to the bereaved family, a copy to the Raleigh Christian Advocate and city papers for publication.

BAD ERUPTION ON NECK.
Sorely Afflicted Nearly Three Years. Used Prescriptions from Three Doctors without any Benefit.
After using Cuticura Two Days, the Scabs all Dropped Off. Cure was Quick and Complete.

I suffered for nearly three years with an eruption on my neck, and used prescriptions from three doctors during that time which did me no good. I purchased CUTICURA REMEDY, and the second day after using it the scabs all dropped off and never came out any more. Before I used the second set of CUTICURA my neck was entirely well, and has been well ever since, and all that I can say for it is, that whenever I was sorely afflicted I am now well, and all from the use of CUTICURA REMEDY. R. W. SMITH, Lynchwood P. O., Newbury City, N. C.

This is to certify that the above testimony is correct, as I purchased the CUTICURA and saw its effects while using. W. S. HERRA, Notary Public for the State of North Carolina.

Fact Two: They Give a delicious, cool, sweet smoke to the end.
Fact Three: FIVE for TEN CENTS.
Therefore: BUY THEM.

ALL the resources and energies of the executive department of the government are now being directed and used wholly to secure the re-election of the President. Nothing else must interfere with this purpose, and the public business is allowed to take care of itself. The President himself is taking personal charge of every move of the campaign, and Secretaries Foster and Elkins are fetching and carrying under his direction. Commissioner Carter, of the General Land Office, has been elected secretary of the National Committee, to which he must give his time and efforts, though of course his salary, as Land Commissioner, will go on just the same while some clerk performs the duties. Truly, this is a civil service reform administration.
