Tr is the opinion of visitors to our town that Durham is now in the midst of the biggest building movement in her history. They have a correct opinion, too, which is the beauty of it.
THE unkindest cut of all in the Durham county People's party convention was the fact that a man was nominated for an office, and did not get a vote throughout three ballots. The man who nominated him did not even vote for him.
More workmen to be employed. More piling up of brick. Another large store house to gup in a few weeks. This is the vay Durham is whirling along. G. C. Farthing is the next man to take his place in the building procession. The watchword is onward.

The Story was Exaggerated. The Reidsville Review of Friterday contains the following in They Strike, NELSON, N. C., Aug. 12. – [Special.] —There is a serious split in the Third Party in Chatham over the nomina-tion of Hon. J. W. Atwater for the Senate The Dearbly regard to the Wrightsville

The Wrightsville cor-respondent of that paper fur-nished the story which was in substance that Sergeant White, of Company G. 31d Regiment (Reidsville Rifles) had forced his way into the decessing room of a abuse. The Democrats bolt because he is an odious boss in Williams township, and wire puller, and on this line they will fight it out. This leads to a Republican ticket, and certain loss of the Third Party.
