RALEIGH IN A FERTILE.

Mr. Jas. A. Cheek Talks on His Return From The Capital.

Mr. Jas. A. Cheek, who is just back from Raleigh, reports the capital in a ferment on the currency question, there being, he says, but little else talked of. Loge Harris, who, as usual, proposes to have a finger in the pie, threatens, so the rumor runs, to bring with him a crowd of invincibles and make himself heard from in the coming silver convention. The populists are spreading their net to capture the convention, and leading democrats declare that they will not attend under the conditions named. The state convention of negroes, in session while he was in Raleigh, was largely attended, and, Mr. Cheek thinks, was a victory for republicanism in North Carolina, as the intelligent and influential of the delegates were against fusion and for the straight ticket. Just where it will all end, or what will be the final result, Mr. Cheek, like the rest of the thinking people of North Carolina, cannot, at this time tell. He believes, however, that our next governor will be a straight republican, and that the party is stronger today than it ever was.

Miss Radcliff, while out cycling in Hillsboro the other day, discovered when she struck the boards spanning a yawning chasm serving the purpose of a street, that she was not on Brooklyn bridge. Mr. Winder Webb, who accompanied her, reminded her that Orange county had not yet purchased a rock crusher, but not in time to save the wheel.

Castoria.
"Castoria is an excellent medicine for children. Mothers have repeatedly told me of its good effect upon their children."
Dr. G. C. Osceola, Lowell, Mass.

Castoria.
"Castoria is so well adapted to children that I recommend it as superior to any prescription known to me."
E. A. Archer, M. D., 111 So. Oxford St., Brooklyn, N. Y.

"Castoria is the best remedy for children of which I am acquainted. I hope the day is not far distant when mothers will consider the real interest of their children, and use Castoria instead of the various quack nostrums which are destroying their loved ones, by forcing opium, morphine, soothing syrup and other hurtful agents down their throats, thereby sending them to premature graves."
Dr. J. F. Kitchener, Conway, Ark.

ALLEN C. SMITH, Pres., UNITED HOSPITAL AND DISPENSARY, Boston, Mass.

The Centaur Company, 77 Murray Street, New York City.

THE MAJOR WAS THERE.

Major W. A. Guthrie Talks Silver at the Alliance Picnic.

The Alliance picnic, under the direction of prominent Orange County Alliance men, held near Hillsboro Saturday, proved one of the most enjoyable affairs which our people have yet had an opportunity of attending. There was a large crowd present—from eight hundred to a thousand—a number of ladies and a bountiful dinner, every body glad to meet every body else and a good time all around.

The most interesting features of the occasion, and in fact the real object of the meeting, were the political speeches of Major W. A. Guthrie and Mr. W. W. York. At 10 o'clock the first speaker was introduced by Mr. Albert Holmes, and Maj. Guthrie, who has thoroughly studied the currency question and who knows how to entertain as well as instruct an audience, made a two hours' talk which was full of good logic and convincing argument. He showed the necessity of more money, and that free silver was the salvation and the only salvation of the country, in the political crisis with which it was confronted. He made many new friends for silver, and greatly strengthened the faith of those who heard in the success of the Third party—the only party which seems able at this time to grapple with the perplexing problem.

Mr. York, who followed him, took a milder view of the situation, but was no less certain that the Third party was on the right track.

The choir, organized for such occasions, rendered a number of fine selections which were enjoyed. Among the more popular airs were the "Confederate Flag" and "Home Sweet Home."

Rev. D. N. Caveness, pastor in charge of the Hillsboro circuit, including the churches at Hillsboro, Cedar Grove, Walnut Grove, New Sharon, Bethel and Rougemont, has been conducting a series of meetings at the different churches for the past five weeks. He reports good success, seventy-five or more connecting themselves with the church. Meeting commenced at this place second Sunday in October.

Miss Radcliff, while out cycling in Hillsboro the other day, discovered when she struck the boards spanning a yawning chasm serving the purpose of a street, that she was not on Brooklyn bridge. Mr. Winder Webb, who accompanied her, reminded her that Orange county had not yet purchased a rock crusher, but not in time to save the wheel.
