I am Very Truly,
E. C. HACKNEY.

Pueblo, Col., Jan. 18.

A BILL has been introduced in congress this week to restrict immigration. It will probably meet the fate of other important bills, and be tabled or lost.

TUESDAY the democratic conventions, of South Carolna and Iowa joined the free silver tidal wave that will submerge and drown out the Gold bugs at the Chicago convention.

IT IS the opinion of quite a number of prominent democrats who have passed through here the past few weeks that the party should tender to Col. J. S. Carr the nomination for governor, whether he accepts it or not.

PERHAPS no better definition of the political condition of North Carolina at present can be given than that of the Georgia farmer when asked by his congressman about things in that state: "H—ll is flooded, and the river is risin."

THE Leopard who changes his spots from one place to another, has to take a back seat when he comes in contact with the pie hunting politicians of today whose scent is as keen as the blood hounds but more uncertain.

LYNCHING'S still continue. When our courts learn that this state of things is largely due to their slowness and indifference about punishment for a certain class of crime, and how many object lessons do the perpetrators need, o learn that justice will not wa t for judge or jury.

"WHOM the Gods wish to destroy they first make mad" and Spain is today an object lesson of this truth. Her unhuman treatment is recoiling on her. The Cubans are defeating her fever stricken soldiers at every turn, while at home a visitation of providence—drought and insects, has destroyed her wheat and other grain crops.

THE Dockery element of the republican party, composed of some of its best elements, are swearing vengeance against Senator Jeter C. Pritchard for his conduct at the state convention in favor of Danl. L. Russell for governor, and have signified their intention of offering the name of Oliver H. Dockery to the next legislature to succeed Pritchard in the United States Senate.

ON our local page will be found a card of F. A. Green, city attorney, answering an enquiry about the publication of town receipts and disbursements which settles the legal aspect of the case. While most towns of the state are required to make public yearly statements, it appears that under its charter Durham is exempted. THE HERALD is glad to set its readers right on this by the publication of an official letter from the town attorney.

SOME papers and some peopl are saying the colored republicans will not support Russell for governor. They have paid little attention to things political the past thirty years, or their memory is sadly at fault. Never in all this time has the colored element failed to kick at the action of the conventions and breath most dire vengeance against the nominees, yet they have just as persistently and regularly gone to the polls on election day and deposited their ballott for the party candidate. Let no body fool themselves. Some of the colored voters will hold out a long time in hope of being paid to stop kicking, but in November they will vote for Russell, and the balance of the ticket as certainly as the sun rises and sets on that day.

State News.

SHELBY, N. C., May 18.—The republicans in this, Cleveland county, are very mad over the manner in which they were chated out of their vote in the state convention. J. B. Fortune cast the county's two votes for Russell, and the chairman of the county, executive committee says that there are only two Russell men in the whole county, and they are Fortune and another, and says that Fortune had no business to represent the county in that way.

GREENSBORO, N. C., May 18.—Mrs. D. W. C. Benbow, wifte of Dr. Benbow, of this city, died last night at her residence on West Sycamore street, of an illness of about five weeks. Mrs. Benbow was well known and greatly beloved all over the state. She was in her 61st year. She leaves a husband and a son and two daughters to mourn their loss.

HOFFMAN, N. C., May 18.—The boiler in the saw-mill of the Strawsburg Lumber company, this place exploded Saturday at 2 o'clock, instantly killing Bob McLaughlin, aged 24, and Jim Core, age 17, and fatally wounding Bert Williams, all colored.

Free Scholarships.

We are offering eleven (11) free scholarships to the young men of North Carolina, covering tuition, board, lodging and lights (for which others pay us $250 a year), one to each U. S. Senator, the recipient is to be taken from the State at large, and one to each Congressman, the recipient to be taken from his own district. The recipients of these scholarships shall be attentive to duty, shall give us no trouble, shall be physically sound, and shall be chosen by a competitive examination on examination on grammar, spelling, arithmetic, and the geography and history of the United States. The examination shall be held on the 15th of August at such place and before such committee as either of the U. S. Senators may select for his appointee, or as the Congressman of any district may select for his, the scholarship in each case being awarded to the applicant who stands the best examination, in case there should be any scholarships unfilled, applicants for such vacancies may stand the examination in Asheville, on August 26th before the teachers of Bingham School.

Any one who wishes to compete for one of these scholarships is referred to either of the U. S. Senators, or to the Congressman of the district in which he lives for further information.

R. BINGHAM, Supt.

They Made Him Sick.

GOLDSBORO, N. C., May 15.—(Special)—Mr. James H. Holt, Jr., the youg cotton manufacturer who recently went over to the republican party because he was an advocate of protection and was made a delegate to the St. Louis convention, is in this city today by chance, and here met and viewed the returning republican forces from the state convention that last night nominated Russell for governor. In consequence he published this afternoon in the Goldsboro Daily Argus the following letter which speaks for itself:

Editor Argus: It is an old saying but a true one that "self preservation is the first law of nature." Acting on this principle from a mistaken standpoint of view, as to in what consisted my preservation as a purely business question, I have of late lent my aid and influence to the furtherance of the policy of protection championed by McKinley and advocated by the republican party and I have gone so far as to permit myself to be named as a delegate from the fifth, my resident district, to the St. Louis National republican convention. But, Mr. Editor, today in the city of Goldsboro on my way home from the session of the Mystic Shrine in Newberne, I am greeted by a scene that gives me pause and deeper reflection than heretofore.

I have read of the scenes and experiences of '68 as we read of other dark epochs in history, but, reared since that time, growing up under the benign influence of democracy and enjoying only the pacific blessings and elevating experience that appertain to its supremacy, I could not comprehend what "the men of old" endured, nor could my mind formulate a picture so dark as their words painted. Today in Goldsboro I am able to approximate from what democracy has delivered the state and to what we are again tending. I am greeted here by a seething, surging mass of conglomerated humanity, howling negroes and exultant white men, arm in arm, bearing aloft a banner with the painted picture of "D. L. Russell, our choice" for governor and with McKinley badges "on the side." And this is the party with which I have become allied and to this belongs the negro and all with which I am to consort at St. Louis. "My God, Abernethy!" Never. I hereby recant, abjure, abher my affliation with this party that fosters and glories in such scenes in North Carolina. I believe, Mr. Editor, in honest money, sound money, if you will, honest values and in "our" turn at protection to the infant manufacturing industries of the South. But what would industry, however much exerted, amount to in a state dominated by Russell and his mob of howling savages? Yes, Mr. Editor, there is protection, and there is greater protection and for that greater protection I hereby withdraw as a delegate to the St. Louis convention, renounce my affiliation with the republican party, only just begun, I am happy to say, and return an humble but earnest worker in the ranks of democracy for white supremacy in North Carolina, good government economically administered and home protection.

Very truly,
J. H. HOLT, JR.

ST. VITUS DANCE.

A Physician Prescribes Dr. Miles' Restorative Nervine.

Dr. Miles Medical Co., Elkhart, Ind.:
My daughter Mattie, aged 14, was afflicted last spring with St. Vitus dance and nervousness, her entire right side was numb and nearly paralyzed. We consulted a physician and he prescribed Dr. Miles' Restorative Nervine. She took three bottles before we saw any certain signs of improvement, but after that she began to improve very fast and I now think she is entirely cured. She has taken nine bottles of the Nervine, but no other medicine of any kind.

Beyond Description

Intense Suffering With Muscular Rheumatism.

"I hereby certify that for seven years I was troubled with my knee. I used prescriptions and liniments but all to no purpose. The trouble kept growing worse and the joints began to enlarge. My knee became almost stiff and pained me so I could not rest day and night. I had to use Crutches at times and often it would seem as if I would have to have my leg amputated as the pain became almost unendurable. I suffered beyond description. Finally, hearing of Hood's Sarsaparilla I concluded to try it. After I had taken one bottle I felt much better and after taking several bottles can say I am well,

and that I can walk and go around as well as any one of my age. I am 63 years old and work my farm, and my ability to do so I attribute to the beneficial effects of Hood's Sarsaparilla. I advise all who are afflicted with rheumatism in any form to take Hood's Sarsaparilla." EZRA BENEDICT, Stromsburgh, Nebraska.
