WE SHOE THE TOWN!

It's true that we shoe the town, or the greater portion of it. Most shoe stores work hard to see how little they can get into their shoes and how much out of the customer. We make friends by reversing the process. We try to see HOW MUCH VALUE we can give our patrons for their money, and after we get all the goodness into a shoe we know how, we try to see how long we can sell it. Match our Women's \$2.00 or \$3.09 shoes, or our Men's 3.00 or \$3.50 shoes at the price, if you can. Our patrons know they get the best shoe values here.

Freeman Jones Will Hang.

The governor has sent his final report of findings in the case against Freeman Jones, who according to the decree of the court must hang February 8th. He refuses to interfere with the case further.

His reasons for refusing a commutation of sentence is summed up in the following: That Jones entered the house in the dead hours of the night and made a felonious attack on the Barker woman, that while he claimed to be drunk—which was not any excuse for the crime—the evidence showed that he had sense enough to make his escape when he heard help coming, and that he went home, got into bed with his clothes on, and was found there by the officers, that he, the Governor, had written the solicitor and judge asking if there were any ground for a pardon, and they not only state that there is no ground for the pardon, but that the law should be allowed to take its course.

Two Damage Suits.

Two suits have been instituted against the Blackwell Durham Tobacco company for damage alleged to have been received by parties who were in the employ of the company. One complaint has been filed and the summons issued in the other case.

Dave Rone is the plaintiff in the case in which the complaint has been filed. He asks for damages in the sum of \$2,000. He alleges that he was working in the factory and that there was a defective door, which run by weights, and that this door ran against him and knocked out his left eye. This was last November.

The second case is brought by J. H. Moore as next friend for D. H. Moore. The plaintiff alleges that while at work for the company his left hand was caught in a printing press and badly mashed. The plaintiff is a white boy about 19 years of age. The amount asked for is not known, but it is thought that the amount will be \$3,000 or \$4,000. Both suits will be docketed at the next term of civil court.

Mr. Manning's Bills.

Manning: To allow Durham county to issue road bonds.
Manning: To provide for election of school committee of Durham city.
Manning: To provide for election of board of education for Durham county.
Manning: To repeal law requiring four days' work on Durham roads.
Manning: To compel telephone companies to maintain joint stations.

The above bills by Mr. Manning have been introduced in the legislature. Those relating to the schools of the city and county have created opposition in Durham. If you think best to make a change in the present way of running the schools in Durham county and city write Mr. Manning and tell him so, while on the other hand if you think the way our schools have been managed in the past good enough, let him hear from you. Do not put this off and then complain if the bills are defeated or passed, but attend to it at once.

G. S. Shepherd was found guilty of selling whiskey by the grand jury last week and gave bond in the sum of \$200 for his appearance at the next term of court to answer to the charge.

Cotton, Monday, January, 11, 1906.

Dr. J. S. Bassett, who was called here several months ago on account of the illness of his little daughter, Margaret, returned to Smith College, Northampton, Mass., on the 2d instant, accompanied by his son, Richard. The remainder of the family will leave in a few days and will make their home at Northampton in the future.
