We are having lot of chills and

fever in this community.

H. M. O'Neal is having chills. Hope he will soon be all right.

There was sad news come to this community last Saturday. Claud Bevers received a message from Raleigh, that his son, Clarence, was killed by the train. He was a railroad man, and on his line at a switch. He started to make a step and his foot slipped and fell and burst his head.

The way I heard the accident happened. Afterward he was brought to his father's home in this community. He left wife, one child, father and six brothers and sister unmarried and three married. The burial service took place on Monday at Andrews Chapel.

"SHAKER QUAKER."

H. M. Bridwell, of Fountain Inn, S. C., came here about one week ago to visit J. P. Cambell, his wife's father, and was in a feeble condition when he arrived in Durham. After an illness of about one week he died last Monday afternoon at 2:45 o'clock.

Sunday afternoon an operation was performed, which was very successful, and Monday Dr. Willie returned to New York. At last accounts Miss Duke was getting on as well as could be expected.

A Pretty Church Wedding.

A pretty church wedding was solemnized in the First Presbyterian church last Tuesday at 6:30 o'clock, when Miss Elizabeth Rawls, daughter of Mr. and Mrs. Q. E. Rawls, was given in marriage to Mr. W. J. Strickler. The ceremony was performed by Rev. E. R. Leyburn.

Immediately after the ceremony was performed Mr. and Mrs. Strickler left over the Southern for Greensboro. They expect to return to Durham and make their home here.

Lonnie and Arthur Moore were sent to the roads by the mayor Tuesday for violating the quarantine laws. Sometime in May they had the small-pox, and upon promise to the county health officer that they would remain at home, they were allowed to remain at home and not go to the pest house. They violated their promise and were arrested and sent to the roads for 20 and 30 days respectively.

THE MERCHANTS ASSOCIATION.

The New Telephone Rate Came up for Discussion Tuesday Night.

The Merchants Association of this city met in regular session Tuesday night. Besides the regular business, two matters of special importance was discussed—the telephone rates and hotel accommodations.

In discussing the telephone rate the merchants concluded not to make any kick on the price charged for business phones, but to ask the company to hold to the old rate for residence phones. In reaching this conclusion the fact that the rate in Raleigh for residence phones is only \$1.50, Wilmington, \$2, Charlotte, \$1.50, and Asheville, \$2, was considered. The attorney for the merchants was instructed to fight the matter out if no agreement was reached between him and the telephone people.

Since the destruction of Hotel Carolina Durham has been in bad shape for hotel accommodation. This matter was brought before the meeting of the merchants Tuesday night, and a committee was appointed to go before the city aldermen to advise to see if something could not be done to secure better hotel accommodations for Durham. There is some talk of a new hotel, but as yet no active steps have been made to secure such a place. Now that the merchants have taken up the matter it is hoped that soon Durham will have a nice hotel for the accommodation of travelers.

Business in Other Hands.

The Durham Light and Power Company, which has been in all kinds of trouble for some time, during which the sheriff has had an oversight over their affairs, is now in the hands of a new concern that will continue the business and pay off all claims. Mr. J. H. Martin, the new president, has arrived in Durham, and now has charge of the business, which it is claimed now has plenty of capital to carry on the business in good shape. The company expect in a few days to move into the new offices being fitted up for that purpose in the Farthing-Warren building, when they will get in some new ranges and push the business for all there is in it.

Panama Canal—Erie Canal.

Machinery is digging the Panama Canal a thousand times quicker than the shovel dug the Erie.

Machinery produces the L. & M. Paint at 50 times less cost for labor than if made by hand.

The L. & M. gives the best job in the world, because L. & M. Zinc hardens L. & M. White Lead and makes L. & M. Paint wear like iron for 10 to 15 years.

It only requires 4 gallons of this celebrated Paint and 3 gallons of Linseed Oil at 60c. per gallon, to paint a moderate sized house.

If any defect exists in L. & M. Paint, will repaint house for nothing.
