Howard said that he was well paid for his trip down there as he was so highly entertained, and as he had so many good things to feast on in the eating line.

They said that two churches sent letters to join another association, and two other churches sent letters desiring admission into the Flat River association. We are glad to say that Rock Grave was admitted with the other church into the association.

Button Dunn will continue to run Barton's mill another year and Mr. Dunn has given general satisfaction since he has had charge of the mill, and he says if the people will bring him good wheat, clear of onions, that he will make them as much flower and as good as any other mill will make, but he cannot insure excellent flower and a large quantity out of wheat with onions in it.

Roper lost a good pitch fork that belonged to W. A. Barton the day that J. P. Tingen thrashed wheat, and I would thank any one to let me know of its whereabouts.

Messrs. Zack and Daniel Long, thrashed wheat last week through our community, on the South side of Flat river, and the farmers were well pleased with the work they did and some one said that they trimmed out the chickens on that side of the river. Messrs. A. P. Clayton and Geo. R. James thrashed through the same community on the North side of Flat river and Mr. Clay-

ton said that they put down and took up and thrashed one mans crop in ten minutes, who only had ten bushels.

A Lazy Liver

May be only a tired liver, or a starved liver. It would be a stupid as well as a savage thing to beat a weary or starved man because he lagged in his work. So in treating the lagging, torpid liver it is a great mistake to lash it with strong drastic drugs. A torpid liver is but an indication of an ill-nourished, enfeebled body whose organs are weary with overwork. Start with the stomach and all organs of digestion and nutrition. Put them in working order and see how quickly your liver will become active. Dr. Pierce's Golden Medical Discovery has made many marvelous cures of "liver trouble" by its wonderful control of the organs of digestion and nutrition. It restores the normal activity of the stomach, increases the secretions of the blood-making glands, cleanses the system from poisonous accumulations, and so relieves the liver of the burdens imposed upon it by the defection of other organs. If you have bitter or bad taste in the morning, poor or variable appetite, coated tongue, foul breath, constipated or irregular bowels, feel weak, easily tired, dependent, frequent headaches, pain or distress "small of back," gnawing or distressed feeling in stomach, perhaps nausea, "rising" in throat after eating, and kindred symptoms of weak stomach and torpid liver, no medicine will relieve you more promptly or cure you more permanently than Doctor Pierce's Golden Medical Discovery. Perhaps only a part of the above symptoms will be present at one time and yet point to torpid liver or biliousness and weak stomach. Avoid all hot bread and biscuits, griddle cakes and other indigestible food and take the "Golden Medical Discovery" regularly and stick to its use until you are vigorous and strong. The "Discovery" is non-secret, non-alcoholic, is a glyceric extract of native medicinal roots with a full list of its ingredients printed on each bottle-wrapper and attested under oath. Its ingredients are endorsed and extolled by the most eminent medical writers of the age and are recommended to cure the diseases for which it is advised. Don't accept a substitute of unknown composition for this non-secret medicine of known composition.
