d. He puts in our hearts the gladness of answered prayer.

e. He puts in our hearts the gladness of love.

g. He puts in our hearts the gladness of sin removed.

h. He puts gladness in our hearts when He saves our children.

i. He puts gladness in our hearts when we think of eternal life.

j. He puts gladness in our hearts when the church is united.

On last May, 12 months, I took the work of building up a church at Rock Grove, under very dark and opposing conditions, and some encouraged the work while others said it would never be a success. However, after much meditation and prayer I decided to enter into the work, which was not very pleasant at first, notwithstanding the monthly congregations continued to grow all the while, and now I think the outlook is very bright for the child church of the Flat River association. On last Friday I closed the revival service, which resulted in the addition of seven members, and I can say that I was never more gratified than to have Rev. B. D. Thames to aid me in the meeting and the influence of his preaching will go on down through the history of the church and will put in motion a wave of praise to our God. Bro. Thames now has a strong field in Virginia, but I think that he is inclined toward the Old North State, and let some of the North Carolina churches that

are without a pastor offer him some inducement.

### Killed by a Train.

Last Saturday morning early as John Wilkins, age 38, was walking along the Seaboard Air Line track he stepped off upon the Southern track to get out of the way of a train. In doing so he did not notice that another train was coming on the Southern track and stepped immediately in front of the local freight on the Southern.

The result was that before anything could be done, he was struck by the engine and knocked against a mile post. The engineer gave every signal he could, but those that saw the accident said that Mr. Wilkins appeared to pay no attention to them, possibly thinking they came from the train he saw. Death resulted at once.

The remains were prepared for burial and the interment took place Sunday afternoon. Mr. Wilkins left a wife and three children, and those that knew him said he was a hard-working, industrious man.

Many professions are reported from the tent meetings that are in progress in the Northern part of the city, and much good is being accomplished.

News was received in the city last week of the marriage in Washington City of Miss Bessie Phipps to Mr. J. H. Pender, of that city. Miss Phipps formerly made this city her home and was a sister of J. J. Phipps, of this city.

## SHORT LOCAL ITEMS.

Read the change of ad of Miss Katie L. Johnson in this issue.

The mayor held three sessions of court Monday to accommodate offenders that came in late to air their troubles.

Dr. J. T. McCracken and bride have arrived in the city and are now at home to their friends at their residence on East Trinity avenue.

The New Baptist church in North Durham was dedicated last Sunday afternoon and organization perfected. Appropriate services were held Sunday afternoon and night.

Steward Coley, age 25 years, died at his home on Ramsour street Monday afternoon, after a lingering illness. The interment took place in Maplewood cemetery this afternoon, the funeral being conducted by Rev. T. A. Smoot.

A runaway engine on the Southern railway was stopped by Yardman Satterwhite one day last week which averted a collision with a passenger train. Just how the engine came to be moving is not known to any the railroad men here.

L. A. Vickers, who is well known in Durham, died Monday about noon. Acute gastritis was the cause of his death. He is survived by a mother, a wife and nine children. The burial took place Tuesday afternoon at the home of his mother, on the Fayetteville road at 3 o'clock.

The Durham firemen are attending the Firemen's Tournament at Wilmington this week, and it goes without saying that they will have a good time, and here's hoping that they will win some of the prizes in the contests that will take place.

Lonnie Saunders was struck by a train on the Seaboard road Monday afternoon. He was under the influence of whiskey and seemed to pay no attention to alarm from the engineer. He was brought up town after the accident and the attending physician did not think he was seriously hurt.

The remains of Mrs. E. J. Brown, who died at her home in Petersburg last week, reached Durham last Saturday afternoon and the interment took place at Maplewood cemetery. Mrs. Brown made Durham her home for a number of years and was well known here. She was the mother of P. A. and H. J. Brown of this city.

Officers from High Point came here last Saturday and served papers on John Andrews, whose home is in this county, for seduction. He arranged a bond of \$1,500 for his appearance at Guilford court and the officers returned to their home without him. The facts in the case will doubtless be brought out at the trial.

### THE JAMESTOWN VISITOR.

If persons who anticipate a visit to the Jamestown Exposition will write to Miss Eliza A. McGill, publisher of "The Jamestown Visitor," 141 Plume street, Norfolk, Va., they can learn of first-class stopping places in the best neighborhoods of Norfolk and vicinity where lodging and breakfast can be had for \$1.00, \$1.25, or \$1.50. Miss McGill will also be glad to meet visitors on arrival and escort them to places where they will be thoroughly comfortable during their visit to the city.

### J. F. Harward Elected Sheriff.

The session of the county commissioners this week has been an important one for many reasons. The first reason is that they had to select a man to fill the unexpired term of the late Sheriff Markham. There were three candidates for the position—Messrs. L. B. Markham, J. J. Thaxton and John F. Harward. After the vote was taken Mr. Harward was declared elected.

Another matter of importance acted upon by the board was the letting of a contract for an iron bridge over Ellerbe creek near the home place of Mr. Fred Geer. This contract was awarded to an Atlanta firm and work is to begin as early as possible.

After allowing accounts and looking to other matters pertaining to the welfare of the county, the board will adjourn for the term, as there is no other matters of special public importance to come up at this meeting.

### Struck by Street Car.

Hubert Dupree, son of W. R. Dupree, was badly hurt by being struck by a street car last Friday. It was one of those accidents that no effort could have saved him after the danger was in sight. The boy who is only 12 years of age, was on a wagon loaded with lumber, which was standing off the side of the track when the car was approaching. He stepped off the wagon on the track just in front of the moving car. In a moment he was struck by the car and the fender saved him from going down under the wheels.

He was carried to the hospital, where it was found that both bones in his right leg just below the knee were broken. At last accounts he was getting along as well as could be expected, the leg being the only wound of a serious nature, the other wounds being only bruises from coming in contact with the car.
