From Timorlake.

It has been announced that Rev. J. B. Thompson is to preach a sermon next Sunday pertaining to the heavenly recognition. Mrs. Laura Tingen, of Ai, is now visiting her sister, Mrs. Fletcher Satterfield, in the eastern part of the state. Last Sunday night while the rain was falling so gently, Roper placed a wash-tub under the eaves of the house to catch some water, but it seemed that I could not get the tub down level, so I got the lantern to see how, and when I moved the tub one of the biggest copperhead snakes that I ever saw crawled from under, and not having any weapon the snake crept under the house, and supposing that his snake-ship was there after water, I waited a while and returned with my light and fire shovel, and sure enough he was there, and I succeeded in dealing him a death blow with the shovel, which caused me a great deal of relief, for I was fearful that he would come into the house, and I knew that he was a real snake. I passed through Surl town last Sunday and there I saw the largest pile of corn that I have ever seen this year, which was owned by Luther Satterfield, of that place.

asked me to continue this time through the winter, and all the year, and I may decide to do so.

Last Monday the writer went into the store of Reade Bros & Co., of this place, and I found their fall stock complete in every department, and the cost of their goods was reasonable. The persons composing this firm are the best men in Person, and we never saw more polite and more accommodating men than Messrs. Garland Chambers, J. G. Bowles and George Bowen, who have the business in hand and Mr. Bowen has charge as chief manager.

Mrs. Martha Moore, of Mt. Tizah, who was 90 years and 4 days old, passed away on the 28th, and was laid to rest in the family burying ground on the 29th. Mrs. Moore was a member of Mt. Tizah church for 60 years up to the time of her death. She leaves a host of friends to mourn for her and two sons—Ned and Sidney Moore.

Roper has been to the corn huskings in Seuffie town this fall and all three were good crops, and the last I went to was J. L. Yancey's, and how the boys enjoyed the beef steak was shown by their bleating and lowing like a calf.

From Lillan.

Nice weather for shucking corn and picking cotton and all other farm work, but the gathering of crops will be a thing of the past.

Z. P. Ferrell shucked corn three nights last week and I do not know how many days. His pile was guessed from 60 to 75 barrels. He can afford to trade horses again for he has enough corn to feed horses and some pigs too.

The little child of Mr. and Mrs. W. Tilley is right sick at their home near here, but we hope it will soon be well again.

Mrs. A. Ferguson fell through the door step Saturday afternoon and was considerably bruised up, but no limbs were broken. She is getting along as well as could be expected.

C. G. Hill is suffering with rheumatism and is right feeble. Hope he may soon be able to go about his work again.

S. W. O'Neal and Sidney Jones, of Warren county, have been visiting in this community recently.

J. R. Ray is adding another story to his dwelling, which adds much to the looks of the place.

G. H. O'Neal, of Durham, will spend a few days next week with homefolks.

Mr. and Mrs. A. D. Ross had a young lady to claim board at their home a few days ago.

All ready for your photo. Your Morrisville correspondent has a new outfit, and will, with some practice, make some fine photos.

I attended the fair at Raleigh, and agree with our editor. He said enough for all, for I guess everybody sat down that could when they returned home. I did. Plenty of birds now, but when the time comes to hunt they will go to the other man's plantation.

Morrisville, Route 2.

Their was a marriage in this community Saturday night.

The parties being H. N. Roberson and Miss Ina Richerson. We wish them a long, happy and successful marriage.

Miss Lydia Parham will pretty soon take the school in charge at Oakland. The children are anxious for the school to begin.

Mr. and Mrs. Ed Ferrall and daughter, Ruby, of Fayetteville, are visiting relatives and friends in this community.

Rev. J. S. Thompson filled his first appointment at King's Chapel church last Sunday.

Some of the people in this section are preparing for cold weather by repairing their dwelling houses.

Mrs. Quincy Shaw crossed the narrow stream of death last Saturday. The cause of her death was heart trouble. Deceased leaves husband and a number of children and friends and relatives to mourn the death of the mother.

Am glad to state there is but little sickness in this community at present hope we will continually receive this great blessing in the future. J. F. F.

Girl Burned to Death.

News reached the city Saturday telling of the burning to death in the edge of Wake county of a little three year old girl, the remains being laid to rest at Andrews Chapel, some eighteen miles from this city, Saturday afternoon.

The little girl who was burned to death was little Miss Mary, the three-year-old daughter of Felix O'Neal. She was practically baked alive and did not live but a short while after she was burned.

From what can be learned it seems that the mother went to the second story of the home, leaving little Mary and several other children in the room. Soon after she reached the second floor the cries and screams of distress of the little ones called her back to the first floor. There she found that her little daughter was on fire, her dress evidently having ignited in the back. The mother risked her own life and did all she could to stop the flames and to give help until the arrival of a physician, but the child was so badly burned that nothing could be done to save its life.

Saturday afternoon the funeral and burial took place. Several of the relatives and friends in this city were notified of the death and went out to attend the funeral.

Judge Cooke to Preside.

Owing to the announcement that Judge Council had suffered a relapse, and was not able to hold court any more in the near future, the announcement has been made that Judge Cooke will hold court in Durham beginning December the 2d, and Judge Ferguson will hold court in Guilford beginning December the 9th.

These terms are for the trial of criminal cases only and will be for for one week. It is thought that by filling in vacant weeks of other Judges the full number of courts to be held by Judge Council may be held this fall.

Died in Orange.

News has been received here of the death in Orange county, near Chapel Hill, of Charles McCauley, son of the late M. A. McCauley, better known as "Coon" McCauley. He died last Thursday night and the funeral and burial took place on Friday. He was 27 years of age and left wife and one child. There are also three brother, four sisters and mother. Many other relatives and friends that we do not

SHOOTING NEAR NELSON.

Haywood Tharp, colored, in Lincoln hospital.—Andrew Clark at Large.

Haywood Tharp, colored, is in the Lincoln hospital, and officers are looking for Andrew Clark, who is charged with having shot Tharp. The shooting occurred near Nelson Saturday morning at 5 o'clock. From the officers it is still learned that Clark is still at large.

There was a general row on, so far as could be learned, when the shooting occurred. There were a number of negroes employed at a saw mill owned by W. S. Barber, of West Durham, the mill being located near Nelson, in this county. Saturday morning there was such a downpour of rain that the work for the day was called off and all hands went to quarters.

Soon after the negroes had gone into their quarters Mr. Barber went around and found in one of the snacks that there was a fuss on and he detected the smell of whiskey. He called to the men to stop the fussing and this was promised. Soon after he passed from the snack, there was a general rush and in a moment the negroes began to run out. Then he saw Haywood Tharp as he made away from the scene and heard three shots from a pistol each in quick succession. Andrew Clark was working the other end of the gun.

After the third shot Tharp fell and Clark ran off, coming so it was reported here, in the direction of Durham. On examination it was found that two or three shots fired had taken effect in the body of Tharp. One ball struck him in the left back and passed out in the region of the left nipple. This ball did not enter the cavity. The second ball to take effect struck him in the hip and it was then that he fell and the alarm was given.

Tharp was immediately brought to Durham and placed in the Lincoln hospital. The physician attending him made a very thorough examination and it is now hoped that his life will be saved. While the wounds are of a serious nature there is no reason why there should be fatal results unless blood poisoning, or something of that kind sets in.

Sent Over to Court.

When the case of John Freeman and Vernon Jordan was called in the mayor's court Friday, Robert Smith was a witness, and before the case was over, which Freeman was bound over to court, Smith was charged with being connected with the cutting and sent over to the grand jury under a bond of \$100. Vernon is still in the hospital.

Walter Whitted and George Eaton got into a fight at one of the factories. Whitted gave bond in the sum of \$50 and Eaton was required to give bond in the sum of \$25.

What Our Reporter Saw in New York.

A recent visit to some of the largest paint factories in the world disclosed a factory that was producing 15000 gallons of paint, and doing it better and in less time than 100 gallons could be made by hand mixing. This was the celebrated J. & M. Paint. The J. & M. Zinc Barrels, J. & M. White Lead and makes L. & M. Paint wear like iron for 10 to 15 years. 1 gallon L. & M. mixed with 1 gallon Linseed Oil makes 7 gallons of paint at a cost of less than \$1.25 per gallon. If any defect exists in L. & M. Paint, will repaint house or building. Directions of L. & M. made to churches. Sold by Hackney Brothers, Durham.
