VOLUME 88.

DURHAM, N. C., NOVEMBER 19, 1907.

NUMBER 57.

### NEWS FROM OUR REGULAR CORRESPONDENTS

Items of Interest from Various Places as Viewed and Told by Those on the Field.—Personals.

#### From Timberlake.

Atlas Brooks and daughter passed this way a few days ago on their way to Roxboro to visit their friends in and around that place.

Corn huskings will soon be over, and we are glad for the corn feels cold to our hands these nights and mornings.

One hunter killed forty birds in one day this season, another killed twelve birds and two rabbits and a squirrel.

Some of our neighbors have fine hogs for this killing and I expect to be able to report the weight after killing.

One or two of our neighbors got their corn shucked and cribbed, and the shucks housed all in the same day, let me tell you that is the way to be neighborly.

Roper had one corn stalk that measured between 7 and 8 inches around, which is the largest I ever saw.

Beam Reams discovered a few water fowls on Barton's pond a few days ago and supposed that they were wild ducks. Mr. Dunn told Mr. Reams if he would kill them he would give him ten cents a piece for them. When Mr. Reams went out and killed some of them he found that they were disappearers, so Mr. Dunn failed to get his duck pie.

The following is a report of the crops of corn our neighbors made this year: J. R. Cash, 75 barrels, D. J. Rogers, 200, T. A. Noell, 125, James Gooch 100, and Marion Sneed 75.

It has been reported that Mr. Bradley, who was to occupy the new building at this place has been crippled.

Ed Chambers has a horse that has been taken with blind staggers, and David Clayton was called in and took two gallons of blood from the horse and applied some other remedies, and the horse is improving. It is talked around that Mr. Clayton is one of the best horse doctors in this part of the country, and seldom fails to give the horse relief if called in time to treat him.

A stranger passed this way a few days ago badly crippled, limping and walking with a stick and some one said that he was a graduated tramp as he was too young to have been a soldier and some are now predicting that we will be bothered with lots of tramps on account of the money panic. A gentleman present remarked that if this was a panic that it was so light that it could not be observed.

Will Bradsher killed a very peculiar varmint last Friday. Some pronounced it a pole-cat. Its tail was bushy and curled up upon its back like a squirrel, and it had a small bunch of white hair upon the top of its head which stood up like a top-not.

Mr. Bradsher skinned the animal and several people have been able to give the varmint a name.

While we were sitting around the dining table of Mrs. Ida Reams the day she had her corn husking, Mr. G. W. Moore, remarked that it did one good to get off from home once in a while and partake of such dinners as Mrs. Reams served.

Roper finds that if he gets many more new subscribers for The Recorder that he will have

most all for several miles around are taking it. And about three years ago I do not know of a single person in this community that was taking the paper. All who read The Recorder speak many kind words of praise for it.

ROPER.

#### Suri News.

Our people are about over the rush of gathering corn and sowing wheat.

A. W. O'Bryant, of Timberlake, has made the corn this year that is worth talking about. His crop at home is over the average and he has a farm near Suri which is cultivated by B. T. Chandler, and he made so much that Mr. O'Bryant would not haul all of his part home, but made arrangements to keep it hear.

J. R. Blalock visited his mother, Mrs. W. P. Blalock on the first of November.

I am of the opinion that Mr. Thomas Frazier has gone into winter quarters as I have not heard from him in some time. Hope he will soon thaw and come again.

Thomas Clayton, a representative of the Hycow warehouse at Roxboro is making things hum.

WONDER.

#### Death of Mrs. Andrews.

Mrs. Lillie Durham Andrews, wife of Mr. James P. Andrews, and only daughter of Mr. S. C. Durham, passed away at her home in Bethel neighborhood on the morning of Nov. 6th, 1907. Mrs. Andrews had been in poor health for many months, suffering with that most dreaded disease, consumption. She lived a consecrated Christian life, and was loved by all who knew her. Bethel neighborhood and its most hospitable people ever held a warm corner in her heart. It was here the best days of her life were spent and when her last hour came and the God of eternity called her to her everlasting rest, it was her desire that beneath the shady trees of Bethel church's Silent City, on its sloping hillsides, surrounded by the beauty, happiness and contentment of our people, where the flowers are sweetest and the birds warble their most melodious songs, should be the eternal abiding place of all that was mortal of her. Her life was completed, if work all done and well done constitutes completion. Her Christian life was beautiful from its beginning to its close, and through all the vicissitudes and sorrows that she met in the way her faith in God never wavered. But she has left us and to-day the autumn leaves fall upon another grave that hides from our sight all that is mortal of a true and noble woman.

Impressive funeral services were conducted by the Rev. Mc Duffie, after which the remains of this good woman in Israel were tenderly conveyed to the Silent City, where, by the side of mother and sister, she now rests in peace. The family have the sympathy of all their friends in the loss of their loved ones.—Chapel Hill News.

News was received in the city Monday that the child of W. A. Wilson, formerly of this city, now of Alamance county, was burned to death. Full particulars were not received.

#### Died of Fever Attack.

Mrs. W. C. Couch died at the Watts hospital Friday morning at 6:50 o'clock. Typhoid fever was the cause of her death. She had been extremely ill for some days and her death was not unexpected by those who had been watching by her bedside.

After which the remains were taken to the home on Willard street and there the funeral took place Saturday morning. After the funeral the body was taken to the old home at Pamplin, Virginia, where the interment took place.

Mrs. Couch was 37 years of age. She leaves a husband, who is one of the mail carriers in this city and three children.

#### Marriage of a Popular Couple.

On November the 15th, at 3 p. m., at the residence of her father, Jefferson Franklin Turner, of Hillsboro, led to the hymenial altar Miss Emma Lawrence Kenion, of Hurdle Mills Route 1, daughter of W. M. Kenion. Rev. M. M. McFarland, of Hillsboro, said the words that made them husband and wife.

The popularity of the young couple was attested by the many tokens they received. The attendants were: B. W. Kenion and Miss Kate Turner, J. R. Kenion and Miss Sue Turner, J. G. Turner with Miss Jeanne Kenion, Van Kenion with Miss Claudia Nichols, W. W. Walker and Miss Annie McBroom.

#### Thanksgiving Day—Orphans Day.

The work of the orphans' homes of North Carolina appeals strongly to our judgment and to our sympathies. It merits our heartiest support.

In helping to provide for homeless, orphan children a home, a tender care, and an opportunity to obtain training for life, we perform a service the value of which is at present great and, in the future, will be multiplied beyond measure.

The Thanksgiving season has been set apart by the good people of this State as a time of special effort for an aid to our orphanage.

This is a beautiful and praiseworthy expression of the spirit of gratitude and is, we are sure, pleasing to the great and loving Father of the fatherless.

The thank-offerings at Thanksgiving are a real factor in the maintenance and improvement of our orphans' home.

We bespeak for 'this most worthy work even the greater interest and love of a people who are signally blessed of God, a people who have abundant cause for gratitude. We believe the offering will be made gladly and that they will be truly large and liberal.

#### Glenn School Tax Voted.

The special election for a special tax for Glenn school district was held last Friday, and the voting was two to one in favor of the tax.

The extra tax will amount to five hundred dollars for the district and the state will add \$500 to this amount, and if they build and maintain a High School the county will also add \$500 to this—making a total of \$1,500 more than they have had before. Efforts will be made at once to get the money to erect the high school building.

The work of taking the census of prescriptions issued by the doctors of Durham, as required by an ordinance of the city aldermen, has been completed. There were about 2,500 prescription issued during the past four months. The person to whom the prescription was issued, the doctor issuing it, and the druggist filling the same are now a matter of record for the board of aldermen. The purpose of the law was not explained, but it is supposed that they will be guided by the number prescriptions filled when it comes time to issue license again.

#### What Our Reporter Saw in New York.

A recent visit to one of the largest paint factories in the world, disclosed machinery that was producing 10,000 gallons of paint, and doing it better and in less time than 100 gallons could be made by hand mixing. This was the celebrated L. & M. Paint. The L. & M. Zinc hardens L. & M. White Lead and makes L. & M. Paint wear like iron for 10 to 15 years. 4 gallons L. & M. mixed with 3 gallons Linseed Oil makes 7 gallons of paint at a cost of less than \$1.20 per gallon. If any defect exists in L. & M. Paint, will repaint house for nothing. Donations of L. & M. made to churches. Sold by Hackney Brothers, Durham.
