Subscription Rates:
One year \$1.00
Six months 50 cents
Three months 25 cents
Rates for advertising made known on application.

DURHAM, N. C., Nov. 22, 1907.

The stringency in the money market seems to have little to do with the marriage industry in this city, and for that matter other places in this section.

SPECIAL tax districts are on the increase in Durham county and they must be good for none of the communities that once vote this special tax seem to want to go back to the old way, and new ones that have the light of their experience to go by are joining them.

RALEIGH prohibitionists are again up against it as their election will not be held owing to some technicality in calling of the same. However, if they have a majority of the voters on their side it will only be a matter of time when they will be able to carry their point and the delay if caused by friends that favor the dispensary will lose them votes.

The Financial Storm Dying Away.

Every intelligent observer must have noted that with the exception of a few New York institutions, banks all over the country have stood entirely unshaken by the financial troubles. Failures have passed the insignificant normal average very little if at all. As a rule, wise foresight was shown, and ever since the New York outbreak the practically universal disposition has been to err on the side of caution. Taking into consideration of prudence of scary people to make fools of themselves in times like these, banks guarded against such possibilities more than amply. The banks of Charlotte, the South and the country at large are to-day carrying altogether exceptionally heavy reserves of money and currency. Whenever such devices as clearing house certificates and limited cash withdrawals appeared even remotely necessary to render banks fool-proof as well as facilitate the community's business they have been unhesitatingly adopted. The scary person was given the least possible chance or excuse to injure the common welfare, and in point of fact his activities were very moderate. He increased and has prolonged the money tightness, but this tightness and the resulting injury has been such as arose almost entirely from the need of caution which his very existence created. While it cost something to guard against his making wreckage, the cost was paid and he made none. He cannot further hurt, but he can now turn helper and is in fact beginning to do so. Whatever general business contraction may be ahead, the financial crisis has been safely weathered, and the hoarders, regaining confidence with time, becomes a rational human being once more. Already, hoarded Eastern money is returning to circulation in response to offers of premiums, and the Treasury's forthcoming \$100,000,000 three per cent. certificate issue at par—virtually premium paying by the government—will accelerate the movement. Other government relief measures will have the effect of largely offsetting such insensate hoarding as may still continue. Financial conditions in this country to-day are so thoroughly and

visibly sound that only a man too timid by nature to be worthy of the name can lack full assurance regarding them. —Charlotte Observer.

Death of Mrs. Beavers.

Mrs. Polly Beavers died at the home of her daughter on Watts street Tuesday. She had been extremely close to death for sometime, paralysis being the cause of her trouble, and her death was no surprise to those who had been watching by her bedside.

The remains were taken to Andrews Chapel, in the county, where the interment took place. The funeral service was conducted from the home.

Mrs. Beavers had been extremely ill for sometime and the announcement of her death was no surprise.

In the Hands of Receiver.

The jewelry firm of Jones and Frasier, who have been doing business in Durham for several years, is in the hands of a receiver, W. J. Griswold of this city having been appointed. Mr. Griswold has given bond in the sum of \$10,000 and now has charge of the business, which will be closed out or settled up as early as practical.

Recently this firm endeavored to sell off their stock by auction so as to have ready cash to meet their bills, but such effort did not relieve the situation. The assets of the company are given at about \$30,000 while the liabilities are put down at about \$13,000.

Before the present firm was incorporated, the business belonged to M. H. Jones and W. G. Frasier became the principal stock holders.

Argued in the Supreme Court.

The case against Major Guthrie, the negro convicted of the murder of his wife in Durham superior court, was argued in the Supreme court this week and his fate is now with that court.

The facts of this case have been told the public so often that all of our readers are familiar with them. The case was tried here and the negro was sentenced to be hanged, but the sentence was held up on account of an appeal to the Supreme court. The decision of the court is expected in the near future.

Another Special Tax District.

Another special tax election has been held in Durham county and the result was that Redwood school district will have the special tax for which the friends of the move have been working for some time.

This adds another to the special tax districts in Durham and with another that is to vote on the question next week—White's Cross Roads—will make for this county six special tax districts. They are East and West Durham, Rougemont, Glenn and Redwood districts.

Spot Stanford Arrested.

The police have for some time according to facts brought out at the trial of Spot Sanford Tuesday, been watching Stanford as he has been suspected of conducting a blind tiger, and the first of the week his arrest followed.

When the case was brought before the mayor for trial the evidence was such that he was bound over to superior court under a bond of \$100, which he gave and was released.

A negro by the name of Simon Day went out to Newtown one night this week and tried to raise all kinds of disturbance. He was arrested and then it was that he tried to cut the officer with a knife. His case was tried by the mayor Wednesday and he was sent over to the higher court under a bond of \$25. The case against him was for destroying personal property and he was fined \$5 and the costs for disorderly conduct. No charge was made against him for attempting to assault the officer.

C. L. Townsend, of Rougemont, sold tobacco Wednesday at the Banner Warehouse. One load brought him \$188.84. He was well pleased with the price.

Sam Slaughter, of Rougemont, was here Wednesday with tobacco. Mr. Slaughter was well pleased with the prices he received for his tobacco, some of which brought as high a price as \$60 per hundred. He sold at the Banner Warehouse.

The clerk is preparing the court docket for the next term, which will be presided over by Judge Cooke. There are now ready for trial two hundred and twenty-one cases, about 52 of the prisoners being in jail, while the others are out on bond.

Raleigh, N. C.

British Sharks.

British sharks are very substantial facts. The largest of them is an innocuous giant that basks in the sunshine and perhaps feeds on nothing larger than a shrimp. But the blue shark and porbeagle, both of which grow to a length of several yards and a weight of hundreds of pounds, are vicious pests and most unwelcome on the fishing grounds.

DOCTORS MISTAKES

Are said often to be buried six feet under ground. But many times women call on their family physicians, suffering, as they imagine, one from dyspepsia, another from heart disease, another from liver or kidney disease, another from nervous prostration, another with pain here and there, and in this way they present alike to themselves and their easy-going or over-busy doctor, separate diseases, for which he, assuming them to be such, prescribes his pills and potions. In reality, they are all only symptoms caused by some uterine disease. The physician, ignorant of the cause of suffering, keeps up his treatment until large bills are made. The suffering patient gets no better. The disease, the wrong treatment, but probably worse. A proper medicine like Dr. Pierce's Favorite Prescription, directed to the cause, you have entirely removed the disease, thereby dispelling all those distressing symptoms, and instituting comfort instead of prolonged misery. It has been well said, that "a disease known is half cured." Dr. Pierce's Favorite Prescription is a scientific medicine, carefully devised by an experienced and skillful physician, and adapted to woman's delicate system. It is made of native American medicinal roots and is perfectly harmless in its effects in any condition of the female system.

As a powerful invigorating tonic "Favorite Prescription" imparts strength to the whole system and to the organs distinctly feminine in particular. For overworked, "worn-out," run-down, debilitated teachers, milliners, dressmakers, seamstresses, "shop-girls," house-keepers, nursing mothers, and feeble women generally, Dr. Pierce's Favorite Prescription is the greatest earthly boon, being unequalled as an appetizing cordial and restorative tonic. As a soothing and strengthening nervous "Favorite Prescription" is unequalled and is invaluable in allaying and subduing nervous excitability, irritability, nervous exhaustion, nervous prostration, neuralgia, hysteria, spasms, St. Vitus's dance, and other distressing nervous symptoms commonly attendant upon functional and organic disease of the uterus. It induces refreshing sleep and relieves mental anxiety and despondency. Dr. Pierce's Pleasant Pellets invigorate the stomach, liver and bowels. One to three a dose. Easy to take as candy.

The Banner Warehouse
Durham, North Carolina.

WARREN & MANGUM, - - - Proprietors.

The place to sell your Tobacco. Sells every pile for its full market value and makes the highest averages of any Warehouse in the State, according to quality of Tobacco sold. We make the average by knowing the value of Tobacco and selling it for its market price.
