We are having plenty of rain. But we hope the sun will soon shine again.
There is but little sickness in the community at present.
Dr. Nichols and family spent Sunday with Mr. and Mrs. D. H. Chandler.
Mrs. J. E. Nichols spent Sunday afternoon with Mrs. D. E. Nichols.
J. C. Colclough spent Saturday and Sunday with his grand parents, Mr. and Mrs. R. M. Jones, near Nelson. L. M. C.

News Around German.

It once looked as if spring had made her appearance, but the heavy fall of snow reminded one that winter is not altogether a thing of the past. We hope that fruit will not be killed by the cold waves.
We are very glad to know that the sick in this community are recovering, although it seems to be rather slow.

Mr. Fred Glenn is somewhat improved, but not able to leave his room yet.
Mr. and Mrs. Carl Colclough spent Saturday night with Mrs. A. J. Hall. Mrs. Colclough will spend several days with her people.
Miss Flora Rogers was the guest of Miss Eva Hall Sunday.

K. B. Markham and sister, Miss Malissa, were visitors at Mrs. J. S. Forsythes Sunday.
Mr. and Mrs. J. S. Holloway spent Saturday night with relatives up above Durham.

Our former past master, Mr. Holloway, spent Saturday in Durham on business.
Every body in this section is well supplied with turnip salad, and it is right hard to market it now.

We are sorry to learn that Mrs. Wiley Sykes is sick. She is not able to be at her regular place, at Kronheimer's store.
Miss Belle Markham is greatly improved and will soon be able to continue teaching her school, which has been suspended three weeks on account of her illness. G. C.

Engagement, Route 3

Rev. M. M. McFarland filled his regular appointment at New Bethel Sunday. His text was taken from the 55th. chapter and 6th. verse of Isaiah.

I will ring off as news is scarce. M. T. L.

From Timberlake.

Some of our farmers are now sowing spring oats, while others are following their corn and tobacco land.
Mr. Lawrence is now cutting large oaks on the land of Dr. S. A. Rogers.
Our neighbors on the South side of Flat River are preparing to build a new phone line.
The gardens are getting much attention for the last week or so,

and lots of potatoes are being planted.
Wheat is looking better than was expected at one time.
The toads are out jumping around, but some are predicting that they will return to their holes to get a peek through their ice windows.
On last Monday, Tuesday and Wednesday, while some were plowing, their horses panted equal to summer time and we hope that those beautiful spring days with the rising of the sap, with the budding of the trees, with the blooming of fruit trees, with the warbling songs of birds, with the croaking of frogs, with the crawling of reptiles and with the warm penetrating sun shine will not turn back to winter.
Tobacco plants seem to be plentiful if a cold wave does not destroy them.
The farmers are bringing out their fertilizer for the next crop.
I now hold a certificate of Agency for Person and Durham counties as my territory in which to handle the Greenville washer, and a better machine you cannot find on the market. The washer works on the beverage principle and the clothes are cleaned between two rubbing boards, and a small boy or girl can do the work alright.
I heard a man say a few days ago that he recently helped one of his friends raise a tobacco barn that was all cedar except the poles.
Not long since I heard several men debating as to what acts in a man's life would down him quicker than another, and they all decided for a man not to pay his just and honest debts when he could, would lower him in the estimation of man kind more than any other deed of his life, and they also claimed that a just debt never went out of date with an honest man.
Some of our friends are exceedingly anxious to know why the county of Orange and Durham have a longer school term than Person county with the Terrell fund added to the school fund of Person, and they desire an answer through the columns of The Recorder if any one sees fit to give a correct answer. They claim that their taxes are more than ever, and they think that they are entitle to a longer school term with the increase of taxation for several years, and that supplemented by the Terrell fund.
(From the best information we can gather is that the Terrell Fund is only used in Person for the erection of new buildings, and cannot be used for general expenses. One reason why Durham county has a longer term than Person county is possibly due to the fact that many districts have a special tax for that purpose.—Ed. Recorder.)
On last Sunday I called on Mr. C. T. Pool and there I found 10 or 12 of his friends and neighbors and after we all surrounded that well supplied dinner table where we partook of a hearty repast, our ears caught the strains of that sweet music made by Mr. Pool on his graphophone.

seeing so much wet weather, knowing it will make their crops late. From the amount of snow we had Friday, it seemed like mid winter. But at last the rays of the golden sun light "peeps out" and makes us all feel as good as possible.
Master Early Terry, ten years old son of W. J. Terry, who is very sick with La-grippe and pneumonia is slowly improving.
Mrs. W. C. Faucette of Grimesland, N. C., is attending the bedside of her brother, Wesley Garrard, who is very sick. His many friends wish him a speedy recovery.
Miss Bessie Terry of Bahama, spent Tuesday at the home of J. H. Garrard.
There is a union meeting to be held at Mt. Lebanon church fifth Saturday and Sunday in this month, Elders Isaac Jones, Jasper Hall and Elder Willard are expected to be present.
W. R. Laws, student of Oak Ridge spent Sunday afternoon at the home of W. S. Terry.
Mrs. Sam Pool, who has been sick, is somewhat improved.
Mrs. W. T. Walker is suffering from a throat trouble, but is convalescent.
Misses Nannie and Mattie Terry spent a very pleasant afternoon this week at the home of Mrs. J. T. Tilley.
We think if the county commissioners were to travel over the roads in this community, the grading would be extended this way a little. Why, they are so awfully bad that a man going to Durham last week had a bucket of butter, his wagon wheel dropped in a hole so deep that his butter was buried under the mud. It seems that butter is too costly to grade roads with.
There is lots of sickness in this neighborhood. But we trust only in God to help us, and restore us to health and strength.
As the writer is suffering from neuralgia, will close with best wishes to correspondents, and especially our kind editor. M. M. T.

Backward turn Backward O time in your flight.
Make me a child again just for to-night.
Mother come back from the echoless shore
Take me again to your heart as of yore;
Kiss from my forehead the furrows of care
Smooth the few silver threads out of my hair.
Over my slumbers your loving watch keep,
Rock me to sleep mother rock me to sleep.
I did not mean by warning the young men only, to leave young ladies out. DREAMER

From the Roxboro Courier.

We are informed by those who are in a position to know, that the matter of electric lights for Roxboro will soon be put up to the people of the town to say whether they want them or not.
Mr. Young Brown, who was one of Person's best citizens, died at his home at Hurdles Mill last Saturday, and was buried Sunday evening under the auspices of the Masons, of which order he was a member. Mr. Brown was 77 years old. The attendance at the burial was an unusually large one.
Mr. Luther W. Thomas died at his home in Roxboro last Friday night, after a very brief illness of acute indigestion. Mr. Thomas was on the streets only a few days before his death. He leaves a wife and nine children, with an aged father, two brothers and several sisters to mourn his death. The bereaved ones have the sympathy of the people of the community in their bereavement. The burial was conducted by Rev. G. T. Watkins, and was at the town cemetery.

Love Your Mothers.

Young men, love your mother. I have often been impressed with what is related of an Indian. He was asked if he was rowing a boat accompanied by his wife and mother across a dangerous stream, and if one had to be lost which of the two would he try the hardest to save? My mother; for, said he, "a man can get another wife, but he can never have but one mother." Hannah the Mother of Prophet, Samuel, not only had a son serving God in his house, but she lived to see that son become, one of the most illustrious men. The last and best judge of Israel for twenty years, the most honored of all the Prophets, and the makers of Kings. He became a great author, having composed the book of Ruth, one of the most charming productions of the ages; and while thousands of earth's population have been honored with his name, and were delighted to wear it. Hannah was also blest in that she had other sons and daughters to cheer her old age." When, at the pinnacle of
