

# THE DURHAM RECORDER.

SEMI-WEEKLY.

VOLUME 90.

DURHAM, N. C., OCTOBER 6, 1908.

NUMBER 43.

## NEWS FROM OUR REGULAR CORRESPONDENTS

(Items of Interest from Various Places as Viewed and Told by Those on the Field.—Personals.)

**From Roxboro, Route 5.**  
Farmers in this community have about housed all their food and tobacco.

Leonard Barton recently entered school at Leaksville Institute which is managed by Prof. J. A. Beam.

White Rogers is now in school at Chapel Hill, where he will take a course in law. He has capacity and ability to rank among the best of our lawyers.

Mr. R. A. Allen has put a shine upon his residence by repairing and painting.

Messrs. J. F. Reams and Willie Tapp are making repairs and adding to the residence of Mr. J. H. Daniel.

W. A. Barton, who has been keeping Barton's mill since Mr. Button Dunn left, and who has given general satisfaction, declines to keep the mill longer, and Mr. W. T. Gentry has taken charge and is highly recommended as a first-class miller.

My eyesight has become very dim of late and this is the main cause why I have not been keeping up my correspondence to The Recorder for the last few weeks.

Revival services will be on this week at Antioch Baptist church, and the pastor of the Roxboro Baptist church is expected to assist in the meeting and we hope to have a glorious revival.

The town of Helena is growing in number of stores and population and Reade Bros. Co., take great delight in serving their large and increasing trade.

A few weeks more and the election will be a thing of the past and most of us are anxious to know who will capture the political pie, and whether it will be called a tater pie or not. Mr. Kitchin will gain by ballot what some call the big state pie.

All of Mr. P. L. Tapp's family have been stricken down by typhoid fever except one little girl, Felma. Two are now confined to their beds and four have partially recovered, while Mr. Tapp did not live but eight days after he took his bed. I have never known a family in greater distress outside of the Chandler family. The people here have been exceedingly kind to Mr. Tapp's family by housing their crop and giving them money freely.

Below will be found a synopsis of a sermon:

"Continue in prayer and watch in the same with thanksgiving."—Col. 4:2.

3. Watch our tempers.

4. Watch our tongues.

5. Watch our lives.

our hearts with thanksgiving.

## COUNTY COMMISSIONERS AT WORK.

Completed Work in One Day.—Routine Matters Looked After.

The county commissioners met yesterday and finished the day's work without necessity for a second day's meeting.

Barring the allowing of accounts made necessary for road building, there was no appropriation and the bridge work goes on with vigor. The gentlemen ordered work upon a street near the cemetery involving about 800 yards and costing about \$250 or \$300. The city will do the work and the county furnishes the macadam.

The committee appointed to assess damage on the Mineral Spring road, reported that there were no complaints and therefore no need for the committee.

It was ordered upon motion that the county road force under Superintendent Thompson, proceed at once to work on the bridges at Geer's mill and at Orange factory. Three of the most important bridges have been replaced and these will be rebuilt in the order named. The loss of so many bridges has operated strongly against the farmers and they have had difficulty reaching Durham. It is believed that every bridge will have been replaced by the middle of November.

Dr. N. M. Johnson, county health officer, reported the illness of a convict whose term of service expired yesterday. The prisoner has been in the advancing stage of consumption several weeks. The commissioners ordered his stripes removed yesterday and that he be received at the county home as a pauper. He will be sent there today.

The vacancy in the county board of health was filled by Mayor Graham, who recommended the name of Dr. A. Cheatham. He fills the place of Dr. Julien A. Smith, who died August 14. The commissioners sanction the appointment of Dr. Cheatham and he will serve from this time forward.

This meeting of the board was an important board one and its work was accelerated by Register of Deeds M. G. Markham, who was given praise by the body for the swift way in which he turned things over yesterday in the desire to end the work in one day's session.

## Irvin Barbee Caught.

The officer caught Irvin Barbee Sunday night and lodged him in jail. Barbee ran away from Durham on account of having committed an assault with a deadly weapon. He went to Winston and is said to have done time there. When he was seen here Sunday the policemen caught him and put him in jail. He will be tried by Justice Owens when the witnesses can be gathered against him.

## Death of Miss Cadwallar.

Miss May Cadwallar, who has been ill with consumption many weeks, died Sunday afternoon on Morgan street.

She was eighteen years of age. The funeral services were held yesterday afternoon from the home and the burial took place in Maplewood.

## CITY ALDERMEN IN SESSION.

Routine Business Claims their Attention at Regular Meeting.

Following is a detailed account of the session of the city aldermen held last night.

A motion was offered asking that a light be erected at the corner of Carr and Whitted streets.

On motion it was ordered that the petition be referred to the light committee with instructions to investigate and report back.

On motion it was ordered that grading to be done on Lamond avenue.

A petition was offered asking that a light be erected on the corner of Primitive and Gurley streets.

On motion it was ordered that the light be erected, the location to be determined by the light committee.

It was ordered that Wyatt street be graded.

It was ordered that ten rubber coats be purchased for the fire department.

The report on the cemetery for the month of September shows 37 deaths in the city. Of this number 20 were white and 14 colored.

The report of the chief of police for the month of September shows 170 arrests. Fines and costs, \$569 73; special taxes, \$327; dog taxes, \$115; dry closet taxes, \$824.

The resignation of H. G. Whitfield, assistant police were read and on motion was accepted.

Applications for assistant police were read. The board proceeded to an election by ballot to fill the vacancy which resulted in the election of John J. Rigsbee to the office.

The following parties were granted license to conduct restaurants: J. C. Crissman, East Main street; Peed Bros., 702 West Chapel Hill street.

Mr. R. W. Skinner, advance man for the Wayne company, was here Sunday afternoon and went yesterday to Rocky Mount.

## Miss Carlisle Ill.

Miss Edith Carlisle, one of the Wayne company's most valuable players, was taken to the Watts hospital yesterday quite ill with typhoid, malarial fever.

Miss Carlisle had been ill with several days but kept to her work through the Saturday afternoon matinee and the evening performances. She came here Sunday with the company but was unable to take her lines last night and was sent to the hospital.

Though too early to indicate how malignant is the type of fever, the physician feels that care was exercised early enough to make the case mild.
