**The Has Beens
AND
The Is Nows**

Business men are of two classes, the "HAS BEEN'S" and the "IS NOW'S." The "HAS BEEN'S" are the Antiques; the fellow who looks through the business telescope from the wrong end, whose vision is so limited he can't keep out of the way of the street cars nor the automobiles. In plain vernacular, he is asleep at the switch.

The "IS NOW" is the real thing. He is the fellow that "plays ball," the fellow who is alive to the main chance, who knows a good thing when he sees it, who always grasps an opportunity the moment it knocks.

HE IS A LIVE WIRE.

It's the "IS NOW'S" that we are making our life's life's business to serve; the "LIVE WIRES" that are doing things. Get in the boat. Be an "IS NOW," be a "LIVE WIRE."

Bring us your account. We know your wants and want your business.

THE PRICE OF SHOES

Is not to be considered when it comes to a matter of Quality, Comfort and Style.

THE SHOES

That we sell have all these and you do not have to pay fancy prices for them either. We are selling Shoes because we know the Shoe business and the needs of the people that want good shoes that will give satisfaction. If we had not done this we would have been out of the business long ago. Our satisfied customers know this is true and one trial will convince others. Let us convince you.

PRIDGEN & JONES

SHOERS.
WEST MAIN STREET, DURHAM, N. C.

Morrisville, Route 2.
Am glad to report that no one of this community have been singing or tickled to death by the comet.

Ha! ha! guess J. E. F. has laid that old coat aside by this time what he was telling us about fitting so nicely some time ago.

Miss Tessie Cates, of Chapel Hill, is visiting the family of Mr. Sam Egerton this week.

A man has passed through this section making photographs of family's and residences.

We were glad to see the gentle showers falling so softly last week as several of our tobacco planters liked a little being through planting.

George Ferrell has had a bad attack of sore eyes.

Misses Georgie, Bertie, and Roxie Hayes, of East Durham, spent a while with Mr. and Mrs. J. H. Lynn Saturday afternoon fishing and later took an automobile trip back home.

Miss May Chandler is visiting relatives near Louisburg.

Z. P. Ferrell found a bee tree recently but has not cut it yet.

J. E. Burgess has been on the sick list for several weeks and several others I could mention are very feeble.

Cherries and strawberries have been plentiful but birds have about finished them up.

W. M. Ferrell and family spent Saturday night and Sunday near Nelson.

The writer recently spent a while in Raleigh.

W. G. Marshall sold three bails of cotton Monday. Think he is preparing for the sale which is to take place this week at the O'Neals home place.

Some time ago Rev. J. S. Thompson found a swarm of bees on a limb and he went to hive them and the swarm fell on his head and of all the running they said he did it.

The wild peculiar looking toad which I mentioned about having in a cage some time back is now walking around the yard as gentle as a chicken and I have learned its name and it is American Coute. That is the name some one gave it at the Museum at Raleigh.
J. F. F.

North Carolina News.

Refuses to Fly.
Aviator Charles K. Hamilton has repudiated his contract with the Chronicle and the Observer to give an exhibition here next Saturday by absolutely refusing to live up to the terms of his manager, Mr. Nat Reiss, who spent Thursday and Friday of last week here in conference with Mr. John R. Ross, business manager of the Observer company.—Charlotte Chronicle.

Cowles Again Named.
Representative Chas. H. Cowles was renominated by acclamation by the congressional convention at Wilkesboro yesterday. There was never any doubt about his renomination, although at one time A. H. Price, Esq., of Salisbury, was urged by prominent republicans in the district to make a contest, with assurance of cordial support.—Salisbury Post.

Sparta's New Court House.
Allegheny county is to have a new court house which will not only be modern in every respect, but meet the requirements for years to come. Messrs. W. A. Douglass and Son, of this city, will do the brick work and a force of hands will leave here for that purpose next Friday. The building will be of brick with stone trimmings and will cost, when completed, about twenty thousand dollars. The structure will contain fire proof vaults and all modern improvements and our mountain neighbors are to be congratulated.—Mount Airy Leader.

Hoar and Everts.
On one of his later birthday anniversaries Senator Hoar wrote to William M. Everts and congratulated him upon his length of years. In his reply the aged lawyer said it brought to mind an old lady in New England who had occasion to write to a friend about some matter of trifling importance and when she had reached the end of the thirteenth page awakened to the fact that she had been rather diffuse and added, "Please excuse my longevity."

She Made Certain of It.
Resorting to three different methods to kill herself while her family was asleep around her, Mrs. J. H. Deal, who lives a little over a mile from Maiden, committed suicide this morning before day, saturating herself with kerosene oil and setting herself on fire.
Her husband was awakened by the flames from her dress and ran to her rescue but too late to save her. A razor and an axe were lying near. She tried to first cut her throat and then to cut her head with the axe. Her health was the cause. She was 27 years of age and two children survive her.—Hickory special to Charlotte Observer.

Escaped from Jail.
Lawrence Crawford, a negro in custody for alleged larceny of hides from Mr. C. D. Gilbert, and awaiting trial at the next term of the superior court, made his escape from the county jail this morning. Crawford was allowed to walk in one of the corridors. He managed to climb to the ceiling, tear off some of the metal sheets of the wall and then escaped to the roof. Crawford's escape was discovered a short time after he had taken French leave from the county boarding house. Sheriff Cowan has offered a reward of \$15.00 for the apprehension of the man. Crawford is about 55 years of age and is a low, stout negro.—Wilmington Dispatch.

Sheriff Has Close Call.
Sheriff McKenzie had a close call from death shortly after midnight Saturday night and that he escaped with but a few bruises is little less than miraculous.

The sheriff had a tip Saturday night that caused him to go to East Spencer with Deputies Jim Krider and Locke McKenzie. About half past twelve Sunday morning the trio came upon a negro in a single buggy. The sheriff stopped him and stepped between the wheels of the left side of the buggy when the negro addressed him by name. Finding a quantity of whiskey in the buggy he ordered his deputies to arrest the man but no sooner was the order given than the negro lashed the horse furiously, dropped the lines and bolted from the buggy. To save himself from being run over Sheriff McKenzie caught by the side of the buggy and was dragged by the madly galloping horse a distance of a hundred yards, when he lost his hold, fell under the vehicle, the wheels passing over his body.—Salisbury Post.

Berry Season Closes.
During the past six weeks the truckers in the berry belt of eastern North Carolina have been kept busy looking out for their berries, but last week ended the season and Saturday, Mr. H. T. Bauman, secretary of the Eastern Carolina Fruit and Truck Growers association, who has had an office in this city since the season opened, looking out for the handling and distribution of the crop, has closed his office and he will return to Wilmington within the next few days. There may be a car or two of berries this week, but it is doubtful.

Including the shipments made Friday, 1,572 cars of berries had gone forward during the present season, a gain of 275 cars over last year, when the number reached 1,316. In addition to the berries handled by the Armour car line, about 40,000 crates went by express, making the total number of crates in the neighborhood of 400,000. It is said that growers averaged about \$2 upon the platform per crate, which would place the value of the crop at about \$800,000.

Trucking in the West.
Mr. J. B. Ives, who is meeting with success in truck farming on several acres of land in east Statesville, is proving that early vegetables may be grown in this section in time to compete on the markets with the products of the trucking sections further east and south. For the past few days he has been shipping from 12 to 15 crates of green peas a day besides supplying the local market, and within a short time he will have other vegetables on the market. Quantities of the peas are going to Asheville and other towns in this state.—Statesville Landmark.

Negro Murderer Escapes.
Washington Alexander, a negro about 22 years of age, who, with Charles Goodman, is charged with having murdered Hugh Garner, colored, at the lumber camp of the Norfolk Lumber company at Wallace, Sunday morning, made his escape from Deputy Sheriff Bordeaux of Pender county immediately after the arrival of the A. & Y. train here tonight.
The alleged murderers made their escape Sunday, but were arrested this morning at Parkersburg and were being brought to Wilmington and were to be placed in jail at Burgaw tomorrow. Alexander and Goodman were tied together with a rope and the former managed to get the rope untied. Garner was beaten to death with a fence rail, his face having been battered into a pulp. The Norfolk Lumber company has offered a reward of \$25 for the arrest of Alexander.—Wilmington special to Charlotte Observer.

Charged With Killing Cousin.
A sensation was created today when Charles Minshaw, a well-known citizen of Tillery, was arrested and taken before Justice Roberson, Entle's, on the serious charge of being implicated in the murder of his cousin, John S. Minshaw, on the night of April 16.
Attorney George C. Greene appeared for Minshaw when his case was called in the magistrate's court, and waived examination. Minshaw giving bond in the sum of \$1,000 for his appearance at the August term of Halifax superior court.
On the night of April 16 John Minshaw left Tillery in a buggy with his cousin, Charles Minshaw. The latter claims that while driving along a dark road his cousin John was shot in the back by some unknown person.
Mr. Charles Minshaw today asserted his innocence and claims that he can prove it when the case is called in August.—We'don special to News and Observer.

Trust Makes Cut.
The Standard Oil company made its first move yesterday to cripple the Indian Refining company, the independent company which recently established a station here, with Mr. C. L. Emerson, who was for years in the service of the Standard, as its agent. Mr. Emerson, who is personally popular with the business men, has made heavy inroads on the Standard's local trade and to offset this loss of business the trust yesterday announced a cut of 1 1/2 cents a gallon, bringing the price of oil to the wholesaler down to 8 3/4 cents. The independent people immediately met the cut and are awaiting the Standard's next move.
The favorite method of the trust in crushing opposition is to run the price of oil down to a point far below the cost of production and continue to sell at a loss until its competitor tires of the game and throws up the sponge. The fight now on will be watched with interest.—Salisbury Sentinel.

Charged With Robbing Postoffice.
George Williams, a negro youth, was given a hearing before United States Commissioner A. J. Loffin this morning on the charge of robbing the Snow Hill postoffice Sunday night. The evidence against the negro is of such a nature that it is doubtful whether or not he can be convicted, as he was frightened away before he accomplished the robbery. Sheriff Warren, Postmaster Faircloth and Mr. Ed Galloway were lying in wait for him, when he attempted to force an entrance at the money order window in the postoffice. The negro was frightened off at a noise that he heard in the room and ran away, but was captured by Sheriff Warren. He was bound over to the October term of the federal court at New Bern, under a two hundred dollar bond, in default of which he was placed in the Lenior county jail.—Kinston Free Press.

Invents Model Monoplane.
In the successful construction of a model monoplane which was set in motion yesterday, Mr. Hazel Worley, the 17-year-old son of Mr. Sidney Worley, 116 West Ninth street, has displayed a remarkable mechanical genius. Attracted by the amount of discussion at present engaging the scientific American in regard to the navigation of the air and being naturally bent toward mechanical effort, Mr. Worley set his thoughts to work a few days ago and planned a model airship and the propelling apparatus is worked by rubber bands. He set his mechanism in motion yesterday and was agreeably surprised to see his handiwork gently rise from the ground and make a short flight. It rose from five or six feet above the surface of the earth and went a short distance in the air, coming down on its four wheels without break or injury.
Those who have seen the mechanism of young Mr. Worley and those who witnessed its exploitation yesterday were unbounded in their praises of the genius of the young man, showing itself through this wonderful piece of work.—Charlotte Observer.

ONE OF OUR IMPORTANT duties in this community is to point out to our fellow citizens the way to spend their clothes-money to best advantage. The reason we tell you to buy our all-wool, perfectly tailored clothes is not simply because we have them to sell, but because we really think they're best for you, and that's the reason we have them to sell.

It's fine when a man or a business concern can do itself the greatest good by doing its neighbors the greatest good.

They might therefore, to be good likeness, permanent prints, artistically made and of recent date. We Make Good Likeness, Permanent Prints, Give Graceful, Easy Poses, and Assure You a Most Excellent Picture.

WHY NOT ARRANGE FOR A SITTING TODAY?

MISS KATIE L. JOHNSON

The Photographer

YOU SHOULD KNOW BY THIS TIME

That You Do Not Have to Loose One Moment From Your Business in Order to Take Globe Tonic and Use Globe Oil

People who are dragging around, hardly able to work, and feel that they can not afford to loose any time from their business, but would like to get to feeling better and get themselves built up and get back to that good feeling, like they need to, when they would eat and drink any thing without any bad after-effects—no bloating, belching, shortness of breath or dizzy feeling or headache—no bad taste in the mouth, especially in the morning, no bad pains in the back or any other part of the body—if that is the way you want to feel, just go to your druggists, get one bottle of Globe Tonic and take it according to directions and in a few days you will wonder why you have been reading the paper daily that has told you about how many people are being cured or greatly benefited by its use and to think that you have never tried for yourself to find out if Globe Tonic would not do the same for you that it has for other people. If you try one bottle you will never think of letting yourself get in that run-down condition again, and when you realize that Globe Tonic is composed of herbs, roots, barks, gums and leaves, all carefully selected and combined together with no mineral or chemical poison whatever in this combination, it should be easy to understand why Globe Tonic will permanently cure when other remedies have failed.
The Globe Remedy Company still have their demonstrators at 108 Church street, (opposite Cable-Piano show rooms) and they can give you the names and addresses of some of the best people in your city who have been cured—some of rheumatism in different forms, catarrh in the head, bronchial tubes, stomach, bowels, kidneys, bladder and other organs—all cured by the Globe Remedies. Why? Because it is a treatment that acts on the mucous membrane, the lining that coats the inner system. It cleanses, it heats that lining, carries that poison mucus and slime out of your stomach, cures those inflamed kidneys, cleans off the liver and with those tracks clear and clean it acts gently on the blood. That is why the Globe Tonic cures and so many brightened lives made happy.

Globe Tonic is sold: \$1 size bottle 90c (3 for \$1.25.) Globe Oil 25c and everything the Globe Remedy Company sells is guaranteed—your money back if not benefited.

You can call at their office, 108 Church street, and get free samples of this wonderful medicine any time from 8 a. m. to 8:30 p. m. Give it a trial—Now—while the demonstrators are here, after they leave the price will be \$1 a bottle. While here at half that price.
