DURHAM, N. C., July 28, 1910

BUT don't it grate on the nerves of Democrats when a Republican rises up and says they are crooked?

THERE are people that object to women taking part in politics, which causes some to wonder if they would make any bigger mess of it than the men do in many cases.

It will be definitely known after the Republicans hold their convention whether there is anything in what has been talked around for the past few weeks regarding the fact that they are to put out their best men for the offices in this county.

FROM what has transpired within the Democratic ranks within the past few weeks, it is reasonable to suppose that the party has been robbed of much of its thunder regarding the way Republicans scramble when an effort is in sight.

IT may be a good sign to see so much interest taken by office seekers and their friends, but if the gentlemen making the nominating speeches were believers in what they said relative to their favorite candidate, there is bound to be a sore place left on more than one after the thing is over.

DURHAM has been stirred from one end to the other over the prevention of tuberculosis, and there is little doubt but that much good will result. However, much remains to be done and until all the people have a working education along this line little good is going to be accomplished.

THE Daily Sun suggests in last Sunday's issue that the city health board is doing more theorizing than practice in cleaning up the town, which is a good way to put the matter. In some cases individuals have been compelled to make their neighbors mad because of reporting certain things to the health officer, which should not be, especially when the city employs men regularly to look after such things.

PRESENT political conditions remind us of the story told of the Chinaman, who, when he came to this country and began his laundry business on a business street, being in the last house on the street he viewed the other signs as he went to his place and put up this sign: "Me Worke Too." The Republicans, seeing the active conventions the Democrats have been holding and have decided that they will have out their signs also, and most reports indicate that this sign will read: "We Scramble Too."

THE Congressional convention of the Fifth District re-convened again Tuesday of this week and began the same old thing. However, few of the delegates were prepared for another long stay and the proxy vote for most counties prevailed, thereby enabling as many as felt they should to return home, and many of them availed themselves of the opportunity thus afforded. The situation did not present a good front to the quieter Democrats and many of them were free to express the hope that a repetition of such procedures should not occur.

SOME of the papers are publishing denunciations of card playing by the women, and all will agree with them in such

course. They might have added that it was equally brazen for men to choose public places for such sport, where ladies and children are compelled to see the business going on. It may be all right if people want to do such things, but some how we never felt like it was just the proper thing for men to play cards on a railroad train where men, women and children that knew nothing of such things were compelled to witness such things.

THE charge is made that in Richmond county one of the candidates succeeded in buying off his opponent for the sum of \$700. When the modern way of running a campaign is considered this man should consider himself lucky that he was able to get off so cheaply. Of course his manner of procedure might not have been the best, and possibly he will be roundly condemned, but his business judgment was evidently good, and the greatest evil we see staring would-be office holders in the face is the fact that the number of candidates might get too much for him to handle.

Goes to the University.

Professor A. C. McIntosh, who has been associated with Professor Modceai in the law department of Trinity college for the past several years, has accepted an appointment at the state University and will go there September 1st. He will fill the place of Professor Ruffin, who is now abroad.

This makes the second Professor that Trinity loses to the University this year. Professor Edwin Mims, who has been in Europe for the past year studying will go to the University as Professor of English. These men while a considerable loss to Trinity, will greatly strengthen the faculty of the state college.

Elon College Bulletin.

The vacation number of the Elon College Bulletin, advertisement of which we have been carrying in our columns, has just reached our desk. It is a 17 page publication, neatly bound and contains words of encouragement to prospective students and discussions of the fundamentals of education.

The bulletin shows why young people should go to college, and why the colleges need the young people; and contains a discriminating article setting forth the distinction between College and University, and another article showing the difference between Training and Education. It discusses education as an investment, and as a paid up insurance policy also. It shows furthermore that there is no short cut in life preparation and it shows also that only white supremacy can exist by the education of the children of the whites.

It also describes the spirit of Elon College. The spirit that retunes its students and controls their conduct. The final pages contain a brief statement of a few vital facts as to costs and scholarship and equipment of the college. These who are interested can receive a copy of this interesting publication by addressing a postal card to the Dean of the Faculty, W. A. Harper, Elon College.

PROPOSED MEMORIAL TO BILL NYE.  
Committee Appointed by North Carolina Press Association Decides That the Memory of the Lamented Humorist Shall be Honored in a Practical Manner.

The committee appointed at the recent meeting of the North Carolina Press Association to take in the matter of a State memorial to Bill Nye, met in Salisbury, Wednesday, July 6, in formal session, and after hearing all the propositions before it unanimously decided:

1. That the memorial to the lamented humorist shall take the form of a memorial building, to be one of the group and a part of the Stonewall Jackson Training School, generally known as the State Reformatory, in Cabarrus county, near Concord.  
2. That the building, furnished and equipped as the trustees of the institution may direct, to the best advantage for the rescue of errant boys, shall cost not less than \$5,000, and shall be known as the "BILL NYE MEMORIAL BUILDING."

3. That the following newspapers be designated to receive and acknowledge subscriptions to the fund for this building, said funds to be transmitted promptly to the treasurer, JOHN M. JULIAN, EDITOR OF THE SALISBURY POST.

The Observer, Charlotte.  
The Evening Post, Salisbury,  
The Citizen, Asheville,  
The News and Observer, Raleigh,  
The News, Greensboro,  
The Star, Wilmington,  
The Uplift, Concord.

4. That while the committee believes that this memorial should be distinctively North Carolina's tribute to the lamented man of letters, it deems it wise, in order to insure the prompt success of the movement, and further to permit the friends of Bill Nye outside the state an opportunity to contribute to this movement, that contributions from outside the state should be gratefully received and acknowledged, while not solicited.

The committee believes further that it made a wise and happy selection in the form of this memorial; that nothing it might have conceived would have brought greater joy to the heart of the gifted, kindly man whose memory it is designed to perpetuate, than the great work of making useful citizens of wayward boys, and that were he present with us in the flesh today it would have the stamp of his approval. Furthermore the committee bespeaks the hearty co-operation of the brethren of the press especially, and all good citizens generally in this undertaking. It is a labor of love—one that has already been too long neglected, to the shame of North Carolina. Let us put our shoulders to the wheel and show to the world what North Carolina can do for the man it delights to honor.

(Signed)  
James M. Caine, Chairman,  
John M. Julian, Treasurer,  
R. W. Vincent, Secretary,  
Robert M. Phillips,  
Archibald H. Boyden,  
Committee.

Walked Thirty Miles.

Many Medlin and Lawrence Poyner, of the Oxford orphanage asylum, Saturday ran away from that place and came to Durham. The boys are kids but fifteen years of age, and became dissatisfied. They felt a sense of satiety when they blew into Durham Sunday. They were hot, tired and dusty, and were willing yesterday to go back home. Very little persuasion was necessary.

SPECIAL WANT COLUMN

Notices under this head are free to regular subscribers to advertise surplus utensils for sale or exchange. Merchants will be charged 5 cents a line.

WANTED—Subscribers to use this column free to sell a surplus plow or cultivator.

Terry deceased, this is to notify all persons indebted to said estate to come forward and make immediate payment and all persons holding claims against said estate are hereby notified to present them to the undersigned for payment on or before June 30, 1910, if this notice will be filed in bar of their recovery.

J. F. TERRY,  
O. H. TERRY,

This June 30, 1910.

Harmony of Dress.

A beautiful woman also studies the harmony of painting a well kept home; takes care to have the house painted with paint that will continue to look bright, clean and fresh looking. The L. & M. never becomes dingy, because only chemically pure colors are used; only the finest White Oxide made from metal; only the finest White Lead; only the purest Linseed Oil; only expert paint-makers produce it with machinery—a thousand gallons at a time. Contrast this with the costly and crude production of White Lead Paint made by hand labor with a stick in a pot—a few gallons at a time. L. & M. is sold by W. A. Mabry, Durham.

Marlin

12 Gauge Repeating Shotgun

The 12 gauge Marlin repeater is a gun of perfect proportions, and has one-third less parts than any other repeater. It handles quickly, works smoothly and shoots close and hard.

The Marlin solid top prevents powder and gases blowing back; the side ejection of shells allows instant repeat shots; the closed-in breechbolt keeps out all rain, snow and sleet, and the dirt, leaves, twigs and sand that clog up other repeaters.

All 12-gauge Marlin repeaters have double extractors that pull out shells, and the automatic reset handle safety lock makes them the safest breech-loading guns built.

Marlin 12 gauge repeaters in three distinct models, many grades and styles, fully described in our new catalog. Free for 3 stamps postage.

The Marlin Firearms Co.,  
42 Willow Street, NEW HAVEN, CONN.
