Two New Voting Districts Created

Two new voting districts were created last night at a meeting of the board of elections, which met as was announced in the offices of Chairman S. C. Brawley.

One of these precincts will be on the Ferrell road, just beyond the negro cemetery, at Forsythe's store. This precinct will poll about 60 or 75 votes. The other will be at Lake-wood park, the necessity for which has been caused by the rapid growth of that important suburb of the city since the last regulations were made. About 100 votes will be polled in this precinct, the voting place to be at Moss' store.

The addition of these two new voting places will greatly conven-ence the voters living nearby, who heretofore have been compelled to go quite a distance to cast their ballot.

Danger of Trouble With Panama Negroes

Washington, Sept. 13.—The critical conditions in Panama about which the state department has maintained an attitude of the utmost secrecy, culminated today in the recall of R. O. Marsh, secretary of the American legation in Panama, who has been acting as charge, and the announcement that Thomas Dawson, minister to Panama, will proceed from Washington tomorrow to take up his duties on the scene. It is believed here there is imminent danger of trouble between the Americans and the negroes.

The Police and Fire Commissioners Meet

The police and fire commissioners met in regular session last night and transacted the routine business of the month. No very important business was taken up, the biggest items being the hearing of the regular reports from the departments under the control of the board and allowing the bills.

GREENSBORO AND CHARLOTTE PARTY UPSET NEAR SPENCER.

Spencer, Sept. 13.—Four persons were slightly hurt and one seriously injured in automobile accident near Kanapolis, Cabarrus county, fifteen miles south of here yesterday afternoon.

The injured are J. A. Klutta, druggist of Greensboro, badly hurt in head, tongue cut and otherwise bruised; J. W. Ferguson, of Greensboro, slightly bruised; C. G. Ferguson, of Charlotte, slight bruises; Mrs. C. G. Ferguson, of Charlotte, shocked and bruised.

Czarina Alarmed for Safety of Loved Ones

Badnaheim, Germany, Sept. 13.—"All the medical treatment in the world can't do the czarina any permanent good, what she needs is peace of mind. She is suffering from a morbid unconquerable fear for the lives of her husband and children, especially for the life of the heir apparent."

SHOCK OF SHOT MAY BE MEANS OF RESTORING REASON.

Fayetteville, Sept. 13.—Geo. Parker, white, attempted suicide at midnight Sunday night in Linden a railway station several miles north of Fayetteville. He has recently showed signs of insanity and his physicians had a watch placed over him. Sunday night while the watchers were in an adjoining room to Parker and his wife, Parker shot himself with a breach loader by placing the barrel under his chin and pulling the trigger with his toe. He was brought to the hospital here by Dr. Melvin Physicians say the wound is not apt to be fatal and that in case of recovery, the shock may be the means of restoring his reason.

ANOTHER DURHAM VICTIM OF DREADED PELLAGRA.

Pellagra claimed another victim yesterday afternoon in the person of Mrs. J. M. Matthews, who died at her home on Railroad street. She was just twenty-five years old and had been ill for many months. Her case was one of the most violent that the physicians have seen in many months. The medical men could render little aid to the stricken woman as the disease had gotten too great a hold before they took the case in hand. Mrs. Matthews was buried this morning, the funeral services being conducted from the home at 11:30 by Rev. W. C. Barrett, pastor of the Second Baptist church.

INCREASED ATTENDANCE AT CONCORD PUBLIC SCHOOL.

Concord, Sept. 13.—The public schools opened yesterday with more than a thousand school children in attendance. Prof. Webb and his able corps of assistants had made every preparation for the opening and the work of assigning the children to the various grades was transacted with quickness and dispatch.

The total attendance at the two schools is 1672 and the prospects for a most successful school year are very gratifying. At the negro school there were present 221, perhaps the largest at the opening since the schools were established.

Did Arkansas Go With Maine? Well Rather

Little Rock, Ark., Sept. 13.—Returns from yesterday's election show majorities in favor of the initiative and referendum amendment and the usual large pluralities for the democratic ticket. Returns, however, are meager and both the supporters and opponents of the amendment claim to have won. The returns so far indicate that a tight vote was cast.

EXCURSION FROM RALEIGH TO GREENSBORO FOR WHAT?

An excursion from Raleigh to Greensboro passed through the city station this morning. It carried five cars, four colored and one white. The hangers on at the station who worry Captain Renn day in and day out, thought that the excursionists were a bunch from Raleigh, who came up to see the show and incidentally take a look at a city, but they were disappointed when the train pulled out to Greensboro, which is also a dry town—legally.

CHANGE IN SOUTHERN'S FAST TRAIN SCHEDULES.

This will give this section another fast through train to the east and be of great advantage to through travel.
