

PROGRAM STATE GUARD MEETING

Association Will Convene in Elks Hall Wednesday

MAYOR DELIVER ADDRESS

Features of the Meet Will Be Bayonet Exhibition by Co. M in the Armory Wednesday Night Followed by the Annual Banquet.

The program for the annual meeting of the National Guard association which will convene in this city Wednesday afternoon has been announced and is as follows:

The meeting will be called to order by Major W. C. Rodman, of Washington, president of the association, in the Elks hall promptly at noon Wednesday.

Address of welcome—Mayor W. J. Griswold.

Response—Major R. T. Daniels, of Weldon.

"Relations of Regular Army to Organized Militia"—Lieut. Col. Edwin T. Glenn, United States army.

"Coast Artillery Service"—Capt. W. G. Peace, of the coast artillery corps, United States army, and stationed at A. and M. college, Raleigh.

"Legislation Needed in North Carolina for the National Guard"—Capt. C. M. Faircloth.

"Relation of the Commissary Department to the Line"—Maj. Thomas R. Orrell.

"Relation of the Engineer Department to the Line"—Maj. Robert M. Coburn.

"Relation of the Quartermaster General's department to the line"—General Francis A. Macon.

"Relation of the Inspector General's department to the line"—Colonel H. D. Harper.

"Relation of the pay department to the line"—Colonel W. W. Pierce.

"Relation of the ordnance department to the line"—Colonel J. W. Bizzell.

"Relation of the medical department to the line"—Colonel P. J. Macon.

"Infantry as support for Coast Artillery."—Maj. Max L. Barker.

"The necessity for rifle practice."—Colonel W. L. McGehee.

Following the program in the afternoon, two crack squads of Company M will give a bayonet exhibition in the armory Wednesday night at 7 o'clock, under the command of Sergeant Waddington of Washington. Wednesday night the members of the association will enjoy a banquet in the Elks hall. The final session will be held Thursday morning, when officers for the coming year will be elected.

DAVIS ELKINS TO SUCCEED HIS FATHER

Charleston, W. Va., Jan. 9.—Governor Glasscock last night announced that he would appoint Davis Elkins to succeed the late Senator Elkins, his father. Davis Elkins is the eldest son of the late West Virginia statesman. Mr. Elkins, whose home is in Morgantown, W. Va., is now in Washington, at the home of his mother. He received there the news from Charleston that Governor Glasscock had decided to appoint him to the senate, but made no comment.

LOCAL FIRM BRINGS SUIT FOR DURHAM NEGRO

In a suit for \$5,000 damages for the death of William Foster, a Durham negro, Messrs. Manning and Everett have been retained. The suit is a result of the death of Foster while engaged in digging a sewer ditch in Winston-Salem last July. Mr. H. S. Womble, who represents the firm in the Twin City, was here today in the interest of the suit.

MINISTERS ELECT OFFICERS

ASSOCIATION WILL MEET MONTHLY HEREAFTER.

At the regular meeting of the ministerial association of the city of Durham this morning the following officers were elected for the ensuing year: Dr. E. R. Layburn, president, Rev. M. P. Davis, vice-president, Rev. J. O. Cox, secretary. The meeting was held in Trinity church, but Rev. R. C. Craven was unable to be present. It was decided to hold the meeting monthly, instead of weekly, in the future and to arrange a program for each meeting. At the next meeting to be held the first Monday in February, Rev. R. C. Craven, pastor of Trinity church, will read a paper. It is expected that a larger attendance and greater enthusiasm will be secured by this means.

Granville and Creedmore Quarantine Against Durham

Board of Health Passed Resolution Making Vaccination Compulsory After Friday If Smallpox Situation is Not Better in This City

At a meeting of the board of health of Granville county Saturday afternoon, the board decided upon an absolute quarantine of Durham and Durham county. Dr. S. D. Booth, superintendent of health of Granville county, has issued the following: "I hereby declare an absolute quarantine of Oxford and Granville county against the city of Durham and Durham county. No person will be allowed to pass from Durham to Granville unless they produce a certificate from the superintendent of health of Durham county, that he or she has been successfully vaccinated or has not been exposed to small pox."

Creedmore has also raised a quarantine against this city, and upon the announcements of these quarantines, the board of health of this city met and passed the following resolutions: Resolved, That if the smallpox epidemic now existing in the city of Durham does not show satisfactory improvement by the 13th day of January, 1911, that it is the sense of the board of health that compulsory vaccination shall be enforced as a last resort for the safeguarding of the health of the city.

Article 3, section 12, sanitary code passed January 7, 1911, to be effective from date of passage.

Section 12, every person who has been recently exposed to smallpox or who has recently lived in the same house or building occupied by a smallpox patient is required to be successfully vaccinated, unless the facts shall be certified to by two reputable physicians of the city of Durham that in any particular case it will be dangerous to the life or health of the person in question to be vaccinated.

Section 13, any such person over fifteen years of age, who has not been successfully vaccinated and who shall refuse or fail after twenty-four hours' notice to be so vaccinated and who fails to furnish the certificate

above referred to shall be guilty of a misdemeanor, and any parent, guardian or any other person having control of a child under fifteen years of age, who has not been successfully vaccinated and who shall fail to have such child so vaccinated after 24 hours' notice, or who shall fail to present to the health officer the certificate above referred to within 24 hours after such notice shall be guilty of a misdemeanor.

Saturday the health officers of the city visited every tobacco factory in the town, vaccinating every employe. The cotton mills were visited about two weeks ago. New cases are being reported daily, and although the officers claim that there are only about 50 cases at present in the city, the people are beginning to doubt that such is the case, or otherwise such stringent resolutions would not have been adopted at the meeting Saturday. Just what is the status of the situation is difficult to learn, as only the information that they want sent out, issued, with the result that the residents are kept in the dark and do not realize the true situation.

BOYS PLAYING INDIANS RESULTS FATAL FOR ONE

Asheville, Jan. 9.—Belated couriers from Polk county, this state, brought in the news that Oliver Thompson, a lad of 14 years, was shot and instantly killed Saturday morning at Green's Creek by Boyce Donohue, aged 16. It is stated that the shooting was purely accidental, the boys being good friends. The tragedy was preceded by a wrestling match and "Indian play." In snapping a presumably unloaded pistol at Thompson, Donohue sent a bullet into the former's brain, death instantly following.

Donohue surrendered to the county authorities and he was lodged in jail to await the verdict of the coroner's jury.

8 MEN FOUGHT LONDON POLICE

Six More Bodies Found in Ruins Sunday

London, Jan. 9.—That there were eight or more desperate men, armed with the most modern of high power automatic pistols, barricaded in the Sydney street house during last Tuesday's battle with the police and Scots guards, was proved Sunday when searchers came across six additional charred bodies in the ruins. Two were found immediately after the battle.

In addition, the police found one of the most complete coinng plants they have ever seen outside the royal mint. As many of the dies were for foreign coins, the continental police have been notified and an interchange of cables indicates to the police that the men were connected with an international band of counterfeiters.

Perhaps the most startling admission of the police, however, is that the dead men may have had no connection whatever with the recent tragedy in Houndsditch, when three unarmed policemen were shot to death by a band of robbers engaged in tunnelling their way into a large jewelry establishment.

It is certain, however, from evidence obtained in the burned fortress, that the dead men were connected with the earlier Tottenham outrage, with the notorious bank robberies in Scotland, and with a number of other daring crimes which Scotland Yard has been unable to fathom.

That the men were desperate foreign criminals there can be no doubt, but the belief is lessening that they were notorious anarchists. In spite of this, however, there are many officials connected with Scotland Yard who still maintain that the men were merely engaged in counterfeiting and other bold crimes to secure money with which to carry on their propaganda of anarchism and nihilism.

COUNTY TEACHERS HELD MONTHLY MEETING HERE.

Saturday afternoon the regular monthly meeting of the teachers of Durham county was held in the Pythian hall. The features of the meeting were two lectures, Prof. B. U. Brooks taking as his subject "Organization of Ideas." Prof. Wilson, of Trinity college, delivered an excellent lecture on "Agriculture in the Schools."

CALL MEETING ON SITUATION

Boards of Aldermen and Health Met Yesterday

A special meeting of the board of Aldermen and the board of health of the city was called yesterday by Mayor W. J. Griswold for 4 o'clock in the afternoon to take some definite action in reference to the smallpox situation in Durham. The quarantining of Oxford, Creedmore and Granville county has necessitated some definite results and the aldermen will endeavor to find out why the situation has not been handled better, and why the disease is allowed to spread.

Reports have been received at the Sun office that citizens of Durham have repeatedly notified the health authorities of smallpox and that three and four days afterwards the officer would appear upon the scene and place a placard upon the house. While many of the business men feel that business will be injured by the notoriety, it is far better for the people to have aid at once, and have the disease wiped out, than to say nothing about the facts and allow the condition as it is at present exists.

A TRAIN WRECKED CARRYING BODY OF PRESIDENT'S MOTHER

Roanoke, Va., Jan. 9.—The special train of President L. E. Johnson, of the Norfolk and Western railroad, which left Roanoke Saturday morning at 9 o'clock for Aurora, Ill., carrying the body of President Johnson's mother, who died here Friday, members of the family and friends, was wrecked near Kermit, W. Va., a small station on the Norfolk and Western, Saturday afternoon at 3:30 o'clock.

The engine crashed into a rock that had rolled from a hillside onto the track. The entire train, consisting of the locomotive, three private cars, and a baggage car, was derailed, but nobody on the train was injured. The train was running on a slow schedule when the accident occurred. A wrecking train was sent to the scene and the track was opened before midnight.

Ten Years for Mail Thief.

Cleveland, Jan. 9.—Nicholas Heim, aged 45 years, arrested last August at Akron on a charge of rifling mail pouches, and suspected by the government inspectors to be the head of a gang operating throughout Northern Ohio, was sentenced to ten years in federal prison at Leavenworth, Kan. He pleaded guilty. Heim has spent more than half of his life in Ohio penitentiary.

NEED MORE REAL MEN SAYS JUDGE

Criminal Court Convened For One Week Session

JUDGE DANIELS PRESIDING

Few Cases to be Tried at This Term of Court. Duty of Every Citizen to Report Crime and See That Guilty Party is Punished.

With the thought that we need more real men, Judge Frank Daniels concluded a lengthy charge to the grand jury at the opening of a one week's session of criminal court Monday morning. In his charge he told that small crimes grow to large ones rapidly, that the man who first makes block-ade liquor for himself later does not fear to shoot the officer who would arrest him, and it is the duty of the grand jury, the sheriff and every citizen to prevent crime. If they know that liquor is being manufactured or sold in violation of the law, it is their duty to report the same, and see that the guilty parties are punished.

This is the first time that Judge Daniels, who until the recent election was a prominent attorney of Goldsboro, has ever presided in Durham. As an associate of Governor Aycock, Mr. Daniels gained much prominence, and later while practicing in his own behalf became well known throughout the state as one of the leading lawyers of North Carolina. Although his charge this morning was unusually long, he impressed all present that he meant as judge to have the law enforced.

The grand jury is composed of the following, with J. H. Berry as foreman, Ernest Tillett, W. J. A. Rochelle, W. G. Parrish, Fred Markham, E. C. Piper, Sam Sherron, J. H. Berry, W. A. Martin, D. M. Dine, J. R. Steel, W. T. Couch, H. N. Snow, M. O. Cole, Jas. M. Elliott, H. H. Johns, J. R. Boyen, J. W. Pendergraph and D. T. Teer.

A JURY OF WOMEN.

Suffragettes Will Pass Judgment on Accused Sister.

Seattle, Wash., Jan. 9.—Six of the most prominent suffragettes in the city, representative alike in social and sociological circles, with it is understood, a wide diversity of personal opinions on certain things, and mutual animosities of marked degree, will have the opportunity of rising above all of these to a height of conscientious moral and public duty when they sit as the first woman jury in Washington in Justice Brown's court next Friday in judgment on Mrs. Ida Anderson, who is accused of interfering with a public utility device, namely, detaching a gas meter to avoid payment for the service.

The Anderson case will bring together the first woman jury since the male voters of the state granted the right of suffrage to the other sex. As a test of moral and public responsibility, Justice Brown will summon six well-known women who have been most active in the fight for woman suffrage. Justice Brown will not disclose their identity until he obtains service on the jurywomen draws.

NEW ORLEANS THE PLACE

DURHAM MERCHANTS ASSOCIATION FOR SOUTHERN CITY.

The Durham merchants association are sending out the following letter, which is hoped every citizen will become interested in and work to secure the location of the Panama exposition in New Orleans: "The commercial interests of this section desire the selection of New Orleans as the place for holding the world's Panama exposition, and this desire is based upon the belief that the holding of the exposition in the south will materially benefit the section in ways readily suggested to your mind.

"New Orleans is the logical place for holding the exposition as it is two thousand miles nearer the center of population of the United States and also two thousand miles nearer the Panama Canal, and in addition is more accessible to a greater number of Americans and Europeans than San Francisco.

"We would consider it a personal courtesy if you would write or wire your representative in congress requesting him to vote for New Orleans instead of San Francisco. In this way we hope to call the attention of the public to the advantage of New Orleans as the logical and proper place, and create sentiment which will cause its selection."

Senate Vacancies of Scott and Elkins Cause Conflicts

Tug on for Togas in West Virginia Which Has Drawn Leaders Into Affair at Charleston and Many Candidates are Cropping Out

Charleston, W. Va., Jan. 9.—The fight over the election of two United States senators from West Virginia to succeed Nathan B. Scott and the late Stephen B. Elkins began in earnest today, following the arrival in this city of Clarence W. Watson, president of the Consolidation Coal company, who is one of the candidates for the long-term period, beginning March 2, 1912. James O. and George T. Watson, nephews of the coal magnate, arrived here yesterday, and it was frankly admitted this morning that the senatorial fight had brought the trio.

William E. Chilton, of Charleston, and John K. McGraw, of Graton, the other two candidates for the long term, have already taken up headquarters here, and until the contest is settled Charleston will be the central point of the fight. McGraw will arrive here tonight or tomorrow. The confidence of all the principals presages a lively fight in the legislature, which will convene on Tuesday to make the selection. Each candidate looks to particular sections of the state for support, and in each of these sections confidence is expressed for its respective candidate.

Two Vacancies Caused.

Senator Elkins' death made two vacancies. His term in office would have expired on March 4, 1913. The legislature, which convenes next Tuesday, will name a Senator for the intervening period. It will also elect a United States senator for the full term of six years from March 4, 1912.

This legislature is democratic. Hence it will name democrats for the United States senate.

Others besides the three candidates named have a few votes, but the fight centers about the men. There are no candidates for the short term. It is assumed that this is only a simplifying factor in the main fight. It will help settle the long-term senatorship.

As Charleston is the home of William E. Chilton, sentiment is strong

for him here. His supporters are very confident, and so is he.

"Say that I will be elected on the first ballot," was Mr. Chilton's reply to a question concerning his chances.

Before this ballot is cast the legislature will meet by parties to caucus. As there are 76 democrats in the legislature, 39 will be necessary to a choice. Friends of Chilton can count only 30 votes for him. After deducting 30 votes from the democratic membership, 46 remain. Six of these are scattered, and the others are divided between McGraw and Watson. It is claimed by Chilton's friends that Watson has more votes than McGraw. Chilton's friends, however, are more friendly to Watson than to McGraw. This may influence them in counting McGraw short and both Chilton and Watson long.

Under existing conditions a combination between Watson and Chilton seems the natural thing. It happens, however, that Chilton's friends declare that the fight for him as the long-term senator will be waged to the bitter end. It is not assumed that Watson would be satisfied with the two-year term. McGraw is an astute politician. He has been quietly working, and his strength may be greater than his enemies suppose.

Watson has rented the first floor of the Kanawha hotel, and he has quarters also at the Ruffner hotel, where McGraw has rooms.

Monday Is Big Day.

Monday will be the big day in the senatorial fight, and plans for it are being made today. Former Governor MacCorkie, who was elected to the state legislature, has quarters also at the Ruffner hotel, where there are most of the Chilton forces.

Still, the talk of a Watson-Chilton combination is strong. All that can prevent it is the political sagacity of John K. McGraw. His ability is unquestionable, but the opinion is gaining ground that the task ahead of him is a very big one.

TAFT'S VIEWS OF PHILIPPINES

Again Says Uncle Sam Must Hold Island

Washington, Jan. 9.—Speaking Saturday night at the annual dinner at the New Willard of the Military Order of the Carabao, President Taft declared his views once more on the question of retaining the Philippines by the United States. The president's utterances are calculated to give small hope to those who would see the islands independent at an early date.

The president declared that in his judgment the United States is likely to retain the islands for a considerable time.

This is consistent with the position the president has all along taken and consistent with the position taken by former President Roosevelt, that the islands should remain in possession of this country until fitted for self-government.

Mr. Taft in the course of his speech said: "If we desert the Philippines now they are our wards—and run away from the trust given us by fate, we shall be cowards. I am willing to part with the islands when we can do so honorably. But we cannot do so until they have a government, with a full idea of the responsibilities attending such government."

"I hope the time will come when we shall be ready to let them go, but when they will be unwilling to separate themselves entirely from us. I think, in such a separation, there may be danger to them and to all concerned. I hope for the continuance of a bond of sympathy between this country and the Philippines."

President Taft's idea that the Philippines may become so satisfied with American rule, as to be unwilling to have the shadow of the American flag entirely lifted from the islands, is considered by those who have watched the course of things in the islands as the most striking thing in his address.

The president spoke in the presence of a large body of distinguished guests, including Vice-President Sherman, Speaker Cannon and Solicitor General Lehman. Judge James F. Smith, former governor general of the islands, were present. The president was made an honorary member of the Carabao.

Keep Your Eye On Durham.

When figuring on the "standing" as regards 1920 it might not be a bad plan to glue the eye to Durham.

WARN WORLD OF THE END

"Promised Prophet Elias" Will Visit All Capitals

Chicago, Jan. 9.—F. W. Kasperit, the "Promised Prophet Elias," has formally warned President Taft that the end of the world is to come on April 7, 1912, and has sent a similar notification to every crowned head and president of a republic in the world.

sequent visits of this and other angels to the rulers and to all mankind, the prophet is to spend a month in Washington preaching the end of the world, and is to follow this with a month at each of the leading capitals in Europe.

Kasperit says his notifications of the exact date were sent to the various rulers by registered mail, and that he has already received from one of the secretaries of President Taft the receipted registry card.

It is Kasperit's desire to give his own country the first advantage of his knowledge of the exact date of the end, and so his mission to Washington will begin on March 7 and end on April 7 of this year. London will get a month of warning. Paris will be last, as it is so wicked, and might relapse if stirred up too long before the fatal day.

Kasperit says an angel visited him and told him of the date, and that subsequent visits of this and other angels to the rulers and to all mankind, the prophet is to spend a month in Washington preaching the end of the world, and is to follow this with a month at each of the leading capitals in Europe.

MR BRADSHAW OUT AFTER THREE MONTHS' ILLNESS.

The many friends of Mr. Walter C. Bradsher, and they are legion, will be more than pleased to learn that he has recovered sufficiently to be able to come out among them once more. He was out Saturday and walked up to his accustomed place of business. For three months he has been confined to his home with a severe spell of sickness, typhoid fever, and he has been a very sick man at times—so much so that his loved ones and friends were most anxious concerning him. But a kind Providence has favored him with returning health, and it gives his friends delight to see him once again out among them. Mr. Bradsher is the buyer for the A. T. company in this city and they never had a better. He was raised on handling the weed and knows it in all of its quality, texture and conditions; in fact from the seed to the pipe, the cigarette or the "chaw." He is welcomed out again, and we hope to see him soon in his old familiar business haunts.

GEN. CARR PAYS STUART TRIBUTE

General Assembly Adjourned in Respect to Deceased

ESCORT WAS APPOINTED

Speaker Dowd Announces Number of Committees, and Will Complete List This Week—General Carr Chairman Banking and Currency.

Raleigh, Jan. 9.—The general assembly adjourned for the day just after convening out of respect to the memory of Representative John L. Stewart of Montgomery county, who died Sunday. General Julian S. Carr, of Durham paid a high tribute to the deceased member of the assembly.

The remains of Representative John L. Stewart, who died Sunday in Rex hospital, this city, were carried this morning to the family home in Montgomery for interment. Representatives Cox and Carter, of Randolph, Warren of Person, Houston of Union, and Kennedy of Sampson, and Senators Reinhart of Lincoln and Armstrong of Montgomery accompanied the remains as legislative escort, being appointed by Speaker Dowd and President Newland of the senate.

Speaker Dowd today announced a number of committees, his purpose being to complete the list early this week. The chairman of those committees just announced are as follows: Finance—Doughton of Alleghany, propositions and grievances, Koonce, of Onslow, banking and currency, J. S. Carr, of Durham, building and grounds, Battle of Wake, fish, McWilliams of Hyde, judiciary number one, Battle of Wake, judiciary number two, Connor of Wilson, justices of peace, Latham of Beaufort, Heath and McPhail, of Robeson.

CHURCH GETS \$365,000.

Mrs. Peabody Also Gives \$150,000 for Episcopal Work.

Dedham, Mass., Jan. 9.—All Saint's Protestant Episcopal church, of Dorchester, receives \$365,000 under the will of Mrs. Mary Lathrop Peabody, of Milton, widow of Colonel Oliver Peabody. The will was filed in the office of the Norfolk county register of probate.

There are numerous bequests to relatives and friends, Religious and charitable institutions of the Protestant Episcopal church benefit to the extent of \$150,000, aside from the bequest to All Saints.

The residue of the estate, which is very extensive, is to go to the Cathedral church, of the Massachusetts Diocese.

HAYWOOD COUNTY FARMER KILLED BY VICIOUS HOG.

Asheville, Jan. 9.—Before aid could reach him, Arthur Justice, 39 years old, a farmer of the Pigeon river section county, died to death yesterday afternoon after being bitten by a large boar which he had been feeding. The animal attacked Justice from behind burying its tusks in the flesh below the right knee and severing the main artery. Justice managed to get out of the pen, but sank to the ground a short distance therefrom. He died from loss of blood before the nearest doctor, who lived two miles away, could be summoned. The deceased is survived by a wife and two small children.

A Significant Fact.

After diligent enquiry, and from the best information we can gather, it is a significant fact that the majority—in fact nearly all—of the cases of smallpox now in Durham are among people who have not been vaccinated, and many who have not been vaccinated in a great many years. This is something to consider, and should play an important part in preventing a further spread of the disease in this community.

MANY MASONS TO ATTEND

GRAND LODGE WILL BE HELD IN RALEIGH.

Raleigh, Jan. 9.—The indications are that the attendance on the annual session of the North Carolina grand lodge of Masons which convenes Tuesday night for a three days' convention, will be quite large. And the reports of the officers will show very gratifying progress. There has been a gain of one thousand in the membership of the North Carolina lodges, the total membership now being 21,000 and the number of lodges 385, an increase of ten lodges for the year. Reports fill show that during the year the grand lodge debt was reduced \$12,500. The temple rents for the year were \$12,150 and the cost of operation \$42,150 and the cost of operation.
