THE MORMONS. - A letter from Nauvoo states that Joe Smith, the leader of the Mormons, has been arrested by the authority of the Governor of Illinois-that the Mormons had taken possession of a large tract of land without authority, and that the strongest excitement prevailed against them in the immediate neighborhood, and fearful apprehensions were entertained lest a sanguinary struggle should take place. The Commissioner sent by the Governor to survey the lands had been seized by the Mormons, and both parties labored under much excitement. The numerous predictions are coming true.
