THE Subscribers, having witnessed the very successful operation of HOTCHKISS'S VERTI-CAL WATER WHEELS, at Archibald Graham's Mill in Fayetteville, in May and June last, were induced to purchase the Right for the entire State of North Carelina, and now offer individual Rights for sale on very reasonable terms. They have now on hand Seventeen full sets of Wheels, and

have made arrangements to keep a constant sup-

Besides being generally adopted in the Northern States, there are already twelve saws in successful operation in this State, and eight others in process derection. The astonishing | ower and speed o. these Wheels have been witnessed by hundreds of citizens of this State, with universal appprobation. And we desire all who may feel an interest in the subject to examine the Mills of Arch'd Graham, Col. Alex'r Murchison, Christopher Munroe, Alex'r Williams, Arch'd McLaurin, J. McDaniel, John Cade, Mrs. Effy McFadyen, in this County ; Cok John C. McLaurin, in Richmond County; Thos. C. Smith in Bladen County; and Hardy Royali in Sampson County ;- to each of whom we Reler for information as to the practical operation of these Wheels.

Persons who apply soon for Rights can have them put up by workmen who have been instructed by Mr Hotelikiss himself. The Proprietors of the right of this Wheel in the State of North Carolina, have received the follow-

ing certificate:-Fayetteville, Feb'y 3, 1845, We, the Subscribers, residing in the County of Cumberland and State of North Carolina, having been engaged in the manufacture of Lumber for many years, feel fully warranted in stating, that Hotch-kiss's VERTICAL WATER WHEELS, and their appendages, are worthy of the patronage of als mill owners, and that we have full confidence in their superiority; ".at the value of Mills will be very much enhanced by their introduction. They are more durable, and easier kept in order when properly put together than the common Flutter Wheel; they will save at least one-third of the water, and run well in back water when there is a head above. The speed of the Saw is increased

from one-half to double the strokes per minute. ALEX. WILLIAMS, DUNCAN MUNROE CHRISTOPHER MUNROE, JOHN McFADYEN, C. P. MALLETT. ARCHIBALD GRAHAM JOHN McDANIEL. ALEX'R MURCHISON. ARCH'D McLERAN. DAN'L MeDIARMID, ANGUS CAMERON,
(Millwright.)

JOHN C. McLAURIN, (Richmond County.)
THOMAS C. SMITH, (Bladen County.)

They have also received a certificate from Col Alexander Murchison, (which will be published hereafter among others in handbill form,) in which he speaks of this as "the greatest improvement made on Saw Mills in my [his] time;"-says that his Saw will ent 5000 fret in a day; it actually cut on the day before he wrote, 4683 lect of 11 inch Quarter Boards; makes 240 strokes in a minute; that one half of the water is saved; and concludes Other certificates, which have been promised,

will be published hereafter.
