#### IMPORTANT TO MILL OWNERS.

#### HOTCHKISS' Vertical Water Wheel.

THE Subscribers having witnessed the successfol operation of these wheels, were induced to parchas; the right of using them in the state of North Carolina; and they now offer for sale individual rights, at FIFTY dellars, or rights for a whole con ity, on reasonable terms.

Peril s being generally adopted in the Northern States, these wheels are coming into general use in the southern States. We have sold about 100 Rights, 30 of which are in successful operation in Camberlan I county.

These wheels are more durable, and more easily kept is order when properly put together than the flatter wheel. They will save one-third of the water, and run will in back water, when there is a hard shave. The speed of the saw is increased to more than don'de the strokes per minute.

We reter, am ng others, to the following gentlemen, some of whom have had the wheels in operato a 12 months or more; and from many of them and of it's, we have received certificates expressing their night approbation of the superior advantages of these over the flatter wheel, and stating that their saws will cut 2500, 3000, 35 0, and even as high as 5 00 feet per day, and save one-third of the water.
