## Railroad Convention.

The convention appointed to meet at this place on the 4th of November, met on Wednesday last at the Baptist Church, and organized by appointing Mr Warren Winslow President, and also six Vice Presidents, and Messrs McFarlan of Cheraw, and McRae of Fayetteville, Secretaries.

The regular proceedings were not arranged for publication in time for our paper.

Delegates were in attendance from Virgiria, South Carolina, and the following counties in our own State: Richmond, Robson, Moore, Montgomery, Stanly, Sampson, Wake, and Northampton. Gen. Wm. Gibbs McNeill of New York, was present, and upon invitation, took a seat in the Convention.

A committee, consisting of one from each delegation, was then appointed to prepare and report resolutions for the action of the Convention. This committee reported on Thursday, through their Chairman Dr Cameron, a set of resolutions, setting forth,

1st. A recommendation of the extension of the Railroad from Raleigh to Camden.

2d. That the interests of the country demand the immediate commencement, and speedy completion of this link in the Metropolitan line of communication between the North and the South; and setting forth the advantages to the public, and particularly to this section of country, to be derived therefrom.

3d. Expresses the conviction of the Conthe attention of capitalists.

4th. Requesting the Legislature of this State to grant a charter to construct a railroad from the city of Raleigh by way of Fayeffeville, to such point on the South Carolina fine, as shall connect with the railroad which may be constructed by the citizens of South Carolina, from the town of Camden, through Cheraw and Bennettsville, to the North Ca-

Previous to the adjournment of the convention, an invitation was received from a committee on the part of the citizens of Fayetteville, inviting the members of the convention to a dinner prepared for the occasion, at Briggs's Hotel. About two hundred and fifty gentlemen sat down. It was a capital dinner, and an abundance of the luxuries of the season was set out to invite the appetite; and the young gentlemen who superintended the tables, did themselves great

credit by their polite attention to the guests. It was altogether, a spirited convention; and the delegates were mostly gentlemen of home : wealth, influence, and talents, which we feel assured will be exerted to forward the un-

## TAXATION IN WILMINGTON.

At a general meeting of the citizens of the lown of Wilmington, held on the 30th ult. wo resolutions were passed; one making au Messrs Mason & Tuttle; 38 William street, and Mr George Pratt at the Morning Telegraph Office; 164 Nassan street, are authorized agents for obtaining advertisements and subscriptions for the North Carolinian, in New York. application to the Legislature for authority to principal and interest on the above named sum; said sum to be used for building a raiload from Wilmington to Manchester, S. C.

Another resolution, asking authority to lay tax of one-half per cent., on all capital invested in personal property of all kinds, was laid over for further consideration.

It was also resolved, that after the said railroad shall be built, and the money borrowed paid back, the Commissioners of the Town of Wilmington shall allot to each citizen thereof, stock in said road in proportion to the tax

The resolutions are said to have passed unanimously, by a very full meeting.

Mr Wise, who has been making ascenions in balloons for the last 15 years, all over the country, proposes to the government to force the surrender of the Castle of St. Juan, at Vera Cruz, by hovering over it in a bal loon, and throwing down bomb shells into it. The Government will hardly accept the offer, as we presume the castle can be taken. or rendered of no avail, very easily, whenever the Government desire it.

SWEET POTATOES .-- There is an abundance raised this year of this delightful food. We are happy to acknowledge several presents from the well filled hills of our friends. Mr Arch'd McNeill of Robeson, presented us vention, that the project is practicable and a few weeks ago with a fine lot; and then can be accomplished at small expense; and Mr Grimsly gave us two mammoth fellows that the stock will be profitable, and worthy measuring 12 inches, and thick accordingly. We have seen other letters in the papers, but they contain nothing particularly interesting, if we except several from the Baltimore Battalion, which cast censure on Gen. We are glad to perceive that old Fayeteville had one representative at least in the battle of Monterey, Mr Charles Erambert, who was in the dreadful charge which proved so galling to the volunteers. But he remained unscathed. We have been favored with the following extract from his letter
