**R. F. HIBBARD & CO'S WILD CHERRY BITTERS.**  
This preparation is a certain Sedative allaying  
all Nervous Excitability and calming Nervous  
Irritation—Palpitation of the Heart—Dizziness  
of the Head—Indigestion, and all Diseases arising  
from a Sympathetic Affection of the Stomach, are  
entirely relieved by a very few doses of these  
BITTERS.  
It has already become a favorite with many Medi-  
cal Practitioners.

The Rev. J. N. Maffit, who has used it, speaks  
of it as follows:  
Brooklyn, Jan. 1847.  
Gentlemen: Having suffered for years from  
the effects of sedentary habits and close applica-  
tion to study, I was induced to try your prepara-  
tion of Wild Cherry. Its beneficial effects were  
soon apparent, and I take great pleasure in re-  
commending it as an excellent medicine especia-  
lly adapted to excitable temperaments, and one  
that should be generally known and patronized.  
Yours, J. NEWLAND MAFFITT.

The Long Island (N. Y.) Farmer, a paper printed  
at Jamaica, L. I. gives the names of person in  
that village who have been benefited and cured  
by its use.

The following named persons have been bene-  
fited by this medicine: M. S. Huntington,  
James J. Beaton, Charles Wellington, Hendrick  
A. Hendrickson, J. E. Allen, Mr. Manwaring,  
Daniel Higbie, Springfield.  
Hibbard's Wild Cherry Bitters.—Three obstinate  
cases of Fever and Ague, have been cured re-  
cently by the use of Hibbard's Wild Cherry Bit-  
ters. Mr. W. W. at Springfield, says that he cured  
him after other remedies had been tried in vain.  
B. F. Hibbard's Bitters Pills, should be  
taken, say a dose or two, before using the Bitters.  
Two of these pills are a dose, and are equal to 4  
or 6 pills of any other kind.

Mr. Ward of the firm of Gates Stout & Ward  
of this city says that he has found it very beneficial  
in a severe attack of fever and ague. The  
number of persons that have been cured and bene-  
fited in Jamaica alone, would establish the reputa-  
tion of the article.

this State, it is ordered that publication be made for six  
weeks in the North Carolinian, a paper published in the  
town of Fayetteville, for the said non-residents to appear  
in the next term of this Court to be held at the Court  
House in Lumberton, on the fourth Monday of February  
next, then and there to plead answer or demurrer, or that

**HAVE YOU TRIED IT?**—If not do not delay another  
day, but send immediately; if you have been one of the  
wise and prudent, and already bought a bottle, the question  
is settled—you have recovered your health.  
Jayne's Carminative Balm for Bowel and Summer  
Complaint, never fails, and has been tried by thousands  
of persons, have given their testimony in  
its favor. No family should ever be without it.

**STRONG EVIDENCE THAT DR. JAYNE'S EXPEC-  
TORANT** is superior to all other remedies for Coughs,  
Consumption, Brouchitis, Asthma, and other Pulmonary  
affections, is that the same persons who commenced the use  
of it in the first stage of the disease, and who have been in-  
duced to try other preparations, they have almost invari-  
ably been disappointed in receiving the benefit which was  
reasonably anticipated from the high praises bestowed by  
the proprietors and have returned to the use of Jayne's  
Expectorant, as a remedy that never has failed to relieve  
them, and which probably never had its equal in arresting  
Pulmonary disease.  
Prepared only by Dr. D. Jayne, Philadelphia, and sold on  
agency by S. J. HINSDALE.

**TEAS!**  
**AGENCY OF THE NEW YORK**  
**CANTON TEA COMPANY.**  
The oldest Establishment in America!  
THE CANTON TEA COMPANY has been popularly  
known for many years. This is the largest and oldest Tea  
Establishment in America. The public have had full proof  
of their integrity and responsibility.  
They possess facilities, in relation to the Tea Trade, in any  
other abundant, degenerate and doubtful, superior to any  
very Tea Concern in America. Their scrupulous regard  
to all principles that tend to elevate the character of a  
large house, is well understood, and has already secured them  
a connection, probably larger than all other Tea  
Establishments united, and they consequently are deter-  
mined to sell Tea purer, more fragrant, and perfect for the  
price in the aggregate, than any house in the world—  
this excepted.  
They most zealously invite the attention of the in-  
habitants of this town and vicinity to their Agency where  
complete assortments are always on hand; they feel no  
hesitation in stating that wherever a single trial is made,  
a very decided opinion will be given to the celebrated Tea of  
the CANTON TEA CO.

**A VERY IMPORTANT COMMUNI-  
CATION TO ALL PERSONS IN  
ALL PLACES, AT ALL TIMES,  
And under all circumstances!**  
If you are sick or cured, if you employ  
measures to continue so. Every individual in-  
duces in habits, which must, to a greater or lesser  
extent, disarrange the admirable and intricate  
combinations which form the system, and conse-  
quently every individual should possess some  
mild, yet efficacious, simple and accredited agent  
for preserving all the functions of the body in  
good order.

**Dr. Woods Sarsaparilla and Cherry Bitters**  
will achieve this result, and should be in every  
family, and in the hands of every person, who, by  
business or profession, or general course of life,  
is predisposed to the very many little ailments  
that render life a curse, instead of a blessing, and  
finally result, in their aggregated condition, in  
the cause of Death.  
The Bitters here mentioned are compounded  
by a man of great skill and knowledge, from the  
simples Nature presents to those who care to  
find them, and which are the only reliable anti-  
dotes to the poison of disease. The chief ingredi-  
ents are the universally beloved Sarsaparilla  
and the Bark of the Wild Cherry Tree, with  
which the red man of the forest cures nearly  
every disease of the internal organs. These ma-  
terials, though powerful in their action, are, as  
common sense teaches us.

**CAUTION! BE HARMLESS!**  
and prepared as they are here, one of the greatest  
medical operatives in the inhabitable globe. By  
taking these Bitters, the scrofulous man will be re-  
stored to beauty, and avoid the sharp knife of the  
surgeon, for they not only eradicate pimples and  
rings, but cure every skin disease.

**CANCER AND KING'S EVIL!**  
Whoever is subjected to the horrors of Con-  
stitution, should at once purchase this sure remedy,  
the train of Consequences follow dreadful local  
congestions, oftentimes insanity, very frequently  
mania or hypochondria, violent headaches, palpi-  
tations, and other affections of the heart, and  
rheumatic swellings. Dr. Wood's Compound is  
equally adapted to the treatment of all these  
complaints, and their fountain head, that  
can possibly be cured.

From being confined in close rooms and from  
taking a small medium of exercise, numerous  
persons daily are made to deplore a loss of ap-  
petite, and Mr. W. W. at Springfield, says that he cured  
him after other remedies had been tried in vain.  
B. F. Hibbard's Bitters Pills, should be  
taken, say a dose or two, before using the Bitters.  
Two of these pills are a dose, and are equal to 4  
or 6 pills of any other kind.

**SAVED FROM THE GRAVE.**  
only by a miracle and even then the late Dr. W. W.  
blister and calomel have left them mere shadows,  
hulks, full of festering sores, and they were  
pest to themselves, but a source of disgust and  
annoyance to all with whom they came in con-  
tact. All these

**FEARFUL CONSEQUENCES**  
may be avoided by an early application of the  
virtues of these Bitters. For the truth of this  
the proprietor pledges his word and honor, and  
in evidence can show files of undoubted certifi-  
cates which he has received, unsolicited from all  
quarters. He does not, however, ask the invalid  
to throw his certificate but his Bitters, and is  
willing to stake all he holds dear on earth in  
favor of their worth.

**THE DYSPEPSIA.**  
in either a modified or severe form, will disappear  
before the qualities of Dr. Wood's preparation,  
and the cure may be relied on as a permanent one.  
Did the Bitters possess no other recommendation,  
it would be one of the finest vegetable compounds  
medical science can invent; but it is equal to the  
complete eradication of

**LIFE COMPLAINT.**  
in every shape, and of every affection, minor or  
gigantic, of the military apparatus. Individuals  
who are constitutionally bilious ought regularly  
to take this mild agreeable and excellent tonic  
and aperient, as it will diffuse health throughout  
every fibre of the frame, and send happiness and  
love of life thrilling to the heart. Families ought  
to keep it on hand.

Every medicine chest on board ship should  
also be well stocked with this capital remedy,  
as SCURVY cannot afflict those who take it,  
or long resist its vigorous assaults. All im-  
purities of the blood vanish before it, and the old  
relies of early imprudence invariably disappear,  
soon after being submitted to its action. Every  
complaint of the stomach is broken by it. The  
Bitters have in so instance failed of curing Jaun-  
dice, general debility every disorganization of

**THE NERVOUS SYSTEM.**  
By neglecting the little inroads made upon the  
latter a vast portion of our fellow beings are  
rendered extremely miserable—so miserable, indeed,  
that the wish to die. Every bottle of "Dr.  
Wood's Sarsaparilla and Wild Cherry Bitters"  
contains a modicum of joy and content for each  
of these anxious and imprudent sufferers. Re-  
member that an injudicious use of mercury is  
inevitably productive of many evils which are  
prevented by this mild, and safe, and unsurpassable  
compound; and that afflictions, which are

**HEREDITARY**  
may speedily and safely be shuffled off through  
its agency. As a medicine which must benefit  
every family, it is a necessity.  
from the simply delicate to the confined and des-  
pairing invalid, no equal is to be found for it. It  
would be well to bear in mind that preventive is  
infinitely more desirable than cure, and that Dr.  
Wood's Sarsaparilla and Wild Cherry Bitter are both.

**THE WAR.**  
From the N. O. Picayune, Jan. 7.  
**LATER FROM MEXICO.**  
The schooner Eleanor, Capt. Jones,  
arrived last evening from Vera Cruz, hav-  
ing sailed thence on the 29th ult.  
From the Free American we learn that  
Capt. Fairchild, of the Louisiana Moun-  
ted Volunteers, returned from the city of  
Mexico on the 26th ult., having left the  
capital on the 18th—four days later than  
our previous advices. We extract freely  
from the Free American's selections from  
the papers brought down by Capt. Fair-  
child; we have not yet received any let-  
ters by this arrival.  
The following orders, by Gen. Scott,  
require no explanation from us:  
Headquarters of the Army, Mexico, Dec. 15.  
GENERAL ORDERS—NO. 376.

1. This army is about to spread itself  
over and to occupy the Republic of Mexi-  
co, until the latter shall sue for peace in  
terms acceptable to the Government of  
the United States.

2. On the occupation of the principal  
point or points in any State, the payment  
to the Federal Government of this Repub-  
lic of all taxes or dues, of whatever name  
or kind, heretofore—say in the year 1844—  
payable to or collected by that Govern-  
ment, is absolutely prohibited, as all  
such taxes or dues will be demanded of  
the proper civil authorities of the army of  
Occupation.

3. The State and Federal District of  
Mexico being already so occupied, as well  
as the States of Vera Cruz, Puebla and  
Tamaulipas, the usual taxes or dues, hereto-  
fore contributed by the same to the  
Federal Government, will be considered  
as due and payable to this army from the  
beginning of the present month, and will  
early be demanded of the civil authorities  
of the said States and District, under rules  
and penalties which shall be duly announc-  
ed and enforced.

4. Other States of the Republic, as the  
California, New Mexico, Chihuahua, Coa-  
huila, New-Lex, &c. &c., already occu-  
pied by the forces of the U. States, though  
not under the immediate order of the gen-  
eral-in-chief, will conform to the prescrip-  
tions of this order, except in such State  
or States where a different system has been  
adopted with the sanction of the Govern-  
ment at Washington.

5. The internal taxes or dues referred  
to are: 1. direct taxes; 2. duties on the  
production of gold and silver; 3. Smelting  
and assaying dues; 4. the tobacco rent; 5.  
the rent of stamped paper; 6. the rent on  
the manufacture of playing cards; and 7.

6. The rent of national lotteries is abolish-  
ed—lotteries being hereby prohibited.

7. Import and export duties at the ports  
of the Republic will remain as fixed by  
the Government of the United States, ex-  
cept that the exportation of gold and silver  
in bars or ingots (plata y oro en pasta) is  
prohibited until the further instructions of  
the Government on the subject.

8. All imported articles, goods, or com-  
modities, which have once paid, or given  
sufficient security for the payment of  
duties to the United States at any port of  
entry of the Republic, shall not again be  
burdened with any tax or duty in any part  
of this Republic occupied by the forces of  
the United States.

9. The levying of duties on the transit  
of animals, goods or commodities, whether  
of foreign or domestic growth, from one  
State of this Republic to another, or on  
entering or leaving the gate of any city  
within the Republic, will, from and after  
the beginning of the ensuing year, be pro-  
hibited as far as the United States forces  
may have the power to enforce the prohibi-  
tion. Other and equitable means, to a  
moderate extent, must be resorted to by  
the State and city authorities, for the nec-  
essary support of their respective Govern-  
ments.

10. The tobacco, playing card and stamp-  
ed paper rents, will be placed for three,  
six or twelve months, under contract with  
the highest bidders, respectively for the sev-  
eral States, the State & Federal District of

ingly, offers or bids for those rents within  
each State, or any one of them, are invit-  
ed. They will be sent in as early as pos-  
sible, sealed, to the headquarters of the Com-  
manders of Departments, except for the  
Federal District and State of Mexico. For  
the two latter, the offers or bids will be  
addressed to the general-in-chief.

11. Further details for the execution  
of the foregoing system of government and  
revenue will soon be given in general or-  
ders.  
By command of Maj. Gen. Scott:  
H. L. SCOTT, A. A. G.

The following is from the Free American:  
The American Star, dated Mexico, 17th  
December, intimates a removal of troops  
from that city, for other and perhaps dis-  
tant places; and in another column says:—  
"We understand Col. Riley's brigade,  
consisting of 2d Artillery, and 2d, 4th and  
5th Infantry, and the Voltigeurs, will  
move this morning for Tacubaya, where  
they will be stationed for the present.  
Perhaps this corps is destined for distant  
places."

The American Star of the 16th inst.  
contains the following:  
A letter in the Monitor of yesterday,  
dated a Queretaro, on Monday, states that  
the present Congress will not come together

again, several Deputies having left and  
others being about to leave. It adds that  
the new Deputies and Senators would soon  
be in the city, many of them being already  
on the road.

The Government is silently taking all  
necessary measures for suppressing the  
intrigues of the monarchists. In conse-  
quence of the Governors not having  
fulfilled their promise to aid the Govern-  
ment with such resources as they could  
command, it is much cramped for means.

Some of the Deputies in favor of revo-  
lutionary measures, were endeavoring to  
get up a pronunciamento in several towns  
of the State of San Luis, the object of  
which should be a convention, the continu-  
ation of war, and declaring Santa Anna  
general-in-chief. It was thought it would  
amount to nothing.

Lieut. Catinet, Ass't Quartermaster,  
and Mr. Rivers, interpreter, with a small  
party, left Puebla for Jalapa, on the 17th  
ult., having a considerable sum of money  
in their charge. They were attacked on  
that night by some fourteen robbers, but  
although the three named were the only  
persons of the party who had arms, they  
defeated the *ladrones*, and arrived safe at  
their destination.

**LATE FROM MEXICO.**

The U. S. sloop of war Saratoga, arriv-  
ed at Pensacola on the 6th inst. From Vera  
Cruz, whence she sailed on the 26th ult.  
She brings fuller though not later advices  
from the city of Mexico than have before  
been received.

Lieut. Col. Wilson, of the 1st Infantry,  
late the Governor of Vera Cruz, came over  
on the Saratoga on a short visit to his fam-  
ily residing near Pensacola.

Our correspondent at Vera Cruz gives  
us the following extract of a letter from  
Mexico:

Mexico, Dec. 17, 1847.

The mail from the interior brought us  
the news of an insurrection in the State of  
Tamaulipas—the native Indians have risen  
in strength, taken the town of Ozuama  
and made prisoners of the garrison and  
authorities of the place. Gen. Garay, who  
arrived the day previous, shared the same  
fate. A letter from the wife of one of the  
prisoners is published in El Monitor, begg-  
ing that no attempt may be made to release  
them by force, as they are well treated  
and should certainly be murdered by their  
captors.

A rumor was current among the Mexi-  
cans in town a few days ago that the com-  
missioners from the Mexican Government  
left for Queretaro on Sunday last, after  
having an interview with Mr. Trist. It is  
supposed they go to have a new conference  
with the Supreme Government on the sub-  
ject of peace. This is a rumor.

Gen Butler will be in to-morrow, and  
Col. Johnson the next day.

A party of nine, who started from Gen.  
Butler's train night before last, to join the  
advance, were attacked in the mountains  
by a party of robbers. One of them (a  
physician, I believe) fell into the hands  
of the Mexicans, but they, discovering from  
his medicines that he was a doctor, let him  
go, and he arrived safe at Ayotla. He  
states that he heard shots fired, but saw  
nothing of the men of his party. As they  
were well armed, however, there is little  
doubt but that they escaped. I could not  
learn their names.

On Wednesday last Dr. Suter, of the  
Rifles, died of brain fever. He was buried  
on Thursday, and most of the Officers of  
the army attended his funeral, among them  
Gens. Scott, Patterson and Cushing.

The weather for the last few days has  
been extremely cold.

The following extracts are made from  
the Star of the 18th ult:  
**RE-ORGANIZATION OF THE MEXI-  
CAN ARMY.**

Our readers are aware that the Mexican  
Congress has been recently discussing var-  
ious propositions for the re-organization of  
the Mexican army. We are not aware that  
any project of this character has passed  
into a law, and for the reason that the de-  
puties, when there happens to be a quorum  
present, can unite upon no single act of  
legislation. The Federalists, however,  
published at Queretaro, and received yes-  
terday, contains the project of a law on  
the subject, submitted by Perdigon Garay,  
deputy from the State of Mexico. It is  
quite long, and we can give a synopsis  
merely. The first article provides that  
an armed force of forty thousand men  
shall be raised, for the purpose of repelling  
the invader, and to be called, the "Militia  
of the Confederate States of Mexico."

Each State is to furnish one man for every  
two hundred of the population. This force  
shall be infantry, formed into battalions of  
eight hundred men, taking the name of the  
State to which they belong. The soldiers  
shall be honest men, able to endure the  
privations and fatigues of war, from eighteen  
to forty years of age, and serve during the  
war. For the support of this force it is  
ordered that in all the States, Districts  
and Territories, every hundred persons  
shall contribute two reals per day. There  
are some other provisions in regard to pay,  
desertions, rewards and punishments, but  
these are the main features of the bill.  
The Federalists has a long editorial extol-  
ling the character and supposed efficiency  
of the projected law. It is stated that it  
was received with general favor in the

Chamber, and evidently counts upon its  
enactment on no distant day. It proceeds  
to ask whether the American Government  
can raise as many men as this bill provides,  
and answers its own question with an em-  
phatic *no*. The editor of the Federalists  
must be extremely ignorant of the state of  
feeling in the United States, if he sup-  
poses that forty or fifty thousand men can  
not be raised and equipped for the war.  
Why, there is nearly that number upon  
the Mexican territory at this moment, and  
the editor need not be surprised if he sees  
several thousand of them quartered at  
Queretaro in a few weeks.
