Establishment in America. The public have had full proof of their integrity and responsibility. They possess facilities, in relation to the Tea Trade, in a very abundant degree, and doubtless, superior to any other Tea Concern in America. Their scrupulous regard to all principles that tend to elevate the character of a large house, is well understood, and has alreaday secured them a connection, probably, larger than all other Tea Establishments united, and they consequently are deter-mined to sell Tear purcr. more fragrant, and perfect for the prices in the aggregate, than any house in the world--China excepted.

BALTIMORE PIANO FORTE

# VERY IMPORTANT INVENTION.

It has long been a question among teachers and amateurs of music. as to the most suitable touch for a Plano Forte. Some at this time contend for a light touch. while others, Some at this time contend for a light touch. while others, with equal ability, advocate the heavy. This question is now permanently settled. WISE & BROTHER have in-vented a contrivance by which the same Instrument may be instantly set to any required touch, by the turning a single screw, varying, if necessary, three hundred and six-ty-five differences. The advantages of this are evident, both to teachers and amateurs, as lessons may be practised on the heavy, and exhibited on the lighter touch, to suit ex-actly any physical capacity which is agreeable to fact and progressive lessons. The contrivance is simple, and may be applied to any common Piano. We invite the most critical investigation. Patent is about to be taken for the improvement.

WILD CHERRY AND SARSAPARILLA PILLS.

DR. LE BOY, a Licentiate of the Royal College of Physicians in London. having used in his private practice, for a number of years, the WILD CHERRY AND SARSAPARILLA.

at length made an extract of them, which with other ver etables, he has combined in one of the best Pills ever mad known to the European Community, and which met the attention of the American people.—They are the most efficacious purgative and tonic yet discovered. THE WILD CHERRY

is an excellent tonic, possessing astringent and aromatic properties, which make it valuable in Dyspepsia, Jaundice, Weakness of the Stomach and chest.

THE SARSAPARILLA is demulcent, diuretic and soothing, and is given in Rheu matism. Scrofula, Diseases of the Skin. and to cradicat matism. Scrofula, Diseases of the Skin, and to cradicate the bad effects of Mercury. In the operations of all other purgative medicines debilitation and purification go hand in hand; they remove the good, as well as the bad; thus weakening the system, which they were only required to cleanse, and making the cure generally almost as bad, and frequently much worse than the disease. Dr. Le Roy's Pills, on the contrary, strengthen and tone the system which they purge and purify. And this is their peculiar attribute, and the principal cause of their unrivalled popu-larity.

P. S. The virtues of the Sarsaparilla and Wild Cherr are too well known to medical men and the community require further detail. [t]→ Price 25 cents per box. For sale by S. J. Hinsdale agent April S-1y.
