It has already become a favorite with many Medical Practitioners.

The Rev. J. N. Maffit, who has used it, speaks of it as follows:

BROOKLYN, JAN. 1847. Gentlemen; Having suffered for years from the effects of sedentary habits and close application to study, I was induced to try your preparation of Wild Cherry. Its beneficial effects were soon apparent, and I take great pleasure in recommending it as an excellent medicine especially adapted to excitable temperaments, and one that should be generally known and patronised. Yours. J. NEWLAND MAFFITT.

The Long Island (N. Y.) Farmer, a paper printed at Jamaica, L. I. gives the names of person in that village who have been benefited and cured

The following named persons have been beneitted by their use in Jamaica: M. S. Huntlin James J. Brenton, Charles Welling, Hendrick A. Hendrickson, J. E. Allemand, Mr Manwaring; Daniel Higbie, Springfield.

Hibbard's Wild Cherry Bitters .- Three obstinate cases of Fever and Ague, have been cured recently by the use of Hibbard's Wild Cherry Bitrs. Mr Watts, at Springfield, says that it cured him after other remedies had been tried in vain. B. F. Hibbard's Bilious Pills, should be taken, say a dose or two, before using the Bitters. Two of these pills are a dose, and are equal to 4 or 6 pills of any other kind.

Mr Ward, of the firm of Gales Stout & Ward of this city says that he has found it very beneficial in a severe attack of fever and ague. The number of persons that have been cured and benefited in Jamaica alone, would establish the reputation of the article.

J. & T. WADDILL BALTIMORE PIANO FORTE MANUFACTORY. VERY IMPORTANT INVENTION.

It has long been a question among teachers and amateurs of music, as to the most suitable touch for a Piano Forte. Some at this time contend for a light touch, while others, with equal ability, advocate the heavy. This question is now permanently settled. WISE & BROTHER have invented a contrivance by which the same Instrument may be instantly set to any required touch, by the turning a single screw.varying, if necessary, three hundred and sixty-five differences. The advantages of this are evident, both to teachers and amateurs, as lessons may be practised on the heavy, and exhibited on the lighter touch, to suit exactly any physical capacity which is agreeable to fact and progressive lessons. The contrivance is simple, and may

be applied to any common Piano. We invite the most critical investigation. Patent is about to be taken for the improvement. J. J. WISE & BROTHER, March 25 1848, 3m

DR. LE BOY, a Licentiate of the Royal College of Physicians in London. having used in his private practice, for known to the European Community, and which met the attention of the American people.—They are the most efficacious purgative and tonic yet discovered.

THE WILD CHERRY

THE WILD CHERRY
is an excellent tonic, possessing astringent and aromatic
properties, which make it valuable in Dyspepsis, Jaundies,
Weakness of the Stomach and chest.
THE SARSAPARILLA
is demulcent, diuretic and soothing, and is given in Rheumatism, Scrofula, Diseases of the Skin. and to eradicate
the bad effects of Mercury. In the operations of all other
purgative medicines debilitation and purification go hand
in hand; they remove the good, as well as the bad; thus
weakening the system, which they were only required to
cleanse, and making the cure generally almost as bad, and
frequently much worse than the disease. Dr. Le Roy's
Pills, on the contrary, strengthen and tone the system
which they purge and purify. And this is their peculiar
attribute, and the principal cause of their unrivalled popularity.

From the John Donkey. SPEECH OF THE HON, KETTLE M. POTTS,

In Philadelphia, at the festival in commemoration of the birth day of the great embodiment—the old mill boy of the Slashes. BY OUR FAST PHONOGRAPHIC REPORTER.

The Hon Kettle M. Potts then came forward-upon which the uproar was most terrific, and may be expressed Phonographically in this way, oooooooourrrr, 0000000000anurrrr, 0000000aurrrrrrr, 000ooooaurrrrrr, ooooooooooaurarrrrr, oooooooaooaooaroooaurrrrr, (humping/ mmp, mmp, mmp, mmp, mmp, (clapping) kwak, kwak, kwak, kwak, kwak. The tumult having in some measures subsided, the Honorable gentleman smoothed down his whiskers, stretched out his right hand, opened his mouth and said,-

Mr President and gentlemen of every hue and colour, kind and degree. Those yells which you have just now given, were most grateful to my ears. But I am not a noodle-I know that they were not given to me because my name is Potts, but because I am the champion of your great champion,-because I am the unrelenting foe of his great foes-because, in fine, I headed Captain Tyler, and am about to head off the man who headed Santa Anna. Against old Rough and Ready, the great Dagon of their idolatry, I shall say nothing -because I cannot. I honor him for being the instrument in beginning and carrying on this abominable war, and he is an honest man. But, gentlemen, what are his principles? Would he not if elected appoint honest men to office? And would one of us stand the least chance? (Cries of The stock of Goods now on hand is desirable, and will be sold very low. "No! No! No! Henry Clay at the last election received more than 500,000 votes, which is more than five times as many as Gen. Washington ever received, and the latter was elected unanimously. What do you think of that, gentlemen? Gen. Taylor cannot get anything like as many votes as Henry Clay could obtain. He would not gain over any of the Southern States, and he

would lose nearly all of the Nothern States. Can anything be plainer than that Clay would come in with a most tremendous majority? Besides, gentlemen, could not we nominate Gen. Scott, who has gained so much glory in this abominable war, for Vice President, and with Henry Clay, who gained so much glory by opposing it, for President, should we not be sure in that case to get the votes of both the War and Peace men, and thus come off most tri-
