WILD CHERRY AND SARSAPARILLA PILLS.

DR. LE BOY, a Licentiate of the Royal College of Physicians in London, having used in his private practice, for a WILD CHERRY AND SARSAPARILLA. at length made an extract of them, which with other veg etables. he has combined in one of the best Pills ever made

known to the European Community, and which met the attention of the American people.—They are the most efficacious purgative and tonic yet discovered. THE WILD CHERRY

is an excellent tonic, possessing astringent and aromatic properties, which make it valuable in Dyspepsia, Jaundice, Weakness of the Stomach and chest.

THE SARSAPARILLA is demulcent, diurctic and soothing, and is given in Rhen-matism, Scrofula, Diseases of the Skin, and to cradicate the bad effects of Mercury. In the operations of all other purgative medicines debilitation and purification go hand in hand; they remove the good, as well as the bad; thus weakening the system, which they were only required to cleanse, and making the cure generally almost as bad, and frequently much worse than the disease. Dr. Le Roy's Fills on the contrary, strengthen and tone the system which they purge and purify. And this is their peculiar

attribute, and the principal cause of their unrivalled popul P. S. The virtues of the Sarsaparilla and Wild Cherry are too well known to medical men and the community to require further detail.

From the St. Louis Reveille. THE "HULKS" OF BERMUDA.

It may be interesting to some of your readers to know something about the place for small boats, and they would have to where the Irish Patriot, Mitchel, is con. pass through the harbor of St. George in demned to linger out his days in confine. order to reach the upper bay. ment on board of a prison ship. They are truly named "Hulks," and I would add loathsome hulks, too. I was once a pri- get my parole, and lived on the Island of soner of war, and confined on board of them, and have a most vivid recollection

of those floating castles. The Bermudas, or Somers' Islands, are a small group, situated about half way between Nova Scotia and the Autilles, and rendered, and the cause set for hearing ex parte or from Cape Hatteras. During the war of 1812, it was the head-quarters for the British army and navy on the American station. It was from the Bermudas that the army under Gen. Ross sailed for the Chesapeake, and for the attack on Baltimore. It was also from the Bermudas that one division of the army, distined for the attack on New Orleans, depared, under the command of Gen. Keene-the division under Gen. Gibbs, for the same destination, sailed from Jamaica. These Islands are about 25 miles in length, and about 20 broad, and are divided into about 40 Is-

lands, the sea running through them in every direction, forming bays and inlets on almost every side. One of the hulks, the "Goree," an old African ship, is situated at the head of St. George's harbor, and is used as a receiving ship. The "Ardent," 64, was situated in the bay, about 4 miles

ing, looking like three stumps sticking up the usual supply. and a bowsprit sticking out, looking like a dog's tail cut off. This is the place where the patriot Mitchel is incarcerated. This

hulk, the "Thames," has taken the place of the "Ardent," which has been hauled into the docks at Hamilton. Confinement in one of these hulks is bad enough for sailors, who are accustomed to a wet jacket and hard fare; but for a landsman, who has been bred in scenes of refinement, it is, absolutely, unendurable. His fare is the condemned provisions of the British navy, and that which is not condemned, an American dog would turn up his nose at; the scenery is the constant dash of the

ocean against the rocks, laving it into

white foars; shut in on the south by high

hills, and on the west open to the broad

Atlantic, but locked in by that impassable reef that no vessel dare venture near. During the war of 1812 to 1815, I was captured by the Lacædemonian frigate, and carried into Bermuda, where I remained a prisoner of war eighteen months, and was, for a time, confined to the "Hulks." I know them well, and when I was first crowded down into the gun deck of that loathsome craft, I thought my days were numbered. There are very few persons that can form the slightest idea of an entrance on board of a prison ship. I had been partially initiated before, having once

been picked up at sea by the Melpomene

frigate, and once before captured on the

coast of France, and sent on board the

hulks at Portsmouth .- On entering the

The Goree was a general receiving ship, where the pirate, the privateersman, the sailor, and the landsman were all thrown together. Afterwards, the American prisoners were transferred to the Ardent, sixty-four, in the upper bay, where the Thames now lies. After a few day's confinement on board of the Goree, I was transferred to the Ardent Nothing but stratagem can ever relieve the unfortunate Mitchell from his position. After remaining on board of the "Hulks" for some time, I was fortunate enough to St. George until after peace was declared. The inhabitants of the Bermudas are a very pleasant, agreeable people, and the women are beautiful. The air is pure and wholesome, and the fogs from the banks of Newfoundland bleach their delicate white skins, until they are so clear that the blue veins can be seen through them. Like the West India Islands, sea-bathing is a constant custom with both males and females, and bays and places protected by the jutting Court of St. Cloud, he admired the man,

GRAND CAVALCADE. On entering each place of Exhibition the Menagerie will be preceded by the grand and novel spectacle of an elegant MUSIC CAR, drawn by EIGHT GREY HORSES, of the largest size,

containing a BAND OF MUSICIANS. Who will enliven the scene by executing a vari-

ety of favorite pieces of music. MR JOHN SHAFFER, the daring LION TAM-ER, and his equally intrepid LADY, will enter the cage with Lions. There, Leopards and Panthers. He will drive a large African Lienharnessed to a Car, and will by various graceful and daring feats show his complete control over animals usually deemed of the most savage disposition.

Will be Exhibited at Fayetteville, on SATURDAY, Aug. 19th, from 2 to 5 p. m. Admission 50 Cents; Children under ten years of age, and servants, half price. RAYMOND & WARING would announce to the citi-

zens of the West that they will now have an opportunity of seeing the celebrated, and brave JOHN SHAFFER & LADY. He has been styled by critics the "Lion King." as he has expessed his had been to fore in subduing the largest and most terrible Lion ever caught; this animal is at present in his possession, and has repeatedly saved his life when exercising the other beasts in the performing cage. His feats have been beheld by millions; he actually Drives a Wild Lion, harnessed to a car, thus showing the supremo
