In 1827,

At a public meeting, held in the town of Fayetteville, on the 7th Dec., of the friends of John Quincy Adams, Dr. Benj. Robinson was Chairman, and Ed. Lee Winslow, Secretary.

And we might go further, and say, "that if Gen. Jackson's defence of the 'beauty and booty' of the frescoes of his own country, gave him no claim to the Presidency, how much claim ought Gen. Taylor's victory in Mexico to give him, in a war characterized by the modern whigs as unconstitutional, unnecessary and unjust?"

Carthage, Aug. 3, 1848

Committed to the Jail of Moore county, N. C. on the 21st day of July, 1848, a negro girl who calls her name Susan.

seventy-seven thousand eight hundred and twelve dollars and two cents for extra allowances; and this not for extra services.

Who was appointed by this meeting a "committee of correspondence and vigilance" to send on the watch-tower to carry out those "feelings"?

Dr Ben Robinson, John Smith, Esq, David Anderson, Esq, Josiah Evans, Esq, Charles McCallister, Esq, Henry Elliot, Esq, Dr H M Turner, John McAllister, Esq, Henry A Donaldson, Esq, John McLeran, Esq, Danl McLean, Esq, David Smith, Esq, of Haymount, Angus Taylor, Esq, Esq, Arnold, Esq, Capt James Miller, Capt Alex Bure, Maj Jesse Birdsall, Ed Lee Winslow, Esq, Dr Goodrum Davis, Jeremiah Lippitt, Esq, Thos J Curtis, Esq, Maj Saml T Hawley, Col Peter McKellar, Maj J H Hooper and Neill Beard, Esq.

Look around you, dear reader, and see how many of these gentlemen are yet living in the town of Fayetteville and county of Cumberland.

Now that is the very essence and cream of the conclusion to be drawn from these facts?

Why, that Gen. Jackson, who drove the invaders from our soil, had no claim to the Presidency; but that Gen. Taylor, a hero in a war that the whigs call "unconstitutional, unnecessary and unjust"—a "war of conquest"—who never held a civil office, nor gave a vote, has claims, based upon his victories in this very war.

Now, sir, the frontier men are going to stand no such charge. We know it to be false, and got up by a party whose very aim is falsehood.

But to the charge that "Gov. Cass has injured the early settlers of the West"?

Why, sir, there are men in this town whose farms were purchased from government with money borrowed from Gov. Cass, without interest, upon the mere security of an emigrant's word, who had not a cent in his pocket, and was rich only in the affections of his wife and some half dozen children.

Men are now enjoying a competence under their own vine and fig-tree, who came to the Territory friendless boys, without fame or fortune, save a will to do and a hand to do it, who were put into business by the Governor, and backed all the way through until they were able to sustain themselves.

Some rare legends are told of the commencement in business of men who are now the leading men of Michigan, which would be spiced were they not too common here, and the actors all living.

These little incidents are small in themselves, and are only known to the early settlers; but they indicate the heart as open as a sunflower. And when the time comes for voting, you will see the entire West ranged in one unbroken line under the democratic banner.

Yes! "TELL THEM OF IT!"—The New York Post, a violent Van Buren paper, thus speaks of Gen. Cass and free soil:

"TELL THEM OF IT!"—When the Cass politicians pretend that their candidate is in favor of free soil, just tell them that Cass voted against the Wilmot proviso in the Senate.

Yes! tell them of it! By its fruits shall the tree be known. When the southern whig papers or speakers, false to the truth and the south, pretend that Cass is a proviso man or an abolitionist, just tell them that he voted against the proviso—nay, just tell them that upon all questions, in which southern interests have been involved, he has voted with us against us never!

CHARGES AGAINST GEN'L CASS REFUTED—ANECDOTES OF EARLY SETTLERS.

We call attention to the following letter from an early settler in the Great West—one who writes what he knows of Gen. Cass. It is eloquent in its simplicity, and irresistible in truth.

Let the base slanderers of Gen. Cass read this statement and blush—if, indeed, all sense of shame has not departed from them.

Later From Europe.

The steamship America arrived at New York on the 28th, with news from Europe to the 15th, September.

In cotton there has been a decline of one-eighth of a penny, or 1 of a cent on the pound, in the lower qualities. Good cotton holds its own.

Rice was dull of sale. Flour remained at former prices; but wheat and corn and meal had declined; and also pork and bacon.

FRESH DISTURBANCES IN IRELAND.

There has been another insurrection in Ireland, and much more formidable in its appearance and results than that so lately quelled.

The insurgents are posted in an almost inaccessible position, near Carrick, in Kilmack, on Thomas Mountain.

There has been a general rise of the peasantry, who have marched to the attack of the police stations.

Near Clonmel there has been much fighting, and numbers have been killed on both sides.

The soldiers shouted for repeal, and large numbers of them have been placed in handcuffs.

The insurgents fought with the most desperate bravery, and have captured some pieces of cannon.

Terrible results are anticipated from this outbreak, and among the most disastrous is the effect it will have upon the fate of the numerous individuals now on trial for their participation in the recent difficulties.

FRANCE.—Advices from Paris are of an unsatisfactory character.

The Socialists are mustering in great strength. There is a great deal of dissatisfaction expressed with the speech of Thiers in the Assembly.

The Government is taking measures to close all the Clubs throughout France. It is thought that the Republicans will carry the elections in Paris for the three deputies whose seats are vacant.

Cavaignac is not on good terms with Lamartine, because of the tendency of the latter to the Republicans.

A COSTLY SPEECH.—The speech delivered by Col. Benton in secret session of the Senate against the nomination of Gen. Kearney, has proved for the country a costly piece of rhetoric.

By a late regulation of Congress, matter of this kind is paid for, when published in the National Intelligencer and Washington Union; at the rate of \$7.50 per column.

Col. Benton's speech, it is computed, occupied about fifty columns in each paper, which brought the aggregate charge to seven hundred and fifty dollars for one speech.

The people of the United States pay a high price, at all times, for Congressional rhetoric, but this is paying for the piper at a rate, shaming every other public expense, even for the pleasure of listening to the music of Mr. Benton's eloquence.

The speech has been truly denominated "a weak, washy affair," and the editors of the above named journals felt no doubt happy when relieved of the leader on weight by which such an harangue encumbered their columns, however ample the money equivalent.
