

POLITICAL. From the Charleston Courier. LEAVE US NOT. - JER. XIV. 9. Learn us not: when first the night fleets before the dawn...

We have received from Mr. Elihu Burritt, alias the "learned Blacksmith," the following article which will be interesting to the general reader: AN OLIVE LEAF.

ADDRESS OF THE PEACE CONGRESS TO THE GOVERNMENTS OF EUROPE AND AMERICA. In the month of September last, a Congress was held in the city of Brussels...

Epitaph on an Old Maid. - Some years ago, the following epitaph was inscribed on the grave of an elderly spinster in Aldgate church-yard:

1st. That in the judgment of this Congress, an appeal to arms for the purpose of deciding disputes among nations, is a custom condemned alike by religion, reason, justice, humanity, and the best interests of the people...

2d. That it is of the highest importance to urge on the several Governments of Europe and America, the necessity of introducing a clause into all international treaties, providing for the settlement of all disputes by arbitration...

3d. That the speedy convocation of a Congress of Nations, composed of duly appointed representatives, for the purpose of framing a well-digested and authoritative international Code, is of the greatest importance...

4th. That this Congress respectfully calls the attention of civilized Governments to the necessity of a general and simultaneous disarmament, as a means whereby they may greatly diminish the financial burdens which press upon them...

cited whose fearful results are not loudly condemned by the voice of Humanity and Religion. The war-spirit of past generations has loaded most, if not all civilized nations, with enormous debts...

The great questions of Peace and War are confided to the hands of those to whom the government of the nations has been entrusted. Their responsibility is as great as their power...

The substitution of arbitration for war would be an immense step towards this object; the principle, and the means for giving it effect, might be embodied in special treaties...

The Congress is fully aware that the force of circumstances, the progress of modern industry and commerce, the greater facility and frequency of communication between the nations, the diffusion of knowledge, and the more elevated sentiments of humanity and religion...

In submitting to statesmen the recommendations embodied in the resolutions, the Congress entertains a just and legitimate confidence that they will not be disregarded; and that the Governments of Europe and America, animated by an ardent and sincere desire to promote the welfare of the great commonwealth of nations...

He that teaches not his son a trade, is as if he taught him to be a thief. - Rabbi Judah.

Probably the man who deserves the most of pity is he who is the most idle; for as there are said to be pleasures in madness known only to madmen, there are certainly miseries in idleness which only the idle can conceive.

He who is most industrious has really the most leisure; for his time is marked out into distinct portions, to each of which something is assigned; and when the thing is done, the man is at leisure; but the dead calf settles over him who lives an idle life.

DR. TOWNSEND'S SARSAPARILLA. This extract is put up in quart bottles; it is six times cheaper, pleasanter, and warranted superior to any sold. It cures diseases without vomiting, purging, sickening, or debilitating the patient. GREAT FALL AND WINTER MEDICINE.

The great beauty and superiority of this Sarsaparilla over all other medicines, while it eradicates diseases, it invigorates the body. It is one of the very best fall and winter medicines ever known, not only purifies the whole system and strengthens the person, but it creates new, pure, and rich blood; a power possessed by no other medicine.

RHEUMATISM. This Sarsaparilla is used with the most perfect success in rheumatic complaints, however severe or chronic. The astonishing cures it has performed are indeed wonderful. Other remedies sometimes give temporary relief, this entirely eradicates it from the system, even when the limbs and bones are dreadfully swollen.

GIRLS, READ THIS. You who have pale complexions, dull eyes, blotches on the face, rough skin, and are "out of spirits," use a bottle or two of Dr. Townsend's Sarsaparilla. It will cleanse your blood, remove the freckles and blotches, and give you animation, sparkling eyes, fine spirits, and beautiful complexions - all of which are of immense value to unmarried ladies.

GREAT FEMALE MEDICINE. Dr. Townsend: My wife being greatly distressed by weakness and general debility, and suffering continually by pain and a sensation of bearing down, falling in the most distressing manner, and having known cases where your medicine has effected great cures, and also hearing it recommended for such cases as I have described, I obtained a bottle of your extract of Sarsaparilla, and followed the directions you gave me. In a short period it removed her complaints, and restored her health. Being grateful for the benefits she received, I take pleasure in thus acknowledging it, and commend it to the public.

TO MOTHERS AND MARRIED LADIES. This extract of Sarsaparilla has been expressly prepared in reference to female complaints. No female who has reason to suppose she is approaching that critical period, "the turn of life," should neglect to take it, as it is a certain preventive for any of the numerous and horrible diseases to which females are subject at this time of life. This period may be delayed several years by using this medicine.

SCROFULA CURED. This certificate conclusively proves that this Sarsaparilla has perfect control over the most obstinate diseases of the blood. Three children cured in one house is unprecedented. Dr. Townsend, Dear Sir: I have the pleasure to inform you that three of my children have been cured of the Scrofula by the use of your excellent medicine. They were afflicted very severely with bad sores; have taken only two bottles; it took them away, for which I feel myself under deep obligation. Yours respectfully, ISAAC W. CRAIN. New York, March 1, 1847.

OPINIONS OF PHYSICIANS. Dr. Townsend is almost daily receiving orders from physicians in different parts of the Union. This is to certify that we, the undersigned, physicians of the city of Albany, have in numerous cases prescribed Dr. Townsend's Sarsaparilla, and believe it to be one of the most valuable preparations in the market.

UNION STATES OFFICER. Capt. G. W. McLean, one of the United States Marine Corps, and member of the New Jersey Legislature, has kindly sent us the following certificate. It tells its own story: A year since, I was taken with the influenza, and my whole system left in a debilitated state. I was induced to try Dr. Townsend's Sarsaparilla, and after taking two or three bottles, I was very much relieved, and attribute it entirely to the use of Sarsaparilla. I have continued taking it, and find that I improve every day. I believe it saved my life, and would not be without it under any consideration. G. W. McLEAN.

DYSPEPSIA. No fluid or medicine has ever been discovered which so nearly resembles the gastric juice or saliva, decomposing food and strengthening the organs of digestion, as this preparation of Sarsaparilla. It positively cures every case of dyspepsia, however severe or chronic. If by any doubt this assertion, we invite them to read the following indisputable testimony of a gentleman of the highest respectability. If this is not entirely satisfactory, we would be happy to give other reference to some of the first families in the city, who have used it with perfect success in this and other distressing diseases.

Bank Department, Albany, May 10, 1848. Dr. Townsend, Sir: I have been afflicted for several years with dyspepsia in its worst form, attended with sourness of the stomach, loss of appetite, extreme heartburn, and a great aversion to all kinds of food, and for weeks (what I could eat) I have been unable to retain but a small portion on my stomach. I tried the usual remedies, but they had but little or no effect in removing the complaint. I was induced, about two months since, to try your extract of Sarsaparilla, and I must say with little confidence, but after using nearly two bottles, I found my appetite restored, and the heartburn entirely removed, and I would earnestly recommend the use of it to those who have been afflicted as I have been. Yours truly, ISAAC W. VAN ZANDT.
