

The subscriber has just received his supply of GARDEN SEED,

of the growth of 1848. Price 5 cts per paper. Jan. 20. S. J. HINSDALE.

NOTICE.

I OFFER for sale the following Property on Lower Little River in this county :-

One Saw in the Munroe Mills, 12 miles from town and 11 from Murchison's Factory. The mill has been recently rebuilt, and is now in complete repair. The stream affords a plentiful supply of water and easy navigation to Wilmington, and offers advantages for buying timber and sawing on shares, unequalled by any in this part of the country.

A small Farm adjoining the Mill, most of which is rich swamp land just cleared and ready for cultivation, and on which are a comfortable

Dwelling house and improvements. I have also an abundance of fine Timber on the stream, above the Mill, which I am willing to sell.

J. C. HOOPER. 525-tf

Fayetteville, March 24, 1549.

HOTCHKISS' Vertical Water Wheel.

There are several hundred of these wheels in in operation in different counties in North Ca-

rolina. For proof of their great advantage over the common flutter wheel, or any other wheels now in use for saw mills, we confidently refer to those who have applied them to their mills. We can recommend them particularly for their superiority in cases of a low head of water, or back water.

We still keep a supply of Wheels, suitable for different heads of water, at Wilmington, Newbern, Washington, Edenton, and Fayetteville. The wheels may also be had of E. A. Brevard. Lincolaton, and Uriah Wells, Petersburg, Va. Persons wishing to obtain the right to use the wheels, will be served on application to D. Mc-Neill & Co., Fayetteville, N. C.

Extract of a letter from Edward Bingham Esq., Druggist of Detroit.

Detroit, March 23d, 1841.

Dr. Charles Osgood, Dear Sir-I have the past Watch Tools & Materials year sold hundreds of bottles of the INDIA of all kinds got up with CHOLAGOGUE prepared by you, and have found it to give universal satisfaction in the cure of Fcver and Ague, Chill, Fever, Dumb Ague, &c. &c. I may say, I think, without hesitation, that I have Or Watches and Jewelry of all kinds carefully never known it to fail in cases which have come under my own observation, where it has been faithfully used according to directions. I am yours very truly,

Urange,

DR. SHERWOOD'S

Vibrating Magnetic Machines. By recent improvements in these Machines their power is doubled in cases of the same size, and the prices reduced to \$12 and \$14 each: the \$12 sizes being greatly superior to the \$12 sizes of other machines. They now run with more power and smoothness, and are better adapted for magnetizing patients than any other in use. Each case is accompanied with a Manuel (11th language, according to order, which contains clear and minute directions for the proper use of the instrument in the various diseases to which it is applicable, which are found to include many of the most peculiar and obstinate that are known to the medical profession. The Manuel also contains a synopsis of the different systems of medi-

cal practice, Allopathic, Homospathic, and Magnopathic, with a full glossary. Physicians and others are cautioned against purchasing the imitations of these machines, as

they will be found of comparatively little value. No premium has ever been obtained over these magnetic machines at the American or any other Institute, as is represented by the nanufacturers

of interior machines. (27-As I have become the Agent for the sale of the above Machines from a conviction of their usefulness in disease, and not from any desire to speculate on them; and

am responsible to the owner for them. they can only be obtained by the payment of the cosh on the delivery of the Machine. I have deposited them with Mr Bayne at the Carolinian Office, who will show them. or deliver them on the payment of the cash price, and on no other terms. CHARLES MONTAGUE. April 7, 1849. 6m.

DR. H. H. SHERWOOD'S Compound Chloride of Gold,

FOR SCROFULOUS DISEASES.

These remarkable medical remedies of the late eminent and well known Dr. Sherwood of New York, consisting of a preparation of magnetized CHLORIDE OF GOLD, compounded with various other materials with great care and by a laborious process, and of a BITUMINOUS PLAS-TER, have been tested by an extensive practice of twenty-five years' continuance, and may now justly be considered as more successful than any other known remedy in the treatment of CON-SUMPTION in all its early stages, and of all

Tuberculous or Scrofulous Diseases. For this class of complaints they are now extensively adopted by physicians in their own practice in various parts of the country. They are prepared by us under the direction of the Executrix of the estate of the late Dr. Sherwood, to whom, by after that date his will, his medical recipes are intrusted in the same manner in all respects as heretofore, and are always accompanied by Dr. Sherwood's valuable medical treatise upon the treatment of Chronic Diseases, a work which was the result of many years of labor and research, and which shows in the clearest manner the principles upon which the operation of his remedies is founded and their mode of cure. This work will enable any person to detect the nature and extent of scrofulous or tuberculous disease in himself or others, by pressure on the ganglions of the spinal nerves, on the spaces between the vertebræ along

ach side of the spine. H. H. SHERWOOD'S Successors. No. 102 Chamber st., New York.
