**HOTCHKISS' Vertical Water Wheel.**  
There are several hundred of these wheels in operation in different counties in North Carolina. For proof of their great advantage over the common flatter wheel, or any other wheels now in use for saw mills, we confidently refer to those who have applied them to their mills. We can recommend them particularly for their superiority in cases of a low head of water, or back water.  
We still keep a supply of wheels, suitable for different heads of water, at Wilmington, Newbern, Washington, Edenton, and Fayetteville. The wheels may also be had of E. A. Brevard, Lincolnton, and Uriah Wells, Petersburg, Va. Persons wishing to obtain the right to use the wheels, will be served on application to D. McNeill & Co., Fayetteville, N. C.

**FEVER & AGUE**  
Chill Fever, Dumb Ague, Intermittent & Remittent Fevers, & all the various forms of Bilious Diseases  
SPECIALLY CURED  
By Dr. Osgood's India Cholagogue

Extract of a letter from Edward Bingham, Esq., Druggist of Detroit.  
Detroit, March 23d, 1841.  
Dr. Charles Osgood, Dear Sir—I have the past year used hundreds of bottles of the INDIA CHOLAGOUE prepared by you, and have found it to give universal satisfaction in the cure of Fever and Ague, Chill, Fever, Dumb Ague, &c. &c. I may say, I think, without hesitation, that I have never known it to fail in cases which have come under my own observation, where it has been faithfully used according to directions.  
I am yours very truly,  
E. BINGHAM.

Extract of a letter from Messrs Scattergood, Haverstick & Co., of Philadelphia.  
Philadelphia, 2d mo. 24th, 1842.  
Dr. C. Osgood, respected friend: We have had occasion to see the good effects of thy medicine in the case of a young man who had been troubled with chills a long time and could not get clear of them, but since he commenced taking a bottle of thy preparation, has entirely recovered and is now becoming quite stout.  
Respectfully thy friends,

**DR. SHERWOOD'S Vibrating Magnetic Machines.**  
By recent improvements in these Machines, their power is doubled in cases of the same size, and the prices reduced to \$12 and \$14 each; the \$12 sizes being greatly superior to the \$12 sizes of other machines. They now run with more power and smoothness, and are better adapted for magnetizing patients than any other in use. Each case is accompanied with a Manuel (11th edition, p. 400, 32 mo.) in the English or French language, according to order, which contains clear and minute directions for the proper use of the instrument in the various diseases to which it is applicable, which are found to include many of the most peculiar and obstinate that are known to the medical profession. The Manuel also contains a synopsis of the different systems of medical practice, Allopathic, Homoeopathic, and Magnetopathic, with a full glossary.  
Physicians and others are cautioned against purchasing the imitations of these machines, as they will be found of comparatively little value. No premium has ever been obtained for these magnetic machines at the American or any other Institute, as is represented by the manufacturers of inferior machines.  
As I have become the Agent for the sale of the above Machines from a conviction of their usefulness in disease, and not from any desire to speculate on them, and am responsible to the owner for them, they can only be obtained by the payment of the cash on the delivery of the Machine. I have deposited them with Mr. Bayne at the Carolina Office, who will show them or deliver them on the payment of the cash price, and on no other terms.

**Dr. H. H. SHERWOOD'S Compound Chloride of Gold,**  
FOR SCROFULOUS DISEASES.  
These remarkable medical remedies of the late eminent and well known Dr. Sherwood of New York, consisting of a preparation of magnetized CHLORIDE OF GOLD, compounded with various other materials with great care and by a laborious process, and of a BITUMINOUS PLASTER, have been tested by an extensive practice of twenty-five years' continuance, and may now justly be considered as more successful than any other known remedy in the treatment of CONSUMPTION in all its early stages, and of all Tuberculous or Scrofulous Diseases. For this class of complaints they are now extensively adopted by physicians in their own practice in various parts of the country. They are prepared by us under the direction of the Executrix of the estate of the late Dr. Sherwood, to whom, by his will, his medical recipes are intrusted in the same manner in all respects as heretofore, and are always accompanied by Dr. Sherwood's valuable medical treatise upon the treatment of Chronic Diseases, a work which was the result of many years of labor and research, and which shows in the clearest manner the principles upon which the operation of his remedies is founded and their mode of cure. This work will enable any person to detect the nature and extent of scrofulous or tuberculous affections, and, by pressure on the ganglions of the spinal nerves, on the spaces between the vertebrae along each side of the spine.

**NORTH CAROLINIAN.**  
Wm. H. Bayne, Editor and Proprietor.  
FAYETTEVILLE, N. C.  
JULY 14, 1849.

**A RECOMMENDATION.**—At a season when the providence of God has manifested itself in the visitation of a fearful pestilence which is spreading its ravages throughout the land, it is fitting that a people whose reliance has ever been in His protection should humble themselves before His throne, and, while acknowledging past transgressions, ask a continuance of the Divine Mercy.  
It is therefore earnestly recommended that the first Friday in August be observed throughout the United States as a day of fasting, humiliation, and prayer. All business will be suspended in the various branches of the public service on that day; and it is recommended to persons of all religious denominations to abstain as far as practicable from secular occupations, and to assemble in their respective places of public worship, to acknowledge the Infinite Goodness which has watched over our existence as a nation, and so long crowned us with manifold blessings, and to implore the Almighty in His own good time to stay the destroying hand which is now lifted up against us.  
Z. TAYLOR.  
Washington, July 3, 1849.

**ENGINEER WANTED.**—The Raleigh Register states that, after the most diligent enquiry, the Governor has been unable to obtain the services of an Engineer in the construction of the proposed Western Turnpike from Salisbury to the Georgia line. The vast number of Railroads in course of construction throughout the country, is assigned as the occasion of this deficiency.

**Later From Europe.**  
ARRIVAL OF THE CANADA.  
BOSTON, July 5.  
The steamer Canada arrived at Halifax on Monday evening, and reached Boston this morning; but in consequence of the telegraph from St. John to Boston being interrupted, your telegraphic despatch of the news, by express from Halifax, could not be received.  
The Canada brings 94 passengers.

**LIVERPOOL MARKET, June 23.**—The cotton market during the week has been steady, firm, and increasingly confident. Fair Upland has been selling at 4 1/2d; Mobile 4 3/4; Orleans 5d. Good ordinary to middling of each of these descriptions being 1-16 to 1/4d. higher.  
**MONEY MARKET.**—The money market continues easy. There has been an arrival at Liverpool from California, with sixty thousand pounds sterling in gold.  
**BREADSTUFFS.**—In the corn market there has been more doing, with a slight improvement in prices. Indian corn is quoted at 55s. a 56s. per qr. for white and yellow.  
**FLOUR.**—Western canal and Baltimore flour 23s. 6d. a 24s.; inferior 21s. 6d. a 22s.; Philadelphia 25s. 6d.; Ohio 25s. per bush. Wheat is quoted at 6s. a 7s. per 70 lbs.  
**ROME.**  
Up to the evening of the 21st ultimo, no news had been received in Paris of the entry of the French into Rome. General Oudinot would not make a general attack before the 16th or 17th, when the news of the failure of the conspiracy of the 15th in France would reach that place, and probably induce the Triumvirs to capitulate.  
The London Globe, of the 22d, says that it is generally believed that the telegraph will announce to-morrow the capitulation of Rome.  
The Gazette, of Lyons, of the 20th, states that a telegraphic despatch from Marseilles, received as they were going to press, announces the entry of the French into Rome.

**FRANCE.**  
The attempted insurrection in Paris has been followed by a more formidable resistance to the laws.  
At Lyons a serious engagement took place in the streets between the troops and the mob, in the course of which a considerable number of lives were lost on both sides.  
Barricades were thrown up, which were not taken until battered down by cannon. The fighting commenced on the morning of the 15th, and continued until a late hour at night. Telegraphic despatches, however, dated at Lyons on the afternoon of the 16th, announce that the insurgents had been completely routed, the streets cleared, and the city restored to tranquillity. There are upwards of fifty thousand troops in and around Lyons. There was no apprehension of any further disturbance. Great excitement existed in different places, and it was evident that the conspiracy of the red republicans of Paris extended to every town in France.  
An attempt was made to get up a disturbance at Marseilles, but it totally failed. One regiment of cavalry put all right without striking a blow.  
Rumors were current in Paris that the ministerial managers were about to take places in the cabinet, and that Dufaure and friends were about to retire.  
It was reported that the Abbe Palloot, private secretary to the Cardinal Antolli, had arrived at Paris from Gaeta, and that he is bearer of important despatches for the French government, and an autograph letter from the Pope to Louis Napoleon, expressing his regret at the bombardment of Rome.

**MISCELLANEOUS.**  
In the German States bordering on the Rhine, where a general insurrection is going on, the Prussians have now advanced, and a struggle has taken place at Manichere; but the result is not known.  
In England nothing of interest has taken place. There has been but little change in the state of business affairs during the past week. The produce market is moderately supplied, but there is no extensive demand. Holders are firm and asking full rates.

**HUNGARY AND AUSTRIA.**  
The news from Hungary and Austria is contradictory. Some accounts give the advantage to the Austrians. In the south two actions had taken place, both terminating in advantage to the imperialists.  
The Hungarian General Perezel, from Fortress Warden, attacked some Austrian entrenchment, but was ultimately repulsed, though the Austrians admit their own troops suffered severely. The other battle was fought by Baron Jellachich, and is asserted to have been a brilliant victory. The Austrian accounts are not trustworthy, at least as regards their own losses.  
The London Globe of the 22d has intelligence to the 16th of June, giving accounts of a tremendous encounter with the Hungarians. The Austrians and the Russians are said to have been completely defeated, and led 23,000 killed on the field. The battle took place on a large plain between Raap and Reiselburg, and lasted 64 hours.  
The Magyars lost, it is stated, about 8,000 men. The Austrians were commanded by Hayman, the Russians by Rudiger, and the Hungarians by Georgey. Although the news of this battle was received by private letters, no public journals alluded to it.  
The Lloyd, of Vienna, contains not the slightest allusion to the battle.  
Another affair is mentioned as having taken place at Czarna. A brigade was sent by Schleck from Edeburg under General Wyss, who was taken prisoner, and Col. Baron Lessner killed.  
General Schleck sent his brigade to cover his right flank. Whilst marching to Rhaab, on the 13th ult., he was beaten. Some reports represent the whole brigade to have been destroyed—others that 4,000 had deserted Schleck and gone to the Magyars. For three days cartloads of women continued to pour into Presburg and the places round about.  
A fresh recruit throughout all Austria is intended.  
Letters from Edeburg state that a certain count imperialist, chamberlain, and others, in whose possession numbers of passports of the rebel party were found, have been arrested.  
A letter of the 15th ult. from Cracow in the Breslau Gazette mentions the affair between the vanguard of the Magyars and Russians within the Gallatian frontiers.  
Another letter, dated Cracow, 13th, reports an engagement at Eng Pass, between the Russian advance guard and the Hungarians, when the former, numbering 60,000, were beaten off.  
At Gordanow the Russian Colonel, Maglen, was killed. Two hundred Cossacks were cut off and taken prisoners.  
The only mention or allusion which can be gleaned from the Vienna papers regarding the great battle fought between the 13th and 15th, near Rhaab, is the surmise that the defeat of the brigade of Gen. Wyss gave rise to fabulous rumors. On the other hand, the other authorities maintain that the route of Gen. Wyss is only an episode of the other battle.

**LATEST FROM FRANCE.**  
Up to the latest moment all was tranquil. Ledru Rollin had not as yet been arrested. The cholera has rapidly declined in Paris.  
The news from Italy is to the 15th ultimo, up to which time the Romans had maintained their position.  
The French used cajolery and threats, but the Romans, steadily resisted all advances, and in a most dignified manner refused yielding the summons of surrender issued by Oudinot on the 11th. A breach was effected by the French in the walls, and a position taken. Their troops then entered the city. This report led to the belief that the struggle was over; but it appears that, on the 12th, Oudinot issued a letter to the triumvirs, making a last appeal to them, endeavoring to throw upon them the responsibility of the lives lost and blood spilled in the event of a refusal.
