HOTCHKISS' Vertical Water Wheel.

There are several hundred of these wheels in in operation in different counties in North Cafolina. For proof of their great advantage over the common flutter wheel, or any other wheels now in use for saw mills, we confidently refer to those who have applied them to their mills. We can recommend them particularly for their superiority in cases of a low head of water, or back

We still keep a supply of Wheels, suitable for different heads of water, at Wilmington, Newbern, Washington, Edenton, and Fayetteville. The wheels may also be had of E. A. Brevard, Lincolnton, and Uriah Wells, Petersburg, Va. Persons wishing to obtain the right to use the wheels, will be served on application to D. Mc-Neill & Co., Fayetteville, N. C.
