The replies of .Issunwha and Billy Bowlegs to talk about emigration don't indicate the willingness of a variety of Baskets, for sale by the Indians to go West, which was inferred from other advices received from Tampa Bay, which were relied upon as almost official. The Commanding General and party reached Charlotte Harbor on the 17th S. S. GILCHRIST, Dental Surgeon, in number) had been there nine days with three of the murderers and the hand of the festion, and would be pleased to wait on all who may favor fourth, who was killed in the attempt to capture him. Every chief and sub-chief of note in the nation was there. They looked haggard and depressed, and spoke of their having much trouble and many trials in capturing the young men who committed United states commander-in-chief addressed the council, Assumula, the chief spea ker of the nation replied as follows to that part which related to their removal from

if you had shot me. I would rather be shot. I am old, and I will not leave my country. Gen. We have killed one of viriety of articles belonging to the Hardware our people, and have brought three others to be killed by you, and we will bring the fifth. There has been much trouble and grief; but we have done justice, and we came here confident that you would be satisfied. Now, when you ask us to remove, I feel as though you had killed me too. 1 will not go, nor will our people. I want no time to think or talk about it, for my mind is made up. As for the delegation, falluding to a delegation proposed to be composed of members of the tribe heretofore emigrated to Arkansas, and brought lasses to Florida to induce their friends to follow them I did not invite them to come and see me. Some Seminoles went to Arkansas many years ago; we were then sorry to lose them; but we have got over that sorrow long since, and now they are noth- the Bank of Cape Fear ing to us, and we do not desire to see them. I did not expect this talk, and had I done so I would not have helped to deliver these men to you.'

Billy Bowlegs, who is a fine-looking fellow of forty, followed with great earnestness and dignity of manner. After talking somewhat to the same effect as Assunwha, though with more wildness of phrase, but not of manner, he added:

"We have now made more stringent laws than we have ever had before, and I have brought here many young men and boys to see the terrible consequences of breaking our peace laws. I have brought them here that they might see their comrades delivered up to be killed This business has caused many tears, but we have done justice.

I will make up my pack and shoulder it, and my people will do the same.

We will all walk down to the sea-shore, and we will ask but one question: "Where is the boat to carry us to Arkansas?"

A day was appointed for another council, but they did not promise to attend. There was an informal promise that some runner would come to see the whites, but they often observed that they were stanned was asked, after the council, if the dele- lars, Handkerchiefs, &c. &c. gation from Arkansas should be sent out to him as soon as they arrived, he became agitated and held his breath for a moment. It is one ed in Lower Fayetteville, consisting of three Dwelling Houses, with all necessary out-houses; one Store House, now occupied by T. J. Johnson & Co., and which is a good known; it not only purifies the whole system of the very best fall and winter medicines ever and strengthens the person, but it creates new, pure, and rich blood; a power possessed by no

We have letters from physicians and our agents from all parts of the United States, informing us of extraordinary cures. R. Van Buskirk, Esq, one of the most respectable Druggists in Newark, N. J., informs us that he can refer to more than Hats, Bonnets, Boots and Shoes; Coffee, 150 cases in that place alone. There are thousands of cases in the city of New York, which we will refer to with pleasure and to men of character. It is the best medicine for the preventive of diseases known.

RHEUMATISM. This Sarsaparilla is used with the most perfect success in rheumatic complaints, however to call and see severe or chronic. The astonishing cures it has performed are indeed wonderful. Other remedies sometimes give temporary relief, this entirely eradicates it from the system, even when the limbs and bones are dreadfully swollen. Hear Mr Seth Terry, one of the oldest and most respectable lawyers in Hartford, Conn.

Dr. Townsend: I have used one bottle of your arsaparilla, and find it is excellent in its effects upon a chronic rheumatic pain, to which I am Cutlery, Ivery and Horn Combs. subject, from an injury occasioned several years ago, in a public stage. GIRLS, READ THIS.

You who have pale complexions, dull eyes, blotches on the face, rough skin, and are "out of spirits," use a bottle or two of Dr. Townsead's Sarsaparilla. It will cleanse your blood, remove the freckles and blotches, and give you animation, sparkling eyes, fine spirits, and beautiful complexions—all of which are of immense value to NOW unmarried ladies.

GREAT FEMALE MEDICINE. Dr. Towasend: My wife being greatly distressep by weakness and general debility, and suffering continually by pain and a sensation of bearing down, falling of the womb, and with other difficolties, and having known cases where your melicine has effected great cures, and also hearing it recommended for such cases as I have described. I obtained a bottle of your extract of Sarsaparilla, and followed the directions you gave me. In a short period it removed her complaints, and restored her health. Being grateful for the benefits she received. I take pleasure in thus acknow-

TO MOTHERS AND MARRIED LADIES. This extract of Sarsaparilla has been expressy prepared in reference to fem le complaints. No fem de who has reason to suppose she is approaching that critical period, "the turn of life," should neglect to take it, as it is a certain precentive for any of the numerous and horrible disases to which females are subject at this time by using this medicine. Nor is it less valuable for those approaching wom inhood, is it is calculated to assist nature, by quickening the blood and invigorating the system. Indeed, this medicine is invaluable for all the diseases to which women are subject.

It braces the whole system, renews permanenty the natural energies-by removing the impurities of the body-het so far stimulating the system as to produce sabse steat relaxation, which is the case of most medicines taken for female weakness and disease

SCROPULA CURED.

This certificate conclusively proves that this Sarsaparilla has perfect control over the most obstinate diseases of the blood. Three children cured in one house is unprecedented.

Dr. Townsend, Dear Sir: I have the pleasure to inform you that three of my children have been cured of the Scrofula by the use of your excellent medicine. They were afflicted very severely with bad sores; have taken only four bottles; it took them away, for which I feel myself under deep obligation. Yours respectfully, ISAAC W. CRAIN.
