From the Raleigh Standard. THE ORGAN ASHAMED OF ITS FRIENDS.

Not a single Speech of the orators in the late Whig Convention is published by the Register as it was delivered in that body. Every one had some fault that the critique organ did not like; and each has been altered, we presume, to suit its exquisite taste.

First, the Governor, in culogizing the "Central Clique"-he seems determined to stand by that -said.

" If such men as the Whigs of the Centre had been found in Sodom at the time of its visitation, verily that old Locofoco Town would not have been destroyed."

This produced immense applause from has seen ht to strike out " Locofoco and insert "wicked." The Speech had been written out before it was delivered, and this part deliberately inserted. Will the Governor allow the Register to tamper with his literary productions after this sort?

When I saw the sun rise this morning, (for I did see it rise,) I had no more thought of deliberating over this body than I had of any thing else in the world.

And again : In speaking of the Slavery question, the President alluded to an oasis in the desert rising South of the Potomac." All this is sticken from his Speech, as published in the Register, and a new Speech made. In his valedictory, the President, as we are informed, said:

" You have been pleased to notice me in terms of kindness, and also my brother, John M. Morehead, who bore the Whig banner from the sands on the seashore to the 'coudclapped' summits of the mountains in the West."

Not one syllable is mentioned of this burst of eloquence; the people are kept Oration. "Revolutions and Reforms in utter ignorance that any such flight ever took place. Of Mr Kerr's Speech the organ attempts no exhibition, and perhaps it was as well both for Mr Kerr and the public. We have heard that some prominent Whigs looked upon it as a violent speech, offensive both to Whigs and Democrats. Of Mr Miller's we repeat, it is not published as it was delivered, and no one who heard the delivered speech, and reads the printed one, will say that they are one and Mr Rhode's apology for the Wilmot Pro-
