IMPORTANT FROM CUBA. Intelligence by the Cherokee - Particulars of the Massacre of American Patriots.

The New York papers have lengthy accounts from Havana concerning the Lopez expedition and the execution of the prisoners. It appears that Lopez landed on the 12th with about 1,000 men, and was instantly joined by the people of the surrounding country. Two accounts are given of his subsequent movements and the capture of the forty Americans. The government account states that Lopez on landing, sent a letter to the inhabitants of Posas, threatening them with extermination unless they aided him. Subsequently a fight occurred between the Spaniards and the patriots. in which the former suffered severe loss.
