

SHARP PRACTICE.

The New Orleans Delta gives an account of a merchant in that city, who some months since entered into a written contract with another firm to deliver them 6000 barrels of pork at \$14.50 per barrel. After the contract was made, pork rose to \$17. On the day that the contract was to be performed, he appeared, however, before a member of the firm of the other party, and made a tender of the pork, demanding the price immediately, to wit—the pretty sum of \$87,000 in cash. It was then past the bank hour, and the firm requested the contractor to wait until they could step out and draw the money. He agreed, and the members of the firm set actively to work to raise the funds. It was not long before they had raised more than enough, and had tendered the contractor a certificate of deposit of \$87,000 in one of our banks. This would not satisfy the contractor, who now demanded the money—the specie. Again the members of the firm had to rush around to the bank to hunt up the officers.—After some trouble and tax of time, they succeeded in getting the specie out of the bank, and, putting the boxes on a dray, trotted around to the contractor. It was then near 7 o'clock, and they met the party coming out of his office, after having closed up. "Here is your money for the 6000 barrels of pork, in specie," exultingly explained the fortunate purchasers of the pork. The reply was a model of diplomatic coolness—"Sorry, gentlemen, but it is too late! It is past business hours—the day is over—the contract void. Good evening." And, with an air worthy of Metternich, the enterprising gentleman went home, rejecting over an operation which has rather startled the moral sense of the New Orleans commercial public.

JERUSALEM A ROTHSCHILD.

The following piece of intelligence it appears was perpetrated on the first of April. It is a very pretty bit of romance, and one which many will wish were founded in fact. JERUSALEM AND M. DE ROTHSCHILD.—One of our correspondents at Constantinople, under the date of April 1st. (the first of April!) announces the following original solution by the Divan of the vexatious questions of the Holy places. The four Patriarchs of Syria are to be given up to M. de Rothschild in exchange for a sum of 500,000,000 francs, (about 125,000,000 dollars) to be paid into the treasury of the Sultan. For a sum of fifty millions France will desist from her pretensions, founded, as she says on ancient treaties; and half that sum is to be paid to Russia and England, in lieu of their claims. It is not known as yet what title M. de Rothschild will assume, whether that of King, Emir, bashaw or bey, but it is certain that he intends to rebuild Jerusalem and Antioch, and restore the temple of Solomon and Jerusalem, according to the descriptions of the Old Testament. In the new Jerusalem there is to be an exchange, theatre, and chapels for every kind of worship. Besides this the new monarch intends to establish a line of steamboats from Marseilles to Beyrout, and to connect Aleppo, Dama-cus, Tripoli and St. John d' Acre with his capital by a net of railways, &c. But I ought perhaps to apologize for any notice of such a romance.

LIFE IN NEW YORK.—We understand that the demand for revolvers, bow-knives, and other deadly weapons, has been steadily and rapidly on the increase for a few weeks past until it has excited attention and remark from nearly all who observe the extensive business going on at shops where such things are sold. Since the close of the Mexican war there has been no such demand for weapons in this city. The cause of this rush to the pistol marts is found in the notorious and disgraceful fact that there is no security for life and property in this city, except so far as one may be able to defend himself. In the in-ane, demonic spirits of Rowdism and Rum rule the city. The gangs of wretches who acknowledge no ruler but brute force, and no law but knives and gunpowder are completely masters in some parts of the town, and the magistracy and executive authority down to the most insignificant station house door keeper, stand in fear and trembling before these ruffians, submit to their demands for money, liberate them from prison, hush up complaints against them, and act in just such a manner as the villains dictate.

A TIGER STORY.—The following remarkable escape has been mentioned in private letters by the last mail from India. Two young officers, Lieut. Hugh Elliot, of the Bombay cavalry, son of Capt Charles Elliot, Governor of Bermuda, and Lieut. Elliot, of the 25th, were out shooting, when they fell in with a tigress and two cubs. One cub was immediately killed, and the tigress wounded. They tracked her for half an hour into the jungle, when she suddenly sprang out, knocked over Mr Elliot before he had time to cock his gun, and seizing him by the left arm, dragged him away. Mr Rice had already discharged one gun when they attacked the tigress. He quickly got his second gun, but from the extreme difficulty of firing without killing his friend, could only aim at the body of the tigress, and though he wounded her again, did not wound her mortally. With admirable resolution he then seized a third gun, and, watching his opportunity till he could see Elliot's head apart from that of the tigress, shot her dead through the head, with his friend in her mouth. The officers were thirty miles from camp, and did not reach it for twenty hours. It is impossible to give too much credit to the skill and coolness of Lieut. Rice.—Mr Elliot's arm is badly wounded by the bite, as well as by the stones and rocks over which he was dragged, but no fear is entertained for his life or limb.

Another Scientific Wonder. GREAT CURE FOR DYSPEPSIA, PEPSEN, THE TRUE DIGESTIVE FLUID, OR GASTRIC JUICE.

Prepared from RENNET, or the fourth STOMACH OF THE OX, after directions of BARON LIEBIG, the great Physiological Chemist, by J. S. HOUGHTON, M. D. Philadelphia, Pa. This is a wonderful remedy for Indigestion, Dyspepsia, Jaundice, Liver Complaint, Constipation, and Debility, Curing after Nature's own method, by Nature's own Agent, the Gastric Juice. Half a Spoonful of Pepsin, infused in Water, will digest or dissolve, Five Pounds of Roast Beef in about two hours, out of the stomach. Pepsin is the chief element, or Great Digesting principle of the Gastric Juice—the Solvent of the Food, the Purifying, Preserving, and Stimulating Agent of the Stomach and Intestines. It is extracted from the Digestive Stomach of the Ox, thus forming an Artificial Digestive Fluid, precisely like the natural Gastric Juice in its Chemical powers, and furnishing a Complete and Perfect Substitute for it. By the aid of this preparation, the pains and evils of Indigestion and Dyspepsia are removed, just as they would be by a healthy Stomach. It is doing wonders for Dyspepsia, curing cases of Debility, Emaciation, Nervous Decline, and Dyspeptic Consumption, supposed to be on the verge of the grave. The Scientific Evidence upon which it is based, is in the highest degree Curious and Remarkable. SCIENTIFIC EVIDENCE! Baron Liebig in his celebrated work on Animal Chemistry, says: "An Artificial Digestive Fluid, analogous to the Gastric Juice, may be readily prepared from the mucous membrane of the Calf, in which various articles of food, as meat and eggs, will be softened changed, and digested, just in the same manner as they would be in the human stomach." Call on the Agent, and get a Descriptive Circular, gratis, giving a large amount of Scientific Evidence, similar to the above, together with Reports of Remarkable Cures, from all parts of the United States. AS A DYSPEPSIA CURER, Dr. Houghton's Pepsin has produced the most marvellous effects, in curing cases of Debility, Emaciation, Nervous Decline, and Dyspeptic Consumption. It is impossible to give the details of cases in the limit of this advertisement; but authenticated certificates have been given of more than Two Hundred Remarkable Cures. These were nearly all desperate cases, and the cures were not only rapid and wonderful, but permanent. It is a great Nervous Antidote, and particularly useful for tendency to Billious disorder, Liver Complaint, Fever and Ague, or badly treated Fever and Ague, and the evil effects of Quinine, Mercury, and other drugs upon the Digestive Organs, after a long sickness. Also, for excess in eating, and the too free use of ardent spirits. It almost reconciles Health with Intemperance. OLD STOMACH COMPLAINTS. There is no form of Old Stomach Complaint which it does not seem to reach and remove as once. No matter how bad they may be, it gives Instant Relief! A single dose removes all the unpleasant symptoms, and if only needs to be repeated for a short time to make these good effects permanent. Purity of Blood and Vigor of Body follow at once. It is particularly excellent in cases of Nausea, Vomiting, Cramps, Soreness of the pit of the Stomach, distress, after eating low, cold state of the Blood, Heaviness, Lowness of Spirits, Despondency, Emaciation, Weakness, tendency to Insanity, Suicide, &c. Dr. Houghton's Pepsin, is prepared in Powder and in Fluid form, and in Prescription vials for the use of Physicians. Private Circulars for the use of Physicians, describing the whole process of preparation, and giving the authorities upon which the claims of this new remedy are based. As it is not a Secret Remedy, no objection can be raised against its use by Physicians in respectable standing and regular practice. Price, One Dollar per bottle. AGENTS—S. J. Hinsdale, Fayetteville, wholesale and retail agent. Williams, Haywood & Co. Raleigh.
