HOLLOWAY'S OINTMENT. A most Miraculous cure of Bad Legs, after 43

Year's Suffering.

Extract of Letter from Mr Wm. Galpin. of 70 St. Mary's Street. Weymouth, dated May 15th, 1851. To Professor Holloway: Sir—At the age of 18, my wife (who is now 61) caught a

violent cold, which settled in her legs, and ever since that time they have been more or less sore, and greatly inflam-ed. Her agonies were distracting, and for months together she was deprived entirely of restand sleep. Every remedy that medical men advised, was tried, but without efedy that medical men advised, was tried, but without effect—her health suffered severely, and the state of her legs was terrible. I had often read your advertisments, and advised her to try your Fills and Ointment: and, as a last resource, after every other remedy had proved useless, she consented to do so. She commenced six weeks ago, and, strange to relate, she is now in good health. Her legs are strange to relate, she is now in good health. Her legs are painless, without seam or scar, and her sleep sound and undisturbed. Could you have witnessed the sufferings of my wife during the last forty-three years, and contrast them with her present enjoyment of health, you would indeed feel delighted in having been the means of so greatly deed feel delighted in having been considered alleviating the sufferings of a fellow-creature.

I had resource to a variety of medical advice, without deriving any benefit, and was even told that the leg must be amputated, yet, in opposition to that opinion, your Pills and Ointment have effected a complete cure in so short a time, that few who had not witnessed it would not credit the fact

England, Chemist. 13 Market street, Huddersfield. A Dreadful Bad Breast Cured in One Month Extract of a Letter from Mr. Frederick Turner, of Pen-shurst. dated December 13th, 1850.

To Professor Holloway: Dear Sir: My wife had suffered from bad breasts more than Dear Sir: My wife had suffered from bad breasts more than six months, and during the whole period had the best medical attendance, but all to no use. Having before healed an awful wound in my own legs by your unrivalled medicine. I determined again to use your Pills and Ointment, and therefore gave them a trial in her case: and fortunate it was I did so, for in less than a month a perfect cure waseffected, and the benefit that various other branches of my family have derived from their use, is really astonishing. I now strongly recommend them to all my friends.

The Pills should be taken conjointly with the Ointment in most of the following cases:
